Approve the Submission of a Credential Waiver Application to the California Commission on Teacher Credentialing
August 11, 2022

I. Overview/History of Department or Program

Since July 1, 1994, the California Commission on Teacher Credentialing (Commission) has had the sole authority to review requests by employing school districts to temporarily waive specific credential requirements for individuals. Waivers are requested by employing agencies when they have exhausted their attempts to find a credentialed individual or an individual who is eligible for an emergency permit. When adopting regulations and developing procedures for exercising its authority, the Commission established as the fundamental goal of the waiver process the transitioning of individuals from waivers to emergency permits and ultimately to full credentials. Since the requirements for credential waivers are at a level below those for emergency permits, regulations require that every waiver presented to the Commission's Appeals and Waivers Committee must go through a public notice process at the local level. Governing boards of public school districts must approve each waiver in a public meeting.

II. Driving Governance:

The Commission is the agency of California government that licenses teachers and other professionals who serve in the public schools. As the policy-making body that establishes and maintains standards for the education profession in the state, the Commission is concerned with the quality and effectiveness of the preparation of teachers and other school practitioners. On behalf of the education profession and the general public, one of the Commission's most important responsibilities is to establish and implement strong, effective standards of quality for the preparation and assessment of teachers who will teach English learners.

Twenty-five percent of all children enrolled in California public schools are designated as English learners and require specialized instruction in English language development. For these reasons, California has placed a high priority on preparing teachers to work with students from multicultural and linguistically diverse backgrounds. Since 1970, the State of California has required that classes designed to serve students primarily designated as English Learners in public schools must be taught by teachers who have the appropriate preparation to teach linguistically and culturally diverse students.

Teaching Credential in their respective subject area and have been working towards the English Language Authorizations, Bilingual Authorization or CBEST Exam. However, additional time is needed to complete the credential process.

V. Major Initiatives:

The school district must submit these waiver requests for current employees who continue to complete programs and move toward this authorization, as well as for newly hired employees who need to enter into an approved program. Having 100% of teachers qualified to teach English Language learners is essential.

VI. Results:
