Recommendation: Approve the 2018-19 Third Interim Financial Report.

Background/Rationale: Education Code Section 42130 requires school districts to prepare Interim Financial Reports each year. The intent of these reports is to provide an "early warning" system to indicate whether a district can meet its current or future year financial obligations. This is the last of three interim financial reports presented to the Board of Education for the 2018-19 year. The report provides financial information as of April 30, 2019.

Financial Considerations: The Third Interim report will also include projections for the current year as well as the subsequent two years providing the Board with updated information of the fiscal status of the district shortfall.

LCAP Goal(s): Family and Community Empowerment; Operational Excellence

2018-19 Third Interim Financial Report May 16, 2019

I. Overview/History:

On March 7, 2019, Staff submitted the 2018-19 Second Interim Financial Report with a negative certification. Staff has continued working closely with the District's appointed Fiscal Advisor to identify savings and budget cuts and develop a Fiscal Recovery Plan.

Staff meets with the Sacramento County Office of Education (SCOE) and Fiscal Advisor on a weekly basis and a Financial and Budget Planning Calendar has been created for the 2019-20 fiscal year as part of the District's financial recovery plan.

Since the District did not have a positive certification at Second Interim, the District must present a Third Interim Financial Report by June 1st. The Third Interim Financial Report projects the District's fund and cash balances through June 30 for the period ending on April 30th.

II. Driving Governance:

- Education Code section 42130 requires the Superintendent to submit two reports to the Board of Education during each fiscal year. The first report shall cover the financial and budgetary status of the district for the period ending October 31. The second report shall cover the financial and budgetary status of the district for the period ending January 31. All reports required shall be in a format or on forms prescribed by the Superintendent of Public Instruction.
- Education Code section 42131 requires the Board of Education to certify, in writing, whether
 the district is able to meet its financial obligations for the remainder of the fiscal year and,
 based on current forecasts, for the subsequent fiscal year. Certifications shall be based on
 the Board's assessment of the district budget. Certifications shall be classified as positive,
 qualified or negative. This education code section also outlines the role of the County Office
 of Education.
- Education Code section 42131 (3)(e) directs districts to provide additional reports to the County Office of Education as of June 1 if a Qualified or Negative Certification is reported as of the Second Interim Report.

III. Budget:

The District budget is a fluid document with many unknowns at this time. The major areas of concern are:

Business Services

2018-19 Third Interim Financial Report May 16, 2019

- Impact of salary increase for teachers per the May 2, 2019 arbitration ruling
- Monitor closely final State budget to see if it includes increased funding for Special Education

The Third Interim Financial Report includes updated assumptions and projections made with the best information available at this time.

IV. Goals, Objectives and Measures:

Follow the timeline and financial planning calendar; take action on all necessary budget adjustments and reductions. It will be important to discontinue the reliance on one-time funds to balance the budget.

V. Major Initiatives:

The District continues working with SCOE and its Fiscal Advisor to collaborate on the budget development process. The District will follow the Financial Budget Planning Calendar agreed upon by the District and SCOE. The District must also hold a public hearing for the proposed budget and have the Board approve an Adopted Budget by the July 1, 2019 deadline.

VI. Results:

Budget development for FY 2019-20 will follow the calendar approved by the Board. Required Board actions will take place in a timely manner to ensure a balanced Adopted Budget is in place on or before July 1, 2019.

VII. Lessons Learned/Next Steps:

- Follow the approved calendar with adjustments made as necessary.
- Continue to monitor the state budget and its impact on the district finances.
- Continue to engage stakeholders in the budget development process through community budget meetings.
- Meet and communicate with bargaining unit partners.
- Ensure compliance with all LCFF and LCAP requirements.

County Guidance and Other Assumptions Utilized for Third Interim Report - The Sacramento County Superintendent of Schools provides guidance to school districts for the First and Second Interim reports. All assumptions in the Third Interim report were prepared using the Second Interim Memo to School Districts plus two assumptions utilizing the latest news from the May Revise released on May 9, 2019.

- Cash flow payments from the state utilize the normal appropriation schedule
- STRS employer contribution rate were decreased per May Revise from 17.10% to 16.70% for 2019/20 and 18.1% for both 2020/21 and 2021/22
- PERS employer contribution rates were increased by the PERS board in April 2019 from 20.70% to 20.733% in 2019/20 and 23.40% to 23.6% in 2020/21 and 24.9% in 2021/22
- Cost-of-Living Adjustment (COLA) was decreased per May Revise from 3.46% to 3.26% for 2019/20. COLA's for future years remained the same 2.86% for 2020/21; and 2.92% for 2021/22

The assumptions utilized for the Third Interim Report includes the provisions outlined above. Additional assumptions include projected enrollment, changes in benefit rates, indirect rates, and changes in the district's health contribution. Below is a summary version of the multi-year report included in the SACS report. This report includes all the reductions made in 2018/19 and any board approved reductions for future years. It also assumes no other reductions are made. The report shows the District will have a negative ending balance in 2020/21 if no other reductions are made. A recommended plan that eliminates deficit spending and maintains a reserve of 4% is also included.

The analysis focused on the Unrestricted General Fund and programs impacting the Unrestricted General Fund. After consideration of these factors, the Multi-Year Report indicates that the District must make ongoing adjustments of \$29 million no later than July 1, 2020 and an additional \$5 million in ongoing adjustments no later than July 1, 2021 to eliminate the ongoing deficit spending, maintaining a reserve level of 4% and maintaining a positive cash balance. This reduction timeline provides the District time to work with their labor partners on a negotiated solution to address the deficit spending and address the high cost of health care.

2018-19 Third Interim Financial Report May 16, 2019

Any reductions made earlier than this timeframe significantly reduces the amount of adjustments that would be needed. Additional reductions may be included in the 2019/20 budget adoption.

Board Approved Reductions Update – The following information is provided to show all board approved reductions taken to address the budget deficit this year:

- Prior to the First Interim –The Board approved budget adjustments totaling \$21.1 million.
 These include:

 - o Lowering OPEB contribution by \$3 million
 - o Supplies and Services were reduced to 2017/18 level for savings of \$1.5 million
 - o Utilities budget reduction of \$1.4 million
 - o Central office classified reductions of \$1 million

 - Certificated positions totaling 175.59 FTE. This included vacant positions of 19.4 FTE,
 Adult Education of 3.6 FTE, Child Development of 7.0 FTE, and K-12 teachers of 133.39
 FTE and management positions totaling 12.2 FTE.
 - The Third Interim includes \$7.1 million in reductions for these positions. Some other
 positions are still being reviewed for program impact and will need approval by
 Sacramento County Office of Education.

Current Year Adjustments – The following section provides an update for items that have changed since the Second Interim.

1. Revenue Adjustments Since Second Interim

 Local Control Funding Formula for 2018/19 The 2018/19 Local Control Funding Formula (LCFF) COLA includes the 2018/19 P-2 Attendance report and projected

Business Services

attendance data for the instructional programs that are funded on an annual basis (Non Public schools, Community Day and Continuation programs) resulting in a decrease of approximately \$485,000.

- Local Income There are four factors that will increase local income at this time: Interest Income, Charter School, Other Tuition, and ROP income from Sacramento County totaling \$1.9 million.
 - Interest Income A projected increase of \$941,000
 - Charter School Recognize additional income for fees and oversight of charter schools \$361,000
 - Other Tuition Recognizing income the district receives for providing special education services to non-Sacramento students of \$217,000
 - ROP Income Per agreement with the Sacramento County Office of Education the district will receive \$372,000. This is the last year of the agreement.
- 2. Teacher Salary Schedule Restructure Cost The recent arbitration decision stated that the District must implement SCTA's new salary structure at a maximum cost to the District of 3.5% for 2018/19 and in future years at an as-of-yet undetermined cost for full year-long implementation. Currently, based upon estimates provided by School Services of California, the District estimates the annual cost to be over a 7% increase for fully implementing the SCTA salary schedule in 2019-2020. The District reserved funds for 2018/19 equating to 3.5% or \$7 million for the teacher salary schedule restructure agreement in the Unrestricted General Fund. The personnel costs will be supported by the appropriate fund. At this time, an analysis of how each fund will be impact is being completed. For this report, it was assumed that each fund would be impacted based on the number of teacher FTE's in each fund. In 2019/20, the personnel cost resulting from the salary schedule structure's full implementation is currently estimated to be \$15.2 million. This increase equates to an unplanned increase of \$8.1 million. This will impact the General Fund, Child Development Fund, and Charter School Fund and will require additional reduction adjustments.
- 3. **Program Savings** The Third Interim Report projects savings under budgeted levels for the following:
 - Utilize Title II to support district trainers totaling \$755,000
 - One Time Savings due to:
 - Open positions totaling \$850,000
 - Transportation related to supplies and fuel totaling \$540,000

Business Services

2018-19 Third Interim Financial Report May 16, 2019

- Supplies based on historical trends estimated savings totaling \$1.2 million
- 4. **Program Additional Costs** The Third Interim Report projects additional costs over budget levels for Utilities by \$687,000.
- 5. Contributions/Transfers Out There are five programs the District contributes towards. They include Routine Restricted Maintenance, Special Education, Child Development Fund, Adult Education Fund and Charter School Fund. All except Special Education, Charter School Fund and Child Development Fund are projected at the budgeted levels.
 - Special Education A detailed analysis was completed on the Special Education budgets and while costs are increasing over the prior year, the contribution will be less than budget by \$5 million. The contribution would have been lower by \$6.4 million, however, the teacher salary restructure is estimated to increase personnel costs by \$1.4 million in 2018/19
 - Charter School Fund The planned contribution to the Charter School Fund was \$300,000, and is projected to be approximately \$29,000 for 2018/19, a savings of \$271,000.
 - Child Development Fund The planned contribution of \$2.3 million is projected to be lowered to \$2 million. The reasons include: program savings of approximately \$489,000 due to several positions remaining vacant for the majority of the year, state income projected lower than budget, and teacher salary restructure cost of approximately \$158,000.

Future Year Items

- 6. Local Control Funding Formula for 2019/20, 2020/21 and 2021/22 The multi-year projections include LCFF funding increase at the levels mentioned earlier in the report, \$13.1 million in 2019/20, \$7.8 million in 2020/21 and \$9.1 million in 2021/22. The LCFF revenue is significantly higher in 2020/21 and 2021/22 than the Second Interim Report due to the oversight of not including all schools' projected ADA and enrollment in the future years.
- 7. Supplemental/Concentration Funds The LCFF is providing approximately \$76 million in supplemental concentration funding for 2019/20. This is an increase over the current year of \$3.45 million. Preliminary work shows that the District has programmed all supplemental and concentration funds for 2019/20. These funds will increase by \$1.93 million in 2020/21 and \$1.67 million in 2021/22. The multi-year projection reserves these funds for the increase cost/service for these programs.

Business Services

2018-19 Third Interim Financial Report May 16, 2019

- 8. **Board Approved Program Reductions** As mentioned earlier in the memo, at the March 7, 2019 board meeting, the board approved reducing several positions for the future years. In addition, prior Board action included reducing contributions to Child Development Fund by \$700,000 in 2019/20 and future years.
- 9. **Teaching Positions in 2020/21 and 2021/22** Due to declining enrollment, staffing parameters require 8 less positions in 2020/21 and 13 less positions in 2021/22 a decrease of \$516,000 and \$958,000 respectively.
- 10. **PERS and STRS for 2019/20 and 2020/21** The multi-year projections include funding employer costs for STRS and PERS at the levels mentioned earlier in the report, an increase for the Unrestricted General Fund of \$1.8 million in 2019/20, an additional \$3.4 million in 2020/21 and an additional \$462,000 for 2021/22.
- 11. **Health Contribution** In accordance with the current employee bargaining agreements, the multi-year projections include the district's contributions for health costs. Per information from Keenan the rates are relatively flat for 2019/20. Future years do not assume this anomaly will continue and include an estimated 4% increase in health costs. The district's contribution to Unrestricted General Fund is estimated to increase by \$355,000 in 2019/20, \$1.8 million in 2020/21 and \$1.8 million for 2021/22.
- 12. **Utilities** The multi-year projections include increases of \$486,000 for 2019/20, \$540,000 for 2020/21 and \$578,000 in 2021/22 based on historical usage and notification of percentage increases.
- 13. Indirect Rate for 2019/20, 2020/21 and 2021/22 The 2017/18 Unaudited Actual Financial Report projected the 2019/20 indirect rate at 4.50%. The multi-year projection assumes this rate through 2020/21. In addition, the future years include charging indirect to the allowable level on all programs. This includes special education and restricted routine maintenance which increases the indirect cost by \$3.7 million in 2019/20.
- 14. Contributions/Transfers Out for 2019/20, 2020/21 and 2021/22 The multi-year projection for contributions increased for Special Education and Routine Restricted Maintenance by \$15.2 million for 2019/20, \$7.3 million for 2020/21 and \$7.3 million for 2021/22. In addition,

Business Services

2018-19 Third Interim Financial Report May 16, 2019

the multi-year projection includes Transfers out to the Adult Education Fund, Child Development Fund and Charter School Fund.

- Restricted Routine Maintenance (RRM) As mentioned in prior Interim reports, the RRM budget must be maintained at 3% of the General Fund actual expenditures starting in 2019/20. Proposition 51 requires that any LEA which receives funding pursuant to the Leroy F. Green School Facilities Act of 1998 after April 1, 2017, be required to contribute 3% to RRM. For 2019/20 the budget for contribution to the RRM account is increased \$3.5 million. The multi-year projections assume the same level for future years.
- Special Education The changes in the special education contribution are related to three different factors: lower projected program increases, indirect costs, and the salary schedule restructure.
 - Program cost increases and Teacher Salary Schedule Restructure Costs Below is a chart showing the Second Interim and Third Interim projected increases for the Special Education program and the estimated increase due to the ongoing teacher salary schedule restructure in 2019/20.

(In millions)	2019/20	2020/21	2021/22
Second Interim Projected Increase	\$9.4	\$10.4	\$10.2
Third Interim Projected Increase	\$6.9	\$ 7.0	\$7.0
Teacher Salary Schedule	\$1.4	\$0	\$0
Restructure Est			
Program Increase Difference	(\$1.1)	(\$3.4)	(\$3.2)

• Indirect Costs - The Fiscal Crisis Management Team recommended charging indirect to all appropriate funding resources including special education. This additional expense for Special Education will offset Unrestricted General Fund expenses that central departments incur to support the Special Education program and will reduce the Unrestricted General Fund expenses. This will not impact the bottom line for the District and will more properly reflect the actual special education program costs. For 2019/20 the indirect cost increase is \$3.0 million, and future years the increase is \$300,000 each year.

Business Services

2018-19 Third Interim Financial Report May 16, 2019

- Adult Education Fund A similar level of support as the current year to the Adult Education Fund of approximately \$350,000
- Child Development Fund For 2019/20 and future years, the support to Child Development is decreasing from \$2.3 million to \$1.4 million. Approximately \$300,000 of this contribution is attributed to the 7.3% salary restructure.
- Charter School Fund Two district-sponsored charter schools (George Washington Carver and New Tech) are projected to need financial support in future years. The multi-year projection includes an increased contribution of \$490,000 for 2019/20, an additional increase of \$703,000 for 2020/21 and an additional increase of \$905,000 for 2021/22.
- 15. **Textbooks** The multi-year projection includes \$6 million for grades 6-12 science books in 2020/21 and \$4 million for grades K-5 from the Unrestricted General Fund. In addition, Restricted Lottery will support the ELA second year payment in 2019/20 of \$1.5 million. Starting in 2020/21 the Restricted Lottery will support math materials for grades K-6 totaling \$1 million on an annual basis.
- 16. **Minimum Wage** Senate Bill 3 (SB 3) incrementally increases California's minimum wage to \$15 per hour. The increases began in January 2017 and will continue through 2023. The District is compliant with the current year wage requirements. While there currently are positions that will need to be increased in future years, the multi-year projection does not include additional funds for this purpose.
- 17. Other Post-Employment Benefits (OPEB) The District provides postemployment benefits for employees meeting the age and years of service requirement and currently has an OPEB liability of \$780.5 million. The District participates in the CalPERS trust. It is estimated that \$77 million of the liability will be funded as of June 30, 2019 and the vast majority of these funds are paid by the district.

For 2018/19 year, current year health costs for retirees are approximately \$17.3 million. In addition, in accordance with the bargaining agreement with SCTA, the District also contributes to the OPEB beyond the current year pay-as-you-go health costs. This year it is estimated to be approximately \$7 million. Since the District is in negative certification, the District could choose to reduce this district contribution to the actual current year retiree health costs (pay-as-you-go). The Third Interim Report assumes that the OPEB contribution

Business Services

2018-19 Third Interim Financial Report May 16, 2019

will be made pursuant to SCOE's February 15, 2019 letter analyzing SCTA's budget ideas. As SCOE emphasized in that letter, the District's commitments to the annual payments are projected to increase over time and stated that: "Until decisions are made on staffing and health care plans, decisions on budgeting OPEB contributions should be delayed."

- 18. **Cashflow Reports** The District prepared cash flows based on the SACS multi-year report. Based upon the analysis completed for the Third Interim Report, the District projects having positive cash balance through October 2020.
- 19. **May Revise** As mentioned previously, the Governor released his May Revise budget on May 9, 2019. The main changes for school districts included the following:
- 20. **COLA 19/20** The COLA was reduced from 3.46% to 3.26% which equates to a loss of approximately \$800,000. The 2018/19 Third Interim Report includes this assumption.
- 21. STRS Employer Rate In January the Governor proposed reducing the STRS rate in 2019/20 from 18.1% to 17.1%. The May Revise further reduces the STRS rate to 16.7%. This equates to a savings of approximately \$830,000 and is included in the 2018/19 Third Interim assumptions.
- 22. **Special Education** The Governor's May Revision proposes an increase to the January Special Education Concentration Grant proposal which is estimated at \$15 million in ongoing and \$4 million in one-time funding for Sacramento Unified. The Third Interim report does not include any of these funds at this time. There is much discussion on if these funds will be included in the final State Budget as proposed. In addition, staff would need to research and decide how best to utilize these funds to achieve the goals. These funds are to supplement existing Special Education resources and "may be used" for services such as:
 - Early intervention services
 - One-time resources for students with exceptional needs that are not medically or educationally necessary as to be outlined in an IEP
 - Strategies to improve student outcomes identified through the state system of support and other activities to build upon or expand local multi-tiered systems of support, including inclusive educational programming that ensures a student's right to placement in the least restrictive educational environment
 - Wraparound services for students with exceptional needs not required by federal or state law

GENERAL FUND

General Fund Definition

The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. The General Fund also contains categorical programs such as the Every Student Succeeds Act (ESSA), Title I, After School Education and Safety (ASES), and others.
