Welcome to week 9 of semester 21 wow!! It is hard to believe we have made it to week hine and in to weeks we will be off to Spring Break!! Spring is definitely in the air as we saw a couple of sunny days having class outside was irresistible! It was a great sight to see all the students and teachers taking advantage of our 30Avenue community at various times throughout their day, whether for a walk or to or outside a business and have class in a new environment. This is what we love about being embed a community and learning as a family. Last week we also saw great science presentations in 4th grad Foundations students made log cabins and reflected on their reading of "Sign of the Beaver", Mrs. Jul the Art team continued working on the Washed Ashore project with all of your recycled goods, High S enjoyed a visit to FSU Panama City campus and Just Jump and the Middle Years camping trip went of without a hitch and less rain than they expected! We have really hit our stride this semester and are heading into Spring Break strong!
