SCUSD Core Value: “We recognize that our system is inequitable by design, and we vigilantly work to confront and interrupt inequities that exist to level the playing field and provide the opportunities for everyone to learn, grow and reach their greatness.”

A Moral Call to Action: The SCUSD Graduation Task Force (Task Force) represents a moral call to action to improve the District’s graduation rate. The Task Force will review the systems created by the District that have been sustained and maintained and have created dismal graduation rates for many years. Specifically, the Task Force will develop appropriate recommendations, for review and approval by the Superintendent and Board, which will increase the District’s graduation rate.

Purpose: The purpose of the Joint Meeting of the Graduation Task Force (GTF) & Local Control and Accountability Plan (LCAP) Parent Advisory Committee is to review and align the GTF recommendations with reference to District Outcomes, which are outlined in the LCAP. Efforts will also be made to share research and best practices, which have contributed to the formation of the GTF recommendations.
