## Conditions of the Grant Award

1. General Assurances are hereby incorporated by reference. The California Department of Education (CDE) has agreed to accept the assurances your agency currently provides in the Consolidated Application. The CDE will verify if your agency has submitted required certifications and assurances on the CDE Request for Applications web page at <https://www.cde.ca.gov/fq/fo/fm/generalassurances2024-25.asp> prior to the initial grant award payment.
2. This Workability I (WAI) Request for Applications (RFA) grant shall be administered in accordance with the provisions of the Individuals with Disabilities Education Act (IDEA) and in compliance with laws and regulations from the CDE, the Employment Development Department (EDD), and the state and federal Departments of Labor.
3. The grantee must sign and complete the Certification of Acceptance of Grant Requirements section of the Grant Award Notification (AO-400), which certifies the grantee accepts and agrees to the conditions of the grant. The grantee must return the signed hard-copy AO-400 to the CDE. All approved grant funds must be expended within the designated award period.
4. Grant funds must be used to implement the WAI Program as indicated in the approved project plan and consistent with California *Education Code (EC)* 56471 Section (e). "Workability project applications shall include, but are not limited to, the following elements: (1) recruitment, (2) assessment, (3) counseling, (4) preemployment skills training, (5) vocational training, (6) student wages for try-out employment, (7) placement in unsubsidized employment, (8) other assistance with transition to a quality adult life, and (9) utilization of an interdisciplinary advisory committee to enhance project goals."
5. The following program evaluation and renewal information will be compiled and submitted by the WAI RFA grantee to the CDE by the required due dates: (a) student data, (b) program funds [staffing and program cost], (c) Annual Program Report, (d) Grant Funding Application, and (e) Annual Program Requirements Report.
6. WAI RFA grantees must complete and submit all required WAI forms by the due date in the WAI database, to the CDE, or both. If the grantee does not meet timely submission of forms for the fiscal year, the grantee will be placed on conditional status.
7. WAI RFA grantees must serve all students for whom funding was received.
8. WAI RFA grantees must place into employment at least 15 percent of the students for whom funding was received.
9. The WAI RFA grantees must achieve a score of "Basic/Developing" on the Annual Program Requirements Report submission: a numerical score of no less than nine for High Schools and no less than seven for Middle Schools. If the grantee does not score the minimal requirements, the grantee will be placed on conditional status.
10. Grantees must have representation by their WAI Program staff at two regional meetings and one required state meeting per year.
11. If a WAI RFA Grantee receives WAI Advisory Committee and standing committee funds per *EC* 56471 (b), then attendance by Advisory and Committee members is required at up to four committee meetings per year. If the WAI Advisory Committee member will not attend, a designee needs to attend in their place. All WAI Advisory meetings are subject to Bagley Keene and are hosted by the CDE in person or virtually. Meetings are subject to state safety protocols and can be conducted virtually.
12. The WAI RFA Grantee must maintain expenditure reports with supporting evidence and be prepared to submit them to the CDE upon request. The CDE has the authority to conduct program and fiscal reviews or audits.

13. The WAI RFA Grantee must submit to the CDE an **Interim Expenditure Report** no later than **February 27, 2025**, for reporting actual expenditures from **July 1, 2024, through December 31, 2024**. If reported interim expenditures are less than the initial payment, then the scheduled interim payment will be reduced proportionately.
14. The WAI RFA Grantee must submit to the CDE a **Final Expenditure Report** no later than **August 10, 2025**. Upon receipt of the Final Expenditure Report, up to 100 percent of the grant total will be reimbursed. Failure to submit the Final Expenditure Report prior to next year's state grant award issuance will affect the timely release of next year's payment and will result in conditions imposed on the grant.
15. Funds will be used for excess costs of normal expenditures when applied to staff, materials, and services that are not typically provided to students receiving special education services and that are necessary for the participation in this program.
16. The WAI RFA grantee will provide information to WAI students with intellectual and developmental disabilities (ID/DD) ages 16 and above regarding Employment First, opportunities for employment, and supports to achieve Competitive Integrated Employment.
17. Every employed WAI RFA student under the age of 18 shall have an approved work permit on file at the employment site, and a copy shall be filed with the WAI grantee.
18. Work-based learning opportunities must be provided in compliance with the Work Experience Education (WEE), Regional Occupational Center and Programs (ROC/P).
19. The WAI RFA program does not discriminate on the basis of race, color, national or ethnic origin, gender, or disability in the administration of its program and complies with all laws and regulations of the Americans with Disabilities Act and other appropriate legislation.
20. The WAI RFA Grantee shall be accountable as defined by student, program, and fiscal outcomes.
21. Students who participate in the WAI work experience program will be paid at least minimum wage. There is an exception for learners who may be paid not less than 85 percent of the minimum wage rounded to the nearest nickel during their first 160 hours of employment in occupations in which they have no previous similar or related experience.
22. Minimum wage will not exceed the prevailing minimum wage of the city in which the student is employed.
23. All WAI RFA students will be placed into employment settings that are in the least restrictive environment and that facilitate movement towards postschool integrated employment.
24. The WAI RFA grantee will enter and participate in a Local Partnership Agreement (LPA) with core partners (local educational agencies, Department of Rehabilitation Districts, and Regional Centers) and be prepared to submit to the CDE documentation of the LPA upon request.
25. The WAI RFA Grantee will provide to the CDE an On-Campus Business Plan for proposed on-campus student businesses that provide students enrolled in the WAI RFA program with on-campus placement opportunities.
26. Under authority of the CDE, if the grantee is identified as noncompliant in any of the aforementioned areas, conditions will be imposed on the grant. The State Superintendent of Public Instruction may authorize the CDE to withhold partial or total funding. Those grantees with violations will receive notification of conditions on their grant and will be instructed to develop a plan of action to remedy the noncompliance. No payments will be released to agencies with conditions on their grant until the CDE receives written notification from the agency agreeing to the conditions of the grant.

## PURCHASES CONTRACT

This Agreement ("Agreement") is made and entered into this **16<sup>th</sup> day of January, 2025**, by and between the Sacramento City Unified School District, acting by and through its Governing Board ("District") and **One Workplace L. Ferrari**, a California Company ("Vendor"). District and Vendor may be referenced herein individually as "Party" or collectively as the "Parties."

WITNESSETH, that for and in consideration of the mutual promises, covenants, agreements, and conditions herein contained, the Parties agree as follows:

1. **THE WORK:** The work consists of furnishing fully assembled furniture to the District ("Work"). Vendor shall provide and pay for all furniture, labor, materials, equipment, tools, and other services necessary for the execution and completion of the Work in accordance with the Contract Documents and any applicable code or statute, whether or not specifically described herein, as long as same is reasonably inferable therefrom as being necessary to produce the intended results. Vendor shall, at its sole expense, obtain and maintain all permits and licenses required by any public authority in connection with performance of the Work.

At its sole cost and expense, Vendor shall give all notices and comply with all laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the performance of its Work. Vendor shall conduct the Work so that all laws and ordinances for the protection of the public and the workers shall be obeyed fully. Vendor is responsible for initiating, maintaining and supervising all safety measures in connection with the Work, including while delivering furniture to the District's Site.

Vendor shall pay all wages, fees, benefits, and other amounts due to personnel and subcontractors in connection with their performance of the Work and as required by law; pay all local, state, and federal taxes associated with its Work; and pay all amounts required by law in connection with employees including, but not limited to, Social Security taxes, income tax withholdings, unemployment insurance, and workers' compensation insurance premiums. Upon the District's request, Vendor shall furnish evidence satisfactory to the District that any or all of the foregoing obligations have been fulfilled.

This Agreement is not intended to include any installation Work that requires a contractor's license and Vendor is not authorized to perform any such work hereunder.

Vendor shall take all necessary precautions to protect the District's structures, equipment, furniture, and any other property on or adjacent to the Site against damage, loss, or theft resulting from the Work. Vendor shall repair or replace any damage and remove any damaged or defaced material and/or equipment from the Site at no cost to the District. Vendor shall be strictly liable for failure to adequately protect any existing improvements and/or facilities.

Vendor will remove all dirt, debris, and waste from the Site generated in connection with its Work, and insure that the grounds are left clear and in the condition Vendor originally found them.

2. INDEPENDENT VENDOR: Vendor is an independent vendor, and neither Vendor nor any subcontractor, nor any employee of Vendor or its subcontractors shall be deemed to be an employee of the District. All persons employed to furnish Work hereunder are employees, agents, or officers of Vendor and not of the District. The District shall not be liable for any of Vendor's acts or omissions performed under this Agreement. Vendor must complete IRS form W-9 providing its taxpayer identification number and indicating Vendor's form of business.
3. NO CONFLICT OF INTEREST: Vendor hereby affirms that, to the best of its knowledge, there exists no actual or potential conflict between family, business, or financial interest of Vendor and the interests of the District under this Agreement. Vendor agrees to advise the District of any actual or potential conflicts of interest that may develop during this Agreement.
4. LOCATION OF WORK: The furniture is to be delivered to the following location: Bowling Green Elementary School, 4211 Turnbridge Dr, Sacramento, CA 95823 ("Site"). Delivery locations may not have loading docks. Vendor is required to make all necessary arrangements for lift trucks or other means necessary to complete delivery. Inside delivery to secured facilities may be required. Vendor acknowledges that the Work will be performed on a "tobacco-free" campus, and that possession of any tobacco product or e-cigarettes is prohibited on the District's property.
5. TIME FOR COMPLETION: Delivery shall be in accordance with the schedule provided in **Attachment D**, Special Provisions, Section 05.

Time is of the essence in this Agreement. The District reserves the right to refuse any services and to cancel all or any part of the furniture order that does not conform to the prescribed statement of work. Delivery shall not be deemed to be complete until accepted in writing by the District. Actual delivery dates and times shall be coordinated with the District per **Attachment D**, Special Provisions, Section 05.

6. CONTRACT PRICE AND PAYMENT: As compensation for the Work, the District shall pay or cause to be paid to Vendor a sum of **One million four hundred five thousand nine hundred nineteen and 03/100 Dollars (\$1,405,919.03)**, subject to additions and deductions as provided by change order ("Contract Price"). No charge for delivery, drayage, packing, cartage, insurance, license fees, permits, or for any other purpose will be paid by the District unless expressly included and itemized in the bid.

Vendor shall notify the District of any reduction in a manufacturer's pricing within ten (10) days of any change. In the event of a price decline made available to Vendor, half of the price decline shall be immediately credited to the District.

All invoices submitted for billing shall be mailed to Sacramento City Unified School District, P.O. Box 246870, Sacramento, CA 95824-6870, Attention: Anthony Lea,

Facilities Project Manager II with a copy by email to Ryan Wade, Kitchell CEM, [Rwade@Kitchell.com](mailto:Rwade@Kitchell.com). By submitting an invoice, Vendor warrants and represents that all Work for which invoices previously have been submitted and for which payment has been received, is free and clear of all claims, security interests, and encumbrances related to the Work, and that all work covered by that invoice has been performed in strict compliance with the Contract Documents.

Within thirty (30) days after the District's receipt of an invoice submitted by Vendor, which shall not be submitted until delivery and acceptance of the items by the District, the District agrees to pay to Vendor, and Vendor agrees to accept in full payment therefor, undisputed amounts at the prices set forth on **Attachment A** hereto, unless a reduction in price has been applied.

7. **CONTRACT DOCUMENTS:** The contract documents include this Agreement; Vendor's Bid Form; any special provisions; any specifications, product data, or drawings; and any change orders ("Contract Documents") and comprise the complete and integrated contract between Parties, superseding all prior negotiations, representations, or agreements, either written or oral.
8. **FINGERPRINTING:** California Education Code sections 45125.1 and 45125.2 apply to this Agreement. Vendor shall, prior to commencement of Work, comply with either of the methods of ensuring safety set forth in Education Code section 45125.2(a)(1) (installation of a physical barrier) or section 45125.2(a)(2) (continual supervision by an employee of Vendor or its subcontractor who has not been convicted of a serious or violent felony). If Vendor elects to provide continual supervision pursuant to Education Code section 45125.2(a)(2), then Vendor shall require any person affiliated with Vendor (or, in appropriate cases, himself or herself) to be fingerprinted by the Department of Justice ("DOJ") if that person will have unsupervised access to school campuses. Upon verification from DOJ that those persons fingerprinted have no record of a serious or violent felony, Vendor will so certify by signing and submitting to District the certification form attached as **Attachment B**. Vendor shall submit the names of those persons who have received clearance and are authorized to have unsupervised access to school campuses as indicated in the attached form. Any person whose name is not on the cleared list may not have such unsupervised access and Vendor must make arrangements with District for appropriate access for such persons. No person with a violent or serious felony as reported by DOJ may have access to the school campuses.
9. **LABOR COMPLIANCE:** Eight (8) hours of labor constitutes a legal day's work, and forty (40) hours constitutes a legal work week. Overtime as required by law or applicable collective bargaining agreement shall be paid for any work of more than eight (8) hours in any one calendar day or forty (40) hours in any one week, except as provided in Labor Code Sections 1810 through 1815. The District reserves the right to approve or disapprove the days scheduled for work and the hours during which work is in progress.

Vendor represents that the furniture to be supplied was fabricated at an offsite, permanent manufacturing facility, the location and existence of which is determined

wholly without regard to this Agreement, such that prevailing wages are not required hereunder.

10. WARRANTY: Vendor shall guarantee all products and services performed against all defects or failures of materials and workmanship as stated in **Attachment F**, Furniture Quantity Spreadsheet from the actual delivery and installation date as specified in the program document.
11. COMPLIANCE WITH WORKERS' COMPENSATION LAW: By executing this contract, Vendor certifies that it is aware of the provisions of Section 3700 of the Labor Code of the State of California which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the statutory requirements, and Vendor will comply with such provisions before commencing the performance of the Work. Vendor shall furnish the District with satisfactory evidence of the existence of workers' compensation coverage required herein within ten (10) calendar days following notice of intent to award of this Agreement.
12. INSURANCE: Within ten (10) calendar days following notice of intent to award of this Agreement, Vendor must furnish the District with a Certificate of Insurance substantiating the existence of (1) broad form comprehensive general liability (bodily injury, personal injury/advertising injury, property damage, contractual, and products/completed operations) and automobile liability insurance. The limit of liability for each such policy shall be no less than two million dollars (\$2,000,000) per occurrence/per Claim, with District and its governing board, employees, and volunteers added as additional insureds, on a primary basis, for each such policy. If any policy indicates that defense costs are included in the general aggregate limit, then the required general aggregate limits shall be four million dollars (\$4,000,000).  
  
All such policies and coverage must be maintained in full force and effect for at least one (1) year following completion of the Agreement. The Certificate of Insurance shall provide that at least thirty (30) days' prior written notice shall be served on District prior to the cancellation or change of such insurance, or ten (10) days' notice for failure to pay premiums. Said Certificate shall also provide that the insurer shall waive all rights of subrogation against the District and its governing board, employees, and volunteers for losses arising from work performed by Vendor for the District.
13. INSPECTION: All items shall be subject to inspection by the District. Inspection of the items shall not relieve Vendor from any obligation under this Agreement. Defective items shall be corrected by Vendor, and unsuitable items may be rejected, notwithstanding that defective work or materials was not identified in any inspection. Any items found defective before final acceptance shall be removed from the site by Vendor, who shall assume and pay the cost thereof without expense to the District, and shall be replaced by satisfactory items.
14. HAZARDOUS MATERIALS/SUBSTANCES: Any product delivered or supplied to District hereunder that is listed in the Hazardous Substances list of Regulations of the Director of Industrial Relations with the California Occupational Safety and Health Standards Board, or any product presenting a physical or health hazard as defined in

the California Code of Regulations, General Industry Safety Order, Section 5194 (T8CCR), Hazard Communication, must be accompanied by a Material Safety Data Sheet (MSDS) with the delivery/shipment. All shipments and containers must comply with the labeling requirements of Title 49 of the Code of Federal Regulations by identifying the hazardous substance, name and address of manufacturer, and appropriate hazard warning regarding potential hazards.

15. CHANGES TO THE WORK: Subject to legal requirements relating to competitive bidding, the District may require changes in, additions to, or deductions from the Work. Changes may be made pursuant to a written Change Order signed by the District, which shall state the agreement of the District and Vendor upon a) the scope of the change in the Work, b) the amount of the adjustment to the Contract Price, if any, and c) the adjustment to the delivery date, if any.

Vendor is required to immediately notify the District in writing if a manufacturer discontinues any awarded line item(s). The notice must reference the bid number and line item number with written proof from the manufacturer of the discontinued item(s). A replacement will be considered only if the proposed replacement is equal to or exceeds the specifications applicable to the discontinued line item(s), and is offered for an equal or lesser price. Vendor shall provide substantiating information when requesting consideration of a substitution as an equal.

In no event shall any change to the Work be approved which would cause the total amount to be paid under this Agreement to exceed the greater of ten percent (10%) of the original Contract Price or the amount specified in Public Contract Code section 20111(a).

16. CONTRACT CLOSE OUT: Prior to final payment hereunder, Vendor shall provide District with one tabbed binder with a table of contents, and one bookmarked PDF file(s) in electronic format, with final pricing sheet/model numbers and warranty information as well as contacts for all warranties. Binders must include warranties as required by each product specification.

17. TERMINATION:

- A. Termination for Convenience: The District may, at any time and for any reason, terminate, in whole or in part, this contract for the District's convenience. Termination shall be by written notice to Vendor. Upon receipt of such notice, Vendor shall, unless the notice directs otherwise, immediately discontinue Vendor's work and the placing of orders for or assembly of furniture in connection therewith. Upon receipt of notice of termination, Vendor shall provide the District with a copy of all of Vendor's executed purchase orders or supply contracts which are in process and the status of production; if such contracts do not include costs to terminate, then Vendor shall obtain such termination cost information and provide it to the District. The District shall direct Vendor in writing whether to terminate purchase orders and supply contracts then in process. Upon termination for convenience, Vendor shall be entitled to payment of: a) Contract price for compliant furniture delivered; and b) reasonable costs to terminate any purchase

orders or supply contracts entered into prior to the notice of termination, if the District directs that such contracts be terminated.

- B. Termination for Cause: The District also may terminate this Agreement, or any part of this Agreement, for cause if a) Vendor is insolvent or has made a general assignment for the benefit of creditors or b) Vendor materially breaches this contract. Termination shall be by written notice to Vendor, after five (5) days' written notice of and opportunity to cure any material breach. In the event of a termination for cause, Vendor shall not be entitled to receive payment until the Work is finished. At that time, Vendor shall be entitled to payment of the Contract Price, less the cost to secure a replacement vendor and complete the Work, *except that* Vendor shall not be entitled to be paid more than it would be entitled to be paid under a termination for convenience.
  - C. Conversion to Termination for Convenience: If this Agreement is terminated for cause and if it is later determined that the District was not entitled to terminate for cause, such termination automatically shall be converted to and treated as a termination for convenience.
  - D. Termination of Unsatisfactory Subcontractors: When any portion of the Work that has been subcontracted is not being prosecuted in a satisfactory manner, District may direct Vendor to terminate the subcontractor and substitute a subcontractor in accordance with the provisions of California Public Contract Code section 4107, at no added cost to District. Where a subcontractor is terminated under this provision, the subcontractor shall not again be employed on the Work.
  - E. Termination of Unsatisfactory Employees: If any person employed by Vendor is, in the opinion of the District, incompetent, intemperate, or disorderly, or otherwise fails to perform the Work with the skill required and in compliance with this Agreement, he or she shall be removed from the Work immediately, and shall not again be employed on the Work.
18. INDEMNITY: Vendor shall defend with counsel acceptable to the District, indemnify, and save harmless District and any of its officers, agents, employees, and other vendors from and against any and all losses, claims, demands, damages, costs, expenses, attorney's fees, or liability arising out of or in any way connected with Vendor's performance of the Work or with this Agreement, arising from any wrongful act, or any negligent act or omission to act, whether active or passive, on the part of Vendor or any of its agents, employees, or suppliers. Without limiting the foregoing, the defense and indemnity applies to any wrongful acts, or any actively or passively negligent acts or omissions to act, committed jointly or concurrently by Vendor (or any of its agents, employees, subcontractors or suppliers) and the District (or any of its officers, agents, employees, and other vendors). Vendor has no obligation to indemnify the District in contravention of Section 2782 of the Civil Code for the active or sole negligence or willful misconduct of the District. This obligation includes, without limitation, the obligation to defend and indemnify the District with respect to injuries to any person or property which arise from or are connected with or are caused or claimed to be caused by Vendor's failure to comply with all requirements contained in Education Code sections 45125.1, including, but not limited to, the

requirement prohibiting Vendor from using employees who may have contact with pupils who have been convicted or have charges pending for a felony as defined in Education Code section 45125.1. The defense and indemnification requirements extend to claims occurring after this Agreement is terminated or the Work is completed.

This indemnity and defense obligation is in no way limited by the minimum amount of insurance required to be maintained by Vendor.

**IMPORTANT:** This form is only a summary list of structural tests and some of the special inspections required for the project. Generally, the structural tests and special inspections noted on this form are those that will be performed by the Geotechnical Engineer of Record, Laboratory of Record, or Special Inspector. The actual complete test and inspection program must be performed as detailed on the DSA approved documents. The appendix at the bottom of this form identifies work NOT subject to DSA requirements for special inspection or structural testing. The project inspector is responsible for providing inspection of all facets of construction, including but not limited to, special inspections not listed on this form such as structural wood framing, high-load wood diaphragms, cold-formed steel framing, anchorage of non-structural components, etc., per Title 24, Part 2, Chapter 17A (2022 CBC).

**\*\*NOTE:** Undefined section and table references found in this document are from the CBC, or California Building Code.

### KEY TO COLUMNS

Deep foundations acting as a cantilever footing with a design based on minimum allowable pressures per CBC Table 1806A.2 and without a geotechnical report for the following cases: A) free standing sign or scoreboard, B) cell or antenna towers and poles less than 35'-0" tall (e.g., lighting poles, flag poles, poles supporting open mesh fences, etc.), C) single-story structure with dead load less than 5 psf (e.g., open fabric shade structure), or D) covered walkway structure with an apex height less than 10'-0" above adjacent grade.
<input type="checkbox"/>	2. Shallow foundations, etc. are exempt from special inspections and testing by a Geotechnical Engineer for the following cases: A) buildings without a geotechnical report and meeting the exception item #1 criteria in CBC Section 1803A.2 supported by native soil (any excavation depth) or fill soil (not exceeding 12" depth per CBC Section 1804A.6), B) soil scarification/recompaction not exceeding 12" depth, C) native or fill soil supporting exterior non-structural flatwork (e.g., sidewalks, site concrete ramps, site stairs, parking lots, driveways, etc.), D) unpaved landscaping and playground areas, or E) utility trench backfill with depth not exceeding 12".

CONCRETE/MASONRY:	
<input type="checkbox"/>	1. Post-installed anchors for the following: A) exempt non-structural components (e.g., mechanical, electrical, plumbing equipment - see item 7 for "Welding" in the Appendix below) given in CBC Section 1617A.1.18 (which replaces ASCE 7-16, Section 13.1.4) or B) interior nonstructural wall partitions meeting criteria listed in exempt item 3 for "Welding" in the Appendix below

RE: FORM TO RECORD DISTRICT AND/OR SCHOOL REPRESENTATIVES TO LEAGUES

DATE: March 10, 2025

Enclosed is a form upon which to record your district and/or school representatives to leagues for the **2025-2026 school year**. It is a form sent annually to obtain the names of league representatives to every league in the state and to make sure that the league representatives are designated by the school district or school governing boards. **It is a legal requirement that league representatives be so designated.**

The education code gives the authority for high school athletics to high school governing boards. The code also requires that the boards, after joining CIF, designate their representatives to CIF leagues. This is a necessity! (Ed. Code 33353 (a) (1))

We request that, following action by your governing board, you **send the names of league representatives to your CIF Section office**. Obviously, the presumption behind this code section is that only the designated representatives of the boards will vote on issues at the league and section level that impact athletics. If a governing board does not take appropriate action to designate representatives or this information is not given to Section offices within the required time frame, CIF is required to suspend voting privileges (CIF Constitution, Article 2, Section 25, p. 18) for the affected schools.

At the State Federated Council level, we will be asking that Sections verify that their representatives are designated in compliance with this Ed. Code section.

I hope this gives you a bit of background. Thank you for all you do to help support high school athletics. It is a valuable program in all high schools, and we appreciate the support you give to the program and to CIF.

**Please return the enclosed form no later than June 27, 2025, directly to your CIF Section Office.**
