<u>Recommendation</u>: Develop, improve and implement effective policy and practices that better serves disenfranchised, underserved, and underperforming students, and creates an equitable and engaging school environment for all.

Background/Rationale: Blacks Making a Difference (BMAD) is a youth mentoring and advocacy leadership group that provides intensive supports to Black students throughout the Sacramento Region. BMAD provides young people with the guidance needed to explore their identity as Black youth, while encouraging young people to reexamine negative stereotypes and establish a more positive sense of identity to successfully navigate through their academic and social lives.

The current focus of BMAD is to develop awareness to the consistent underperformance, disproportionate discipline, and under-preparation of students in general, Black students in particular, within the Sacramento City Unified School District. Although BMAD's primary focus is Black youth, we understand that the collective community is impacted by the decisions and climate created within our schools. Our recommendations reflect a collective approach to addressing common obstacles faced by young people.

Recent state legislation (AB2316) made significant changes to K-12 lease-leaseback statutes, Education Code §17400 et seq. AB2316 requires a competitive process in selecting the lease-leaseback contractor, and in some cases, authorizes pre-construction services by the same lease-leaseback contractor.

Per AB2316, staff solicited "Request for Proposals" by advertising and sending notices directly to contractors. Proposals received were evaluated and ranked based on scoring criteria used to determine "best value".

RETENTION OF ARCHITECT: STANDARD OF CARE

District retains Architect to perform, and Architect agrees to provide to District, for the consideration and upon the terms and conditions set forth below, the architectural and engineering services specified in this Master Agreement and related incidental services. The Architect agrees to perform such services as expeditiously as is consistent with professional skill and care and the orderly progress of the Project, and in accordance with a mutually acceptable project schedule as set forth in each Project Authorization Form. The schedule shall include reasonable allowances for review and approval of deliverables under the Master Agreement by the District and governmental entities having jurisdiction over the Project. The schedule may be adjusted by the Parties, in writing, as the Project progresses, to address circumstances beyond the Architect's reasonable control.

All services performed by the Architect under and required by this Master Agreement shall be performed (a) in compliance with this Master Agreement and (b) in a manner consistent with the level of care and skill ordinarily exercised by architects in the same discipline, on similar projects in California with similar complexity and with similar agreements, who are licensed and qualified to provide the services required by the District; and all such services shall be conducted in conformance to, and compliance with, all applicable Federal, State and local laws, including but not limited to statutes, decisions, regulations, building or other codes, ordinances, charters, and the Americans with Disabilities Act ("ADA") that are in effect as of the date of this Master Agreement. Architect shall be responsible for the completeness and accuracy of the plans and specifications.

ARTICLE 3

DESCRIPTION OF PROJECT

The Project concerning which such architectural services shall be provided is described in the Project Authorization Form, issued for each individual project (sample attached).

ARTICLE 4

COMPENSATION

4.1 Basic Services

4.1.1 For all "Basic Services" satisfactorily performed as defined in Articles 1 and 5 of this Master Agreement, the total compensation paid to the Architect for the Project is set forth in the Project Authorization form attached hereto as Exhibit A. This compensation shall be paid pursuant to the following schedule:

Initial Payment	0%
Upon Completion of:	
Schematic Design	10%
Design Development Phase (50%)	10%
Design Development Phase (100%)	10%
Contract Documents Phase (50%)	10%
Contract Documents Phase (100%)	10%
DSA Back Check	10%
Bidding Phase	10%
Construction Phase	25%
Close Out Phase	5%

TOTAL BASIC COMPENSATION 100%

4.2 Additional Services

4.2.1 For all "Additional Services," as defined in Articles 1 and 6 of this Master Agreement, compensation shall be a fee to be agreed upon by the parties in writing prior to performance of such services by Architect. Unless expressly stated in the written authorization to proceed with the additional services, the fee for such additional services shall be an amount computed by multiplying the hours to be worked by Architect's staff or Architect's consultants by their standard billing rates as shown in Attachment Two of the Project Authorization (Exhibit A) or as otherwise specifically approved in writing in advance by District.

4.2.2 Architect shall keep complete records showing all hours worked and all costs and charges applicable to work not covered by the basic fee. Architect will be responsible for Architect's consultants keeping similar records. District shall be given reasonable access to those records for audit purposes.

4.3 Reimbursable Expenses

Reimbursable Expenses are in addition to the Compensation for Basic and Additional Services and include actual expenditures made by the Architect and the Architect's employees and consultants in the interest of the Project for the expenses listed below:

4.3.1 If authorized in advance, expense of transportation in connection with the Project; living expenses in connection with out-of-town travel; and long distance communications.

4.3.2 Expense of reproductions; fax, postage and messenger for transmission of drawings, specifications and other documents (excluding reproductions for the office use of the Architect and the Architect's consultants).

4.3.3 Expense of data processing and photographic production techniques when used in connection with Additional Services.

4.3.4 If authorized in advance by the District, expense of overtime work requiring higher than regular rates.

4.3.5 Expense of renderings, models and mock-ups requested by the District; expense of publishing pursuant to section 5.6.5.

<u>Reimbursable Expenses do not include</u> indirect costs, such as general overhead (for example, home office overhead [including technology hardware and software] or insurance premiums), for which Architect must pay out of its compensation for services under Section 4.1, above; nor do they include expenses incurred in connection with Basic or Additional Services that result from Wrongful Acts or Omissions. Architect may not charge a mark-up on Reimbursable Expenses. Payment for all Reimbursable Expenses incurred in connection with either Basic or Additional Services shall be made on a monthly basis. Invoices, receipts or other documentation to establish the validity of all reimbursable expenses shall be a prerequisite to District payment of such expenses.

4.4 Each payment to Architect for Basic and Additional Services satisfactorily performed, and Reimbursable Expenses reasonably incurred, shall be made in the usual course of District business after presentation by Architect of a properly documented and submitted monthly invoice approved by District's authorized representative designating the services performed, or Reimbursable Expenses incurred, the method of computation of the amount payable, and the amount payable. District shall pay approved invoices within sixty (60) days after proper submission by Architect, and Architect otherwise waives all rights and remedies under law related to receipt of payment. To be properly submitted, an invoice shall be timely, be accompanied by all necessary documentation, list all activities performed and specify to which phase of the Architect's work listed in Section 4.1.1 it relates, and for each activity performed list the person performing it and the person's rate of compensation. Architect's invoice shall be submitted within ten (10) days of the end of the monthly billing period. If District disputes a portion of a properly submitted invoice, it shall notify Architect of the dispute and, upon Architect's written request, arrange for a meeting to confer about, and potentially resolve the dispute. Prior to this meeting, Architect shall provide all documentation requested to support disputed portions of properly submitted invoice. Regardless of any such dispute about an invoice or payment, Architect shall continue to provide all services required by this Master Agreement and law until the end of the Project, even if District and Architect cannot resolve all such disputes.

4.5 The Architect's compensation shall be paid at the time and in the amount noted, where the amount due to the Architect is not disputed, notwithstanding a Contractor-caused delay in completion of the project or reduction of final construction cost by reason of penalties, liquidated damages, or other amounts withheld from the Contractor. However, District may withhold from payments to Architect to the extent that (i) Basic and Additional Services remain to be performed, including but not limited to those required for project closeout and payments to Contractor; and (ii) Wrongful Acts or Omissions caused District to incur damages, losses, liabilities or costs, including but not limited to withholding any amounts for which Architect is responsible under Section 5.7.20.

4.6 Should District cancel the Project pursuant to section 12.1 of this Master Agreement at any time during the performance of this Master Agreement, Architect shall, upon notice of such cancellation, immediately cease all work under this Agreement. In such event, Architect's total fee for all services performed shall be computed as set forth in Section 12.1.

4.7 Architect shall not accept compensation or other benefits from other persons related to the Project, including payments from manufacturers of construction materials that are specified in the design.

ARTICLE 5

BASIC SERVICES TO BE RENDERED BY ARCHITECT

5.1 General

5.1.1 Architect's Basic Services consist of the design services, including landscaping architectural services and landscape irrigation design, civil, structural, mechanical, and electrical engineering services, normally required to complete the Project. The Basic Services also include the services described in this Article 5, below, including but not limited to bid package preparation, bid handling, preparation and processing of change orders, requests for information, and other contract administration duties. The District shall have the right to add or delete from the Architect's scope of services as it may determine is necessary for the best interests of the Project and/or the District. Architect shall expeditiously and diligently perform all of its work and obligations under this Master Agreement. Architect may not cease, delay or reduce, or threaten to cease, delay or reduce, its performance based on a payment dispute with District under Section 4.4, above. The Architect acknowledges that its priority is to complete the Project and the Architect's services, and that any payment disputes with the District under Section 4.4, if not resolved during the Project, must wait for resolution after the Project until or unless this dispute is 12.5% or more of the contracted fee.

5.1.2 The Architect shall review the estimate described more fully hereinafter at each phase of Architect's services, also as defined hereinafter. If such estimates are in excess of the project budget, the Architect shall revise the type or quality of construction to come within the budgeted limit.

5.1.3 Whenever the Architect's services include the presentation to the District of Project Construction Cost, the Architect shall include a reasonable amount for contingency costs arising from, among other things, higher bids than anticipated, future increase in construction costs, and change orders based on unforeseen site conditions. However, any such contingency for change orders shall not affect Architect's compensation.

5.1.4 The Architect shall notify the District if there are any indicated adjustments in previously provided Project Construction Cost arising from market fluctuations or approved changes in scope or requirements based upon a mutually agreed upon index. Any such adjustments shall not affect Architect's compensation until bids are received and accepted.

5.1.5 At the District's request, the Architect and Architect's consultants shall cooperate with District and the District's consultants in verifying that Architect's plans, specifications, studies, drawings, estimates or other documents relating to the Project are constructible and otherwise comply with the Contract Documents. If there are project meetings during the design and construction phases, Architect shall attend those meetings.

5.1.6 The Architect shall investigate existing conditions of facilities and thoroughly account for and list in the construction documents any pertinent conditions of such facilities, all in a manner that satisfies the standard of care and level of performance required by this Master Agreement. Architect's investigation required by this provision shall be limited to non-destructive evaluation.

5.1.7 Architect shall provide a list of employees who will be dedicated to delivering the project on time and within budget. All personnel provided by Architect shall be qualified to perform the services for which they are hired. Architect shall obtain District's approval of each employee of Architect who provides services under this Master Agreement, and approval of each change of employees who are providing such services. District may, upon 24 hours written notice, cause Architect to remove a person from the Project if he/she has failed to perform to District's satisfaction. Should additional employees be required to timely perform all of the services required under this Master Agreement and/or to avoid delay, Architect shall provide them immediately.

5.1.8 Architect is an agent of District and shall reasonably represent the District at all times in relation to the Project.

5.1.9 Architect shall be fully licensed as required by law at all times when providing services under this Master Agreement.

5.2 Consultants

5.2.1 <u>Architect's Consultants</u>. The Architect shall employ or retain at Architect's own expense, engineers and other consultants necessary to Architect's performance of this Master Agreement and licensed to practice in their respective professions in the State of California. Engineers and consultants employed by Architect for this Project shall be approved by District prior to their commencement of work. The Architect's consultants shall be employed to provide assistance during all aspects of the Project and will include, in addition to design services: review of schedules, shop drawings, samples, submittals, and requests for information. The Architect's Consultants shall also conduct periodic inspections of the site to determine conformance with the Project design and specifications and shall participate in the final inspections and development of any "punch list" items. Architect must disclose to District all such consultants retained, and the compensation paid to them.

5.2.2 <u>District's Consultants.</u> Architect shall confer and cooperate with consultants retained by District as may be requested by District or as reasonably necessary. District may retain a construction manager to assist District in performance of District's duties for the Project.

5.2.3 The Architect shall assist the District in procuring a certified survey of the site if required, including grades and lines of streets, alleys, pavements, adjoining properties and structures; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the building site, locations, dimensions and floor elevations of existing buildings, other improvements and trees; and full information as to available utility services and lines, both public and private above and below grade, including inverts and depths. All the information on the survey customarily referenced to a project benchmark shall be referenced to a Project benchmark. The cost of any such survey shall be borne by the District, and the District shall own and, upon termination of this Master Agreement or completion of the Project, shall have returned to it by Architect any designs, plans, specifications, studies, drawings, estimates or other documents prepared as part of the survey. Architect shall be allowed to rely on the accuracy of said survey.

5.2.4 Architect shall assist the District in procuring chemical, mechanical or other tests required for proper design. Tests for hazardous materials and borings or test pits necessary for determining subsoil conditions will be the responsibility of the District, and the District shall own and, upon termination of this Master Agreement or completion of the Project, shall have returned to it by Architect any designs, plans, specifications, studies, drawings, estimates or other documents prepared as part of the testing.

5.2.5 Architect shall assist the District and its consultants to apply for funding for the Project from the State Allocation Board. Architect shall be responsible for all submittals required of the Architect by the Division of the State Architect ("DSA"), Office of Public School Construction ("OPSC") and California Department of Education in connection therewith, including but not limited to: New Construction Program, Modernization Program, Career Technical Education, Critically Overcrowded Schools, Emergency Repair Program, Facility Hardship Program, High Performance Incentive, Joint-Use Program, Overcrowding Relief Grant and the Seismic Mitigation Program.

5.3 Schematic Design Phase

5.3.1 The Architect shall review all information concerning the Project delivered or communicated by the District to the Architect to ascertain the requirements of the Project and shall arrive at a mutual understanding of such requirements with the District.

5.3.2 The Architect shall provide a preliminary evaluation of the District's Project, schedule and construction budget requirements, each in terms of the other.

5.3.3 The Architect shall review with the District alternative approaches to the design and construction of the Project, and shall include alternatives that may reduce the cost of the Project.

5.3.4 Based on a mutual understanding of the District's budget and scope of work requirements, the Architect shall prepare for the District's written approval, schematic design documents, which include but are not limited to, schematic design studies, site utilization plans, a description of the Project showing, among other things, the scale and relationship of the components of the Project, preparation of a written estimated statement of Project Construction Cost and a written time schedule for the performance of the work that itemizes constraints and critical path issues. The schematic design documents shall represent a 15% complete design. The Project Construction Cost shall be based on current area, volume and other unit costs, shall conform to District's total construction cost budget, and shall include reasonable contingencies for all

construction and construction management work. The written schedule shall conform to District's milestone and completion deadline requirements. Nevertheless, Architect is encouraged to make recommendations to District regarding additional benefits that could be realized by increasing the District's total construction cost budget, or by altering the District's completion deadlines. If District incorporates any recommended changes, then Architect shall revise the schematic design documents, including but not limited to the written statement of Project Construction Cost and written schedule for the performance of work, as necessary until the District approves them in writing. If requested by the District, Architect shall attend, and present at, as many meetings of the District's governing board as may be necessary to obtain written approval of the schematic design documents.

5.3.5 The Architect shall submit to the District a preliminary Project Construction Cost based on current area, volume and other unit costs.

5.4 Design Development Phase

5.4.1 Following District's written approval of the schematic design documents, including the estimate of Project Construction Cost and schedule, Architect shall provide all necessary architectural and engineering services to prepare design development documents for the District's written approval, which fix and describe the size and character of the project and which shall include, but are not limited to, site and floor plans, elevations and other approved drawings and shall outline the specifications of the entire Project as to kind and quality of materials, categories of proposed work such as architectural, structural, mechanical and electrical systems, types of structures and all such other work as may be required. During the design development phase, Architect will keep the Project within all budget and scope constraints set by the District. The design development documents shall represent a 50% complete design. The design development documents shall include a revised Project Construction Cost, and a revised construction schedule. The revised Project Construction Cost shall be based on current area, volume and other unit costs. The revised Project Construction Cost shall conform to District's total construction cost budget and shall include reasonable contingencies for all construction and construction management work, and the revised construction schedule shall conform to District's milestone and completion deadline requirements. Nevertheless, Architect is encouraged to make recommendations to District regarding additional benefits that could be realized by altering the District's total construction cost budget or completion deadlines. If District incorporates any recommended changes or otherwise does not approve the submitted design development documents, then Architect shall revise the design development documents, including but not limited to the written statement of Project Construction Cost and written schedule for the performance of work, as necessary until District approves them in writing.

If requested by the District, Architect shall attend, and present at, as many meetings of the District's governing board as may be necessary to obtain written approval of the design development documents.

5.4.2 The Architect shall assist the District and its consultants in the preparation and/or modification of the Storm Water Pollution Prevention Plan if any such plan is required for this Project.

5.4.3 Architect shall provide necessary documents for and oversee the processing of District's application for and obtaining of required approvals from the DSA, the OPSC (if applicable), the California Department of Education, the State Fire Marshall and other agencies exercising jurisdiction over the Project. Architect shall also be responsible for the preparation and

submission of any required applications, notices or certificates to public agencies as required by law. Architect shall provide a copy of all such documents to the District.

5.4.4 The Architect shall advise the District of any adjustments to the preliminary Project Construction Cost.

5.4.5 Architect shall identify areas of construction for which unit pricing shall be required as part of the Contractor's bid.

5.4.6 Architect shall provide at no expense to the District one complete set of preliminary plans for the review and written approval of the District and one set for each public agency having approval authority over such plans for their review and approval at no expense to the District.

5.5 Contract Documents Phase

5.5.1 Following the District's written approval of the design development documents, including the Project Construction Cost and construction schedule, the Architect shall prepare Contract Documents consisting of 100% complete working drawings and specifications setting forth the work to be done in detail sufficient for construction, including but not limited to the materials, workmanship, finishes and equipment required for the architectural, structural, mechanical, electrical system and utility-service- connected equipment and site work. Architect shall ensure that the drawings and specifications are, among other things, complete, accurate, and coordinated so as to eliminate errors, omissions and conflicts, especially between the work of a subconsultant and other subconsultants or the Architect; and Architect may not shift its responsibility for completeness, accuracy and coordination to the Contractor, except on a clearly designated design-build project. Architect shall also update the construction schedule and the Project Construction Cost for District approval. The Contract Documents shall conform to, comply with, and satisfy all applicable Federal, State and local laws, including but not limited to statutes, decisions, regulations, building or other codes, ordinances, charters, and the Americans with Disabilities Act ("ADA"). As part of the Contract Documents, Architect shall prepare an accurate set of drawings indicating dimensions and locations of existing buried utility lines, which shall be included in the bid packages. This project will not be delivered utilizing Construction Management, Multi Prime.

5.5.2 Architect shall consult with and involve the District in development of the bid documents and bid package, and shall forward them to the District for written approval prior to their use. If the District is using a multiple prime delivery method for the Project with multiple bid packages, then Architect shall consult with and involve the District in identification and development of the bid documents and bid packages, and shall forward them to the District for written approval prior to their use.

5.5.3 Prior to submission of the Contract Documents to DSA for plan check, the Architect shall submit the Contract Documents to the District for an opportunity to review them for various issues, including but not limited to constructability, scheduling, general completeness, clarity, consistency, coordination, cost-effectiveness, value engineering, identification of possible add/delete bid alternatives, time of construction, and suitability for separation of the Project design, plans and specifications into bid packages for various categories and/or portions of the work. However, such review by District is not required. In addition, and prior to submission of the Contract Documents to DSA for plan check, Architect shall advise the District of all elements of the design applicable to the Project or lawfully imposed upon the Project by the Americans with Disabilities Act ("ADA").

5.5.4 After approval by the District and any constructability review, the Architect shall submit the Contract Documents to DSA for plan check, and make the reasonably necessary corrections to secure DSA approval.

5.5.5 The Architect shall give the District, at the time of DSA approval of the final form of the Contract Documents, Architect's final estimate of Project Construction Cost and construction schedule, which shall be given final written approval by the District along with the Contract Documents. The revised Project Construction Cost shall be based on current area, volume and other unit costs, and on a mutually acceptable recognized building cost index, and shall include a reasonable contingency. In preparing the revised estimate of Project Construction cost and construction schedule for the Contract Documents, the Architect shall consult with and involve the District in the process to maximize accuracy and completeness. If the District is intending to enter multiple prime contracts, the Project Construction Cost shall include separate bid estimates for each bid package, plus a reasonable contingency; and the construction schedule shall reflect the fact that multiple contractors will be performing separate bid packages, including a general conditions bid package. The revised Project Construction Cost estimate shall conform to District's total Project budget, and the revised construction schedule shall conform to District's milestone and completion deadline requirements. If requested by the District, Architect shall attend, and present at, as many meetings of the District's governing board as may be necessary to obtain written approval of the Contract Documents.

5.6 Bidding and Negotiations Phase

5.6.1 Following DSA's and District's written approval of Contract Documents and the District's written acceptance of Architect's final estimate of Project Construction Cost and Construction schedule, Architect shall continue to work with the District in finalizing the bid documents and bid package, as described in Section 5.5.2, above. Architect shall reproduce the bid documents as requested by the District and shall assist the District in evaluating contract proposals or bids, as well as substitutions proposed by contractors, and in awarding the bids. All sets of Contract Documents requested by the District, which does not include those for the use of the Architect or its consultants, shall be reproduced at District's expense.

5.6.2 Architect's estimate of Project Construction Cost at the time of DSA approval of the Contract Documents shall be current as of that date. Should bids be received more than ninety (90) days after the date of that Project Construction Cost, the Architect's total construction cost shall be escalated by the cost-of-construction in the then current mutually agreed upon recognized building cost index.

5.6.3 Should the lowest responsible and responsive bid received on a bid package exceed Architect's most recent approved estimate of Project Construction Cost for that bid package (or amount adjusted according to the then current mutually agreed upon recognized building cost index) as accepted by District by more than ten percent (10%), Architect shall, on request by District and as part of Architect's Basic Services, make such changes in the plans and specifications as shall be necessary to bring new bids within ten percent (10%) of such Project Construction Cost. In making such changes, Architect will exercise Architect's best judgment in determining the balance between the size of the Project, the type of construction, and the quality of the construction to achieve a satisfactory project within ten percent (10%) of Architect's Project Construction Cost. To avoid the potential for bids to exceed the estimate by more than 10% at bid opening, the Architect may, as an alternative, include in the Contract Documents one or more deductive alternatives so that Architect and District may evaluate different means to achieve a satisfactory project within ten percent (10%)

of the Architect's Project Construction Cost.

5.6.4 If requested by the District, Architect shall assist in the review of the qualifications of all bidders for the construction of the Project, and shall make recommendations to the District as to whether, in the Architect's professional opinion, a bidder meets the minimum requirements.

5.6.5 If, in the District's discretion, the District will seek total or partial State funding for this Project, the Architect shall also assist in the preparation and submittal of the appropriate documentation to the OPSC.

5.7 Construction Phase

5.7.1 The construction phase shall begin on the date stated in the official Notice to Proceed and, solely for purposes of payment of the Architect, shall be deemed complete upon District's written approval of Architect's final certificate for payment to Contractor, provided that such certification and payment shall not constitute an admission by Architect or District that the Project has been completed in accordance with Contract Documents or in conformance with this Master Agreement.

5.7.2 All instructions to the Contractor shall be forwarded through the Architect unless otherwise directed by the District. The Architect shall advise and consult with the District in the general administration of the Project. The Architect will have authority to act on behalf of the District only to the extent provided in the Contract Documents, unless the District grants additional authority in writing.

5.7.3 The Architect shall timely provide District with copies of all of its correspondence with the Contractors.

5.7.4 The Architect shall provide prompt and timely direction to the District's Project inspectors and/or contractors as to the interpretation of Contract Documents. Architect shall respond to all requests for information ("RFI's") from a Contractor within fourteen (14) calendar days of receipt, unless the subject of the RFI is impacting, or may impact, the critical path of the project and is causing, or may cause, delay, in which case the Architect shall respond as soon as reasonably possible, if not immediately. If the Architect is not able to take action within the time required due to reasons beyond Architect's control, the Architect may take action within a reasonable period of time under the circumstances; however, the Architect shall make such determination within seven (7) calendar days of receipt of the RFI, and shall notify the District and Contractor immediately after such determination with an explanation as to why the Architect cannot take action within the time required, what the Architect is doing to expedite its response, when the Architect expects to be able to issue a response, and what action, if any, should be taken by District or Contractor in the meantime to mitigate delays and/or costs.

5.7.5 Based on information provided by the Contractor and Architect's own knowledge of the Project (including documents in Architect's possession or reasonably available to it), Architect shall prepare an accurate set of as-built record drawings indicating dimensions and locations of all work, including but not limited to buried utility lines and mechanical, electrical and plumbing layouts, which shall be forwarded to the District upon completion of the Project in both DWG and PDF formats. Architect will also provide the District with revised "1A's" as part of the Close Out Phase. While Architect cannot guarantee precise accuracy of such drawings, Architect shall exercise reasonable care in reviewing such drawings to determine their general compliance with the Contract Documents. Architect shall have no responsibility for their conformity to field conditions. Except that in the event that the Architect, consistent with standards of due care, becomes aware of non-conformity with field conditions, Architect shall have a duty immediately to notify the District in writing. Architect shall also assemble and deliver to District all written guarantees, instruction books, operation and maintenance manuals, diagrams, charts and other documents required of Contractors.

5.7.6 The Architect shall be responsible for the preparation and submission of any notifications regarding excavation in areas which are known or suspected to contain subsurface installations pursuant to Government Code section 4216, *et seq.* The Architect may delegate this responsibility to a Contractor if such power to delegate was included in the Contract Documents and bid package. However, Architect shall not be responsible for supervising such Contractor to ensure performance of this task. Architect shall provide a copy of all such notifications to the District.

5.7.7 The Architect shall, at all times, have access to the Project wherever it is in preparation and progress. To the extent reasonably possible given Contractor's work in progress, the District shall provide such access so that the Architect may perform its functions under the Master Agreement and Contract Documents.

5.7.8 In the discharge of its duties of observation and interpretation, the Architect shall require Contractors to comply with the Contract Documents, and shall guard the District against defects and deficiencies in the work of the Contractor. The Architect shall advise and consult with the District and inspectors concerning the Contractor's compliance with the Contract Documents and shall assist the District and inspectors in securing the Contractor's compliance.

Architect has the primary responsibility for the Project to coordinate the compliance of the DSA Construction Oversight Process ("DSA Oversight Process"). The Architect must comply with the applicable requirements of the DSA Construction Oversight Process, including but not limited to (a) Submitting the inspection card request, DSA Form 102-IC); (b) Providing a verified report (DSA 6-AE) at the completion of each block and section of each inspection card; (c) Directing and monitoring the IOR and the laboratory of record; and (d) Coordinating with the Owner, Contractor, Construction Manager, and laboratories, and the IOR to meet the DSA Construction Oversight Process requirements without delay or added costs to the Project.

Architect shall be responsible for any additional DSA fees related to review of proposed changes to the DSA-approved construction documents, to the extent required under Section 5.7.20.2.

5.7.9 The Architect shall visit the site enough times to adequately perform its professional duties and comply with DSA requirements, but under no circumstances less than one time per week (unless fewer visits are authorized by the District), to maintain familiarity with the quality and progress of the Project, to determine that the Contractor's work substantially complies with all documents, drawings, plans and specifications and that the Project is progressing in substantial accordance with the Contract Documents. Such observations are to be distinguished from the continuous inspection provided by the Project Inspector unless Architect has agreed in writing to serve as the District's Project Inspector.

5.7.10 The Architect shall notify the District promptly of any significant defect in materials, equipment or workmanship, and of any default by any Contractor in the orderly and timely prosecution of the Project. Architect will exercise reasonable care in the discharge of Architect's obligation to discover significant defects and faults.

5.7.11 The Architect shall review and approve, take exception to, or take other appropriate action upon all schedules, shop drawings, samples and other submissions of the Contractor to determine general conformance with the Project design and specifications as set forth in the Contract Documents. All such action shall be taken within fourteen (14) days of receipt of the submittals, unless the critical path of the Project is impacted in which case Architect shall take such action as soon as possible. If Architect is not able to take such action within the required time due to reasons beyond Architect's control, the Architect may take action within a reasonable period of time under the circumstances; however, the Architect shall make such determination within four (4) calendar days of receipt of the submission, and shall notify the District and Contractor immediately after such determination with an explanation as to why the Architect cannot take action within the time required, what the Architect is doing to expedite its response, when the Architect expects to be able to issue a response, and what action, if any, should be taken by District or Contractor in the meantime to mitigate delays and/or costs. The Architect will have the authority to reject work and materials which do not conform to the Contract Documents. The Architect's approval of a specific item shall not be an approval of an assembly of which the item is a component. Whenever, in the Architect's reasonable judgment, it is considered necessary or advisable for the implementation of the intent of the Contract Documents, the Architect will have authority to require special inspection or testing of the work or materials in accordance with the Contract Documents whether or not such work or materials be then fabricated, installed or completed. The Architect will also recommend substitution of materials or equipment when, in the Architect's reasonable judgment, such action is necessary to the accomplishment of the intent and purpose of the Contract Documents. Such actions as are described in this paragraph shall be taken with reasonable promptness.

5.7.12 Architect shall assist the District in requiring Contractor to provide assistance in the utilization of any equipment or system such as initial start-up or testing, adjusting and balancing, preparation of operation and maintenance manuals and training personnel for operation and maintenance.

5.7.13 The Architect shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions or programs in connection with the work. The Architect shall not be responsible for acts or omissions of the Contractor, subcontractors, or their agents or employees or of any other persons performing portions of the Project not employed or retained by Architect, unless due to Wrongful Acts or Omissions.

5.7.14 The Architect shall make such regular reports as shall be required by agencies having jurisdiction over the Project and keep the District informed in writing of the progress of the Project.

5.7.15 The Architect will, consistent with standards of due care, make reasonable professional efforts to exclude hazardous materials from new construction. In the event the District or Architect is or becomes aware of the presence of, or exposure of persons to, asbestos, polychlorinated biphenyl (PCB) or any other toxic or hazardous contaminants, materials, air pollutants or water pollutants at the Project site ("Hazardous Substances"), or the substantial risk thereof, each shall have a duty immediately to notify the other in writing. The parties recognize, however, that neither Architect nor

the District is trained or licensed in the recognition or remediation of Hazardous Substances.

When the Project Authorization identifies this language as applicable to the Project, with respect to asbestos and asbestos containing materials, the parties acknowledge that the Architect has recommended and the District has agreed to retain a qualified consultant to evaluate the presence of such materials at certain District facilities which are included in the scope of this Master Agreement. In the event that said consultant recommends a procedure to deal with such materials, said consultant shall have the responsibility to draft specification language for the removal or other remediation of such materials, and subsequently may be required to certify that they have been properly removed or otherwise remediated. Architect shall include consultant's recommendations and specifications in the appropriate design documents for modernization and shall, as part of its Basic Services, provide designs and other bid documents consistent therewith.

When construction is properly completed, the Architect shall provide a letter that, to the best of the Architect's knowledge and reasonable belief, there are no Hazardous Substances with regard to the Project. The District's consultant, not the Architect, shall provide to the District a certification that there are no Hazardous Substances with regard to the Project.

5.7.16 Based on the Architect's observations, and an evaluation of each Project Application for Payment, the Architect will estimate the amount of work completed by Contractor, and assist the District in (a) determining the amount owing to the Contractor, and (b) issuing Project Certificates for Payment incorporating such amount, all in accordance with the Contract Documents. The Architect's estimation of the amount of work completed by Contractor shall constitute representations by the Architect to the District that the quality of the completed work is in accordance with the Contract Documents based upon Architect's observations of the completed work and that the Contractor is entitled to payment for the completed work.

5.7.17 Notwithstanding anything else in this Master Agreement, as a part of its Basic Services, the Architect shall assist the District in evaluating and responding to claims, disputes and other matters in question between the Contractor and the District, including but not limited to claims made against the District as a result of alleged or claimed Wrongful Acts or Omissions, and shall in all instances provide such truthful testimonial assistance as may be required by the District at no cost to the District. Architect agrees to toll all statutory periods of limitations for District's claims, lawsuits or other proceedings against Architect which arise out of, or related to, any claims by Contractors against District until Contractors' claims are fully and finally resolved. This tolling period commences upon a Contractor's initial submission of a notice of claim, change order request or claim. At any time, District may terminate the tolling period effective ten (10) days after written notice to Architect, and after such termination, District may pursue claims, lawsuits or other proceedings against Architect.

5.7.18 The Architect will provide construction advice to the District on apparent deficiencies in construction, both during construction and after acceptance of the Project.

5.7.19 The Architect shall recommend, prepare and process the necessary change orders. Payment of fees to the Architect as a result of change orders shall be handled as follows:

5.7.19.1 <u>District-initiated change orders</u>. If a change order is initiated by the District, the Architect's fee for such change order shall be calculated on a percentage or hourly basis as agreed in writing by the District and the Architect prior to commencement of work on the change order. If a

change order is solicited by the District but not subsequently authorized by the District, the Architect shall be paid for time spent on the proposed change order as an Additional Service.

5.7.19.2 <u>Change orders due to Architect</u>. When a change order is necessitated as a result of Wrongful Acts or Omissions, the Architect's fees shall not be calculated by reference to the cost of any change order work which would not have been necessary in the absence of such Wrongful Acts or Omissions.

5.7.19.3 <u>Change orders beyond District or Architect control</u>. If a change order is necessitated as a result of changes in law, in-field changes required by governing agencies after document approval, unknown, unforeseeable or hidden conditions, or actual conditions inconsistent with available drawings of existing conditions, such change orders shall be handled in the same manner as District-initiated change orders.

5.7.20 Notwithstanding any other provision of this Master Agreement, in the event a change order is caused by, or necessitated as a result of Wrongful Acts or Omissions, or the District otherwise incurs costs or damages as a result of Wrongful Acts or Omissions, the Architect shall be responsible for the cost of the following:

5.7.20.1 In the event of such a change order, Architect shall be responsible for the difference between (a) what the contractor would have added to its original bid for the Project if the Wrongful Act or Omission had not occurred (i.e., the "added value" portion of the change order), and (b) what the contractor charges the District in the change order. The amount of added value of any change order work shall be based on the circumstances of the Architect's Wrongful Act or Omission and the change order work necessitated by the Wrongful Act or Omission. It is the parties' intent that the District should pay no more than what the District would have paid if the Wrongful Act or Omission had not occurred.

5.7.20.2 In addition, Architect shall be responsible for any other costs or damages which the District incurs as a result of Wrongful Acts or Omissions including but not limited to any delay damages the District pays to, or cannot collect from, Contractor or any third party.

Provided the District submits a claim for a backcharge to the Architect, describing in sufficient detail the basis for such a claim, it may backcharge, and withhold payment from the Architect for these costs and damages, and may seek reimbursement for any amount which exceeds any retention of the contract amount at the time of collection. When District so backcharges and withholds, upon Architect's request, District and Architect shall meet and confer in good faith in an effort to reach agreement on (a) whether a Wrongful Act or Omission occurred, (b) whether it caused the change order expense, (c) what damages have been incurred by District, and (d) what portion of the damages are attributable to Architect as described above. If District and Architect do not reach agreement on all four of these items when meeting and conferring, then District and Architect shall use mediation in good faith to resolve the dispute. The mediation service may be as the parties agree and, if they do not agree, then through the American Arbitration Association ("AAA") in Sacramento, California.

5.7.21 The Architect shall assist the District in determining the date of final completion and make a final detailed on-site review of the job with representatives of the District and the Contractor. Architect shall also perform a warranty review with District 30-60 days before expiration of the specified warranty on the Project.

5.7.22 The Architect shall assist the District in issuing the final certificate for payment and any other documents required to be recorded by law or generally accepted architectural or construction contract practice upon compliance with the requirements of the Contract Documents, provided that such certification shall not constitute an admission that the Project has been completed in accordance with Contract Documents or in conformance with this Master Agreement.

5.7.23 The Architect shall provide a color schedule of all finish materials in the Project for the District's review and approval.

If the District determines that more than limited contact with students will occur during the performance of these services, Attorney will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to the District.

District has determined that services performed under this Agreement will result in limited contact with pupils. Attorney is required to comply with the conditions listed in Exhibit A, Certification of Compliance. If the Attorney is unwilling to comply with these requirements, the Attorney's employees may not enter any school site until the Attorney provides the certification of fingerprinting clearance by the DOJ for employees providing services. These requirements apply to self-employed Attorneys.

It is the intention of the Parties, where fault is determined to have been contributory, principles of comparative fault will be followed and each Party shall bear the proportionate cost of any damage attributable to fault of that Party. It is further understood and agreed that such indemnification will survive the termination of this Agreement.

The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party or no later than three days after the day of mailing, whichever is sooner.

CERTIFICATION of COMPLIANCE

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that employees who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice (DOJ) must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. Depending on the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, the District may determine that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement, and that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

- 1. Employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
- 2. Employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
- 3. Attorney will inform all employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
- 4. Attorney will immediately report to District any apparent violation of these conditions.
- 5. Attorney shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, the Attorney cannot adhere to the conditions stated above, the Attorney shall immediately so inform the District and shall assign only employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, the Attorney shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

- Website is continually upgraded with the latest security updates
- Includes ongoing workshops and an interactive knowledge base to better leverage the site's technology and website best-practices

Our monitoring services ensure fast page load times, site stability and 99.9% site uptime (as measured over any 12-month period) for all SLA clients.

Daily backups. All site content (both application and data) is backed up each day and held for 7 days, enabling a fast "rollback" in the event of corruption or serious damage to the site.

Service-level support agreement. Support is defined as getting timely help resolving a problem with normal site operation, including, but not limited to, problems adding content to the site, site errors or warning messages, or any feature that has suddenly stopped working. Problems are reported to Digital Deployment through the client support interface so they are documented and can be quickly assigned to a support technician. Support requests are stored electronically so they are available to any designated person in the organization for later reference. SLA clients will receive a response within our SLA guidelines based upon the priority level of each submitted ticket.

Site upgrades. Digital Deployment will install updates to the content management system when appropriate. Exceptions include custom modules, third-party scripts, or modules no longer supported by the open-source community, although such exceptions are rare.

Standard features. Digital Deployment will install new platform-wide standard features and improve existing features at its discretion, on a monthly development cycle. After a new feature has been standardized and thoroughly tested, it will be added to your site at no charge.

Idea Forum. Clients have the ability to request new features or improvements to their sites in our forum. This allows the entire Digital Deployment community to collaborate on the best way to implement new functionality that will benefit multiple clients. SLA clients receive free implementation of the suggestion/feature if it becomes standard.

Mobile platform. The completely custom DD Mobile platform is available only as a service, and only to SLA customers. Clients not on an SLA will still have a website that functions on mobile devices, but they will not have the use of the mobile-enhanced version.

Post-launch accessibility, compatibility, and browser support. Digital Deployment strives to continuously improve the site's structure to better comply with web standards. Upon request, Digital Deployment will provide printed certification from the World Wide Web Consortium (W3C) and content quality.com demonstrating that Client's website complies with section 508 of the Federal Rehabilitation Act (29 U.S.C. §794d) and the W3C's Web Access Initiative to protect the Client from liability arising from having an inaccessible website. Example of accessibility, compatibility, and browser support issues: When the iPad was released in April 2010, it handled embedded video differently than other devices, such that videos would not play. Digital Deployment worked to resolve the issue at no cost to SLA clients, making uploaded video playable on the iPad a standard feature.

Site effectiveness and traffic analytics. The Client's website will give the Client the ability to create and organize content in such a way to improve search engine rankings, and make content on the site more relevant to search terms likely to be used by potential site visitors in search engine queries. Specifically, the Client's website gives Client the ability to create and manage specific language used by search

2

engines to index and rank website content, including visible and invisible "tags" such as keywords and meta-tags (non-visible index terms). This will enable major Internet search engines to better connect potential site visitors to material on the Client's website. Digital Deployment will update the Google Analytics tracking script on all pages if a new version becomes available, will provide training on how to use Google Analytics for monitoring site traffic to improve understanding of site visitors and their behavior on the Client's website (such as which content is most popular, identifying new versus returning site visitors, identifying where visitors are located geographically, how visitors reach the site, and what search terms visitors used with search engines). Digital Deployment will also provide ongoing improvements to the website architecture to optimize for traffic to the site in an effort to improve the site's search rank. This means ensuring the site adheres to best practices: keyword-rich page titles and paths, compliance with web standards, and continually making under-the-hood improvements to the semantic structure of the site.

Ongoing training and knowledge base. Digital Deployment may provide comprehensive in-depth professional development courses and/or webinars on specialized topics including, but not limited to: jumpstart training, content management 101, mobile platform training, publishing best practices, writing for search engine performance, Google Analytics, intro to social media and web 2.0 channels. Workshops are available on a first-come, first-serve basis when offered.

Digital Deployment will also provide SLA clients with access to its knowledge base, including frequently updated articles, expert tips and tricks, in-depth help, and industry best-practices.

Personalized training and/or consulting. For a fee, additional training and/or consulting is available as online or in-person sessions on any web-related topic relevant to the attendees, depending on the topic, presenter(s), and is subject to Digital Deployment staff availability. Clients must be actively enrolled in a SLA in order to qualify for personalized training or consulting.

Liability. By enrolling in our SLA program, the Client accepts responsibility for the content it publishes on its website and agrees to monitor the site to ensure the content on the site is appropriate and does not pose a risk to the Client. In return, Digital Deployment accepts responsibility for maintaining the website infrastructure and will take reasonable measures to ensure that installed software is kept current, that security patches are applied in a timely manner, and that any problems with the website infrastructure are quickly resolved.

SLA program subject to change. The details of Digital Deployment's SLA program are subject to change. Up-to-date program details are always available at <u>http://www.digitaldeployment.com/sla</u>.

Termination and Reinstatement of SLA

Clients who wish to terminate their SLA may do so at anytime with no cancellation fee. If the SLA is terminated, only website hosting will be provided. Addendum No. 001 to Technology Services Agreement for Education Code Section 49073.1 Compliance

This Addendum No. 001 ("Addendum") is entered into between Sacramento Unified School District ("LEA") and Digital Deployment ("Service Provider") on July 5, 2017 ("Effective Date")

WHEREAS, the LEA and the Service Provider entered into an agreement titled Sacramento City Unified School District Service-Level Agreement Program (SLA) / Website Services ("Technology Services Agreement") on July 5, 2017 and any addenda on July 5, 2017;

WHEREAS, pursuant to the Technology Services Agreement, the Service Provider agreed to provide the LEA the following services: website maintenance and hosting ("Services");

WHEREAS, the LEA is a California public entity subject to all state and federal laws governing education, including but not limited to California Assembly Bill 1584 ("AB 1584", currently found in Education Code section 49073.1), the California Education Code, the Children's Online Privacy and Protection Act ("COPPA"), and the Family Educational Rights and Privacy Act ("FERPA");

WHEREAS, Education Code Section 49073.1 requires, in part, that any agreement entered into, renewed or amended after January 1, 2015 between a local education agency and a third-party service provider must include certain terms; and

WHEREAS, the LEA and the Service Provider desire to have the Technology Services Agreement and the services comply with Education Code Section 49073.1.;

NOW, THEREFORE, for good and valuable consideration, the Parties agree as follows:

- 1. Service Provider shall not use any information in a Pupil Record for any purpose other than those required or specifically permitted by the Technology Services Agreement. For the purposes of this Addendum, a "Pupil Record" or Pupil Records" include any information directly related to a pupil that is maintained by the LEA or acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other LEA employees. Pupil Records does not include de-identified information (information that, on its own or in aggregate, cannot be used to identify an individual pupil) used by the third party (1) to improve educational products for adaptive learning purposes and for customized pupil learning; (2) to demonstrate the effectiveness of the operator's products in the marketing of those products; or (3) for the development and improvement of educational sites, services, or applications.
- 2. All Pupil Records obtained by Service Provider from LEA continue to be the property of and under control of the LEA. The LEA retains exclusive control over student and staff

data, including determining who may access data and how it may be used for legitimate authorized purposes.

- 3. Service Provider shall provide a means by which its employees, when so authorized, can search and export Pupil Records through reasonable procedures such that the LEA can respond to a parent, legal guardian or eligible student who seeks to review personally identifiable information on the pupil's records or correct erroneous information. Service Provider shall provide procedures for the transfer of pupil-generated content to an account, format or medium designated by the LEA.
- 4. Service Provider may not distribute Pupil Records to any third party without LEA's express written consent or as permitted by the Agreement, unless required by law. Unless permitted by the Agreement, use of subcontractors and subcontractor access to Pupil Records must be approved in writing by the LEA. Service Provider will ensure that approved subcontractors adhere to all provisions of the Technical Services Agreement and this Addendum. Provider ensures that any subcontractor or subprocessor that it engages to process, store or access Pupil Records has adequate technical security and organizational measures in place to keep Pupil Records secure and to comply with the terms of the Technical Services Agreement and this Addendum.
- Service Provider shall take actions to ensure the security and confidentiality of Pupil Records, including but not limited to designating and training responsible individuals on ensuring the security and confidentiality of Pupil Records.
 - 5.1. Service Provider shall maintain all data obtained or generated pursuant to the Agreement in a secure computer environment and not copy, reproduce or transmit data obtained pursuant to the Agreement except as necessary to fulfill the purpose of the original request. Service Provider shall warrant that security measures are in place to help protect against loss, misuse and alteration of the data under Service Provider's control. When the Service or data are accessed using a supported web browser, Secure Socket Layer ("SSL") or equivalent technology protects information, using both server authentication and data encryption to help ensure that data are safe, secure and available to only authorized users. Service Provider shall host content pursuant to the Service in a secure server environment that uses firewalls and other advanced technology to prevent Interference or access from outside intruders. Where applicable, the Service will require unique account identifiers, usernames and passwords that must be entered each time a client or user signs on.
- 6. Notwithstanding section 6.1 below, Service Provider certifies that Pupil Records shall not be retained or available to the Service Provider or any such third party that the Service Provider has contracted with for the purpose of providing the Service following the

Addendum No. 001 to Technology Services Agreement for Education Code Section 49073.1 Compliance Page 2 of 4

completion of the terms of the Technology Services Agreement. Service Provider shall destroy or return to the LEA all Pupil Records obtained pursuant to the Technology Services Agreement when such Pupil Records are no longer required for the Service, or within a reasonable period of time. Nothing in this Addendum authorizes the Service Provider to maintain personally identifiable data beyond the time period reasonably needed to complete the disposal of Pupil Records following the Service.

- 6.1. Service Provider may retain a specific pupil's records in the event that that pupil chooses to establish or maintain an account with the Service Provider for the purpose of storing pupil-generated content, either by retaining possession and control of their own pupil-generated content or by transferring pupil-generated content to a personal account.
- 7. Upon becoming aware of any unlawful or unauthorized access to Pupil Records stored on equipment used by Service Provider or in facilities used by Service Provider, Service Provider will take the following measures:
 - 7.1. Promptly notify the LEA of the suspected or actual incident;
 - 7.2. Promptly investigate the incident and provide LEA with detailed information regarding the incident, including the identity of affected Pupil Records and Users; and
 - 7.3. Assist the LEA in notifying affected users, affected parents, legal guardians of commercially reasonable steps to mitigate the effects and to minimize any damage resulting from the incident.
- 8. The terms and conditions of the Technology Services Agreement and any addenda are incorporated herein by reference. This Addendum shall govern the treatment of student records in order to comply with the privacy protections, including those found in FERPA and AB1584. In the event there is a conflict between the terms of this Addendum and the Technology Services Agreement or any other agreement or contract document(s) pertaining to the Technology Services Agreement, the terms of this Addendum shall apply. Notwithstanding the above statement, all other provisions of the Technology Services Agreement shall remain unaffected.
- 9. The term of this Addendum shall expire on the termination date stated in the Technology Services Agreement or in any addenda to such Technology Services Agreement, whichever controls.
- 10. Neither LEA nor Service Provider may modify or amend the terms of this Addendum without mutual written consent.

The Sacramento City Unified School District formed Sacramento City Unified School District Community Facilities District No. 2 (CFD #2) for the purpose of financing new and improved school facilities for students generated by new development within the District. CFD #2 was formed after receiving over two-thirds support (on an acreage voting basis) from property owners included within the Community Facilities District. The special tax proceeds from this CFD are being used to finance school construction bonds and / or provide public school facilities. This Report summarizes the fiscal year 2017-18 Special Tax, Method of Apportionment, and other related data.

There are currently 1,382 parcels in CFD #2, which includes both subdivided and nonsubdivided parcels. As of June 30, 2017 1,330 building permits for new homes within the Community Facility District have been issued, 17 parcels have prepaid their CFD #2 tax obligation in full. The total annual special tax to be collected within CFD #2 for fiscal year 2017-18 is \$1,683,786.37. Table 1 summarizes the current and historical Special Tax data by year.

TABLE 2 - SUMMARY OF SPECIAL TAX LEVIES BY YEAR

NOTES:

[1] The mitigation rate is the rate multiplied by residential square footage for the first fiscal year of new constructed SFR and MFR units.

[2] The multiplier is the rate at which the annual special tax is calculated by applying to the mitigation rates * assessable space minus any prepayments.

* The total tax and number of special tax units listed are the amounts

submitted to the County Auditors (after any revisions for property changes).

Administration of Community Facilities District

GENERAL ADMINISTRATIVE REQUIREMENTS

The Mello-Roos Community Facilities District Act of 1982 (the Act) requires that a Special Tax Report be prepared annually to identify the Special Tax Rate for all parcels to be assessed in the upcoming fiscal year. The levy data must subsequently be filed with the County Auditor before August 15 for inclusion on property tax bills.

After submission of the Special Tax levies, the final levies should be confirmed with the County Auditor prior to the preparation of tax bills, which typically occurs in October. The Special Tax is collected in two equal installments on the tax bills that are due on December 10 and April 10.

DELINQUENCY PROCEDURES

The District participates in the "Teeter Plan" whereby the Counties pay all delinquent special taxes to the District and in return the Counties institute collection proceedings and, when collected, keep all delinquent payments with interest and penalties. This plan allows the District to maintain reliable special tax revenues and reduces the cost of collection.

The District reviews the Tax Collector's public records annually by June 30 to determine the amount of special tax revenues and delinquencies during the fiscal year. If the amount of collections is less than 95% of the amount of special tax levy in such fiscal year, the School District has covenanted with bondholders to institute foreclosure proceedings no later than October 31 to enforce the lien against delinquent installments. The District is also obligated to institute foreclosure proceedings in the case of a single property owner who is delinquent by more than \$2,000. No property owner is currently delinquent by such amount and the delinquency rate on the special taxes is below 5%, so there is no requirement to commence foreclosure proceedings at this time.

NOTICES OF SPECIAL TAX LIEN

The Act states "For purposes of enabling sellers of real property subject to the levy of special taxes to satisfy the notice requirements of subdivision (b) of Section 1102.6 of the Civil Code, the designated office, department, or bureau shall furnish a Notice of Special Tax to any individual requesting the notice or any owner of property subject to a special tax levied by the local agency within five working days so receiving a request for such notice. The local agency may charge a reasonable fee for this service not to exceed ten dollars." A copy of this notice is included as Exhibit A.

In addition, any developer, subdivider or his or her agent or representative shall not sell or lease any property subject to the Special Tax until the prospective purchaser or lessee has been furnished with and signed a written notice of Special Tax Lien.

This notice is designed to clearly and accurately provide information about the special tax and the levy for the subject property.

SCI Consulting Group has developed a custom software system that will locate any property in the District and, among other functions, print customized notices of special tax lien. This software is included as a standard component of our administrative services.

REPORTING REQUIREMENTS

PUBLIC INFORMATION

Property owners and other interested persons can obtain information regarding special tax levies and other information by contacting the District or SCI Consulting Group at telephone number (800) 273-5167. The telephone number for SCI Consulting Group is also included with property tax bills.

ASSESSOR AND AUDITOR FILING AND REPORTING

Pursuant to the Act, the Mello-Roos Community Facilities Annual Report along with all special tax levies for the upcoming fiscal year must be filed with the County Auditor by August 11. The report and special tax levies will be submitted and confirmed for the fiscal year 2017-18.

CDIAC REPORTING

Article 53359.5 of the Act stipulates that any bonds sold on or after January 1, 1993 must provide the California Debt and Investment Advisory Commission (CDIAC) with annual reports not later than October 30, including the following information:

- 1. The principal amount of any bonds outstanding.
- 2. The balance in the bond reserve fund.
- 3. The balance in the capitalized interest fund, if any.

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT COMMUNITY FACILITIES DISTRICT NO.2 RATE AND METHOD OF APPORTIONMENT

A Special Tax, determined as described below, shall be levied each Fiscal Year by the Sacramento City Unified School District (the "District") within the boundaries of Community Facilities District No.2 ("CFD No. 2") to pay the Authorized Costs of the CFD No. 2, in accordance with the terms and conditions set forth herein.

- 1. <u>Definitions.</u> The following definitions shall apply:
 - A. "Assessable Space" means a quantity equal to the area (expressed in square feet) within the perimeter of a residential structure, not including any carport, walkway, garage, overhang, patio, enclosed patio, detached accessory structure or similar structure. This quantity shall be determined by the Superintendent in accordance with the standard practice used by the building department of the city or county issuing the building permit when calculating structural perimeters.
 - B. "Assessor's Parcel" ("Parcel") means a parcel of land designated on a map of the Sacramento County Assessor and assigned a discrete identifying number.
 - C. "Authorized Costs" means all authorized costs and expenses of the CEO set forth by law, and all costs necessary to administer the bonds, collect and administer the special taxes, and administer the CFD, including but not limited to funds to pay current debt service on the bonds, to accumulate funds for future debt service, to pay amounts delinquent on the bonds (or to become delinquent based upon past special tax delinquencies), to replenish the reserve fund to its proper level (or to reimburse payment to be made from the reserve fund based upon past special tax delinquencies), to pay directly for any authorized facilities or to accumulate funds for that purpose.
 - D. "Board" means the District's and CFD's Governing Board.
 - E. "CFD" or "CFD No. 2" means the Community Facilities District No. 2 of the Sacramento City Unified School District.
 - F. "District" means the Sacramento City Unified School District.
 - G. "Escalation Factor" means a rate of not more than 4.75 % per annum to be annually determined by the Board at the time taxes are levied and to be used to

calculate the Mitigation Rate.

- H. "Fiscal Year" means the period starting on July 1 and ending on the following June 30, except that the first Fiscal Year shall commence on the date the Board adopts the Resolution of intention to form CFD No. 2 and shall end on the next succeeding June 30.
- I. "Mitigation Rate" means, for calculations of the Special Tax payable in the first Fiscal Year, with respect to Multifamily Residential Property, \$2.42 per square foot of Assessable Space and, with respect to Single Family Residential Property, \$4.15 per square foot of Assessable Space and, for calculations of the Special Tax payable in each Fiscal Year thereafter, such amounts increased each Fiscal Year by the Escalation Factor and otherwise adjusted as provided in Section (B) hereof.
- J. "Multifamily Residential Property" means Residential Property for which a building permit for multifamily dwelling units is expected to be issued.
- K. "Residential Property" ("Property") means an Assessor's Parcel within CFD No. 2 that is zoned for residential use.
- L. "Single Family Residential Property" means Residential Property for which a building permit for a single family detached dwelling unit is expected to be issued.
- M. "Special Tax" means the special tax or special taxes authorized to be levied within CFD No. 2.
- N. "Superintendent" means the District Superintendent or the Superintendent's designee.
- O. "Tax Collection Schedule" means document to be prepared annually by the Superintendent for use by the Sacramento County Auditor in collecting the annual installments of the Special Tax each Fiscal Year.
- P. "Tax-Exempt Property" means any property within CFD No. 2 that in accordance with Section 2 hereof will not be taxed.
- Q. "Territory to be Annexed" means any territory that is within District boundaries but not included within the boundaries of CFD No. 2 upon formation.
- 2. <u>Tax-Exempt Property:</u>

Governmental property owned by the state, federal or other local governments will not be taxed except:

- A. If a public agency owning property including property held in trust for any beneficiary, that is exempt from a special tax pursuant to Government Code Section 53340 grants a leasehold after January 1, 1988, or other possessory interest in the property to a nonexempt person or entity, the Special Tax shall, notwithstanding Government Code Section 53340, be levied in the leasehold or possessory interest and shall be payable by the owner of the leasehold or possessory interest.
- B. If property not otherwise exempt from a special tax is acquired by a public entity other than the District through a negotiated transaction, or by gift or devise, the Special Tax shall, notwithstanding Government Code Section 53340, continue to be levied on the property acquired and shall be enforceable against the public entity that acquired the property.
- C. If property subject to a special tax is acquired by a public entity through eminent domain proceedings, the obligation to pay the Special Tax shall be treated as if it were a special annual assessment. For this purpose, the present value of the obligation to pay the Special Tax to pay the principal and interest on any indebtedness incurred by the CFD prior to the date of apportionment determined pursuant to Section 5082 of the Revenue and Taxation Code shall be treated the same as a fixed lien special assessment.

Parcels that are not Residential Property shall not be taxed

- 3. <u>Classification of Property. Determination of Tax Rates and Levy of Special Tax.</u>
 - A. At the beginning of each Fiscal Year, the Superintendent shall classify each Assessor's Parcel in CFD No. 2 as Tax-Exempt Property or as either Multifamily or Single Family Residential Property by reference to the standard practices of the city or county issuing building permits (or similar authorizations) for such Parcel.
 - B. At the time taxes are levied each Fiscal Year, the Board shall determine the Escalation Factor and calculate the Mitigation Rate applicable for such Fiscal Year.
 - C. At the beginning of each Fiscal Year, the Board shall levy the Special Tax as follows:
 - (1) For Tax-Exempt Property, no tax shall be levied.
 - (2) For each parcel for which a building permit issues during such Fiscal Year, the Board shall levy the Special Tax in an amount equal to the product of the Mitigation Rate and the Assessable Space of such Parcel.

If, after the annual levy and before a building permit is issued, a Parcel ceases to be or becomes Tax-Exempt Property or changes its classification from Single Family Residential Property to Multifamily Residential Property or from Multifamily Residential Property to Single Family Residential Property, then the Board shall revise the Special Tax to be levied against such Parcel.

- 4. <u>Payment of the Special Tax.</u>
 - A. The Special Tax is due upon the issuance of a building permit, or similar authorization for mobilehomes, for any Residential Property. Payment shall be made to the Superintendent by cashier's check or certified check payable to the CFD, and the Superintendent shall issue a receipt for payment showing the date and amount. If the Special Tax is not paid in Full, or if the owner elects (in accordance with the requirements of subsection B below) to pay all or part of the amount due in annual installments, the amount of the Special Tax that remains unpaid (the "Carryover Amount") shall be payable in annual installments (with interest) over a thirty-year period, calculated as described in subsection C below.
 - B. A Parcel owner may elect to pay the Special Tax in annual installments. Such election shall be made at the time a building permit or similar authorization for the Parcel is issued, shall be in writing on a form provided by the Superintendent, and shall be accompanied by payment of any part of the Special Tax that such owner elects to pay immediately.
 - C. If all or part of the Special Tax will be paid in annual installments, the amount payable in each year after the Special Tax has become due shall be the product of the Carryover Amount and the installment factor listed in the table below for such year:

D. At the beginning of each Fiscal Year, beginning in 1992-93, the Superintendent shall prepare a Tax Collection Schedule that includes the amount of annual installments of Special Taxes to be collected in such Fiscal Year. The Superintendent shall present the Tax Collection Schedule to the Board for its approval. The Superintendent shall deliver the Tax Collection Schedule, as approved by the Board, to the Sacramento County Auditor and request the Auditor to place the annual installments on the secured property tax rolls for the current Fiscal Year. The Superintendent shall deliver the Tax Collection Schedule to the Auditor not later than the date required by the Auditor for such inclusion.

5. <u>Collection of Installments of the Special Tax</u>

Installments of the Special Tax that are to be collected annually shall be collected upon the applicable Assessor's Parcels in the CFD in the same manner as ordinary ad valorem property taxes are collected and in accordance herewith; provided, however, that the CFD may collect installments at a different time or in a different manner if necessary to meet its financial obligations. All annual installments of Special Taxes shall be subject to the same penalties and lien priorities in the case of delinquency as is provided for ad valorem taxes. The Board shall cause the actions required above to be done for each Fiscal Year in a timely manner to assure that the Tax Collection Schedule is received by the Auditor of the County of Sacramento for inclusion with billings for ad valorem taxes for the applicable Fiscal Year.

6. <u>Termination of the Special Tax.</u>

The owner of a Parcel for which the Special Tax was not paid in full when due may, at any time thereafter, pay and permanently satisfy the Special Tax levied against such Parcel by paying to the Superintendent, by cashier's check or certified check payable to the CFD, an amount equal to the product of the Carryover Amount and the prepayment factor for the Fiscal Year in which such payment is made as shown in the table under paragraph 4(C) above.

In the event the Special Tax has been paid and permanently satisfied with respect to a Parcel, the Board shall record a Notice of Cancellation of Special Tax Lien as to that Parcel pursuant to Section 53344 of the Government Code. The Notice of Cancellation of Special Tax Lien shall identify with particularity the Special Tax that has been paid and permanently satisfied, shall contain the book and page number in the records of the county recorder where the Notice of Special Tax Lien being canceled is recorded, shall contain the legal description and assessor's parcel number of the particular Parcel of land subject to the lien, and shall contain the name of the owner of record of the Parcel. The Board may specify a charge payable by the owner of record for the preparation and recordation of this notice.

7. <u>Appeals and Interpretation Procedure.</u>

Any taxpayer subject to the Special Tax claiming that the amount or application of the Special Tax or an annual installment thereof has not been properly computed may file a notice with the Superintendent appealing the levy or collection of the Special Tax or annual installment. The Superintendent will promptly review the appeal and, if necessary, meet with the applicant and decide the appeal. If the findings of the Superintendent verify that the tax should be modified or changed, the Tax Collection Schedule shall be corrected if necessary and, if applicable, a refund shall be granted in accordance with Section 8 hereof. Any dispute over the decision of the Superintendent shall be referred to the Board, and the decision of the Board with respect to the Special Tax or annual installment shall be final.

Interpretation may be made by resolution of the Board for purposes of clarifying any vagueness or uncertainty as it relates to the application of the Special Tax rate, the calculation of the amount of any annual installment or prepayment amount, the application of the method of apportionment, the classification of Parcels, or any definition applicable to the CFD.

8. <u>Claim for Refund.</u>

All claims for refund of Special Tax (or annual installment thereof) collected on behalf of the CFD shall be filed with the Superintendent not later than one year after the date the Special Tax (or annual installment) has been paid to the County or to the Superintendent on behalf of the CFD in cases where the tax is not collected by the County. The claimant shall file the claim within this time period, and the claim shall be finally acted upon by the Board as a prerequisite to the claimant's bringing suit thereon. Pursuant to Government Code section 935(b), the claim shall be subject to the provisions of Government Code sections 945.6 and 946.

The Board acting on its own behalf and on behalf of the CFD shall respond to a timely claim within the time period required and in the manner specified by Government Code sections 912.4 and 912.6. Should said sections be amended or repealed, they shall apply according to their terms in effect on July 1, 1991.

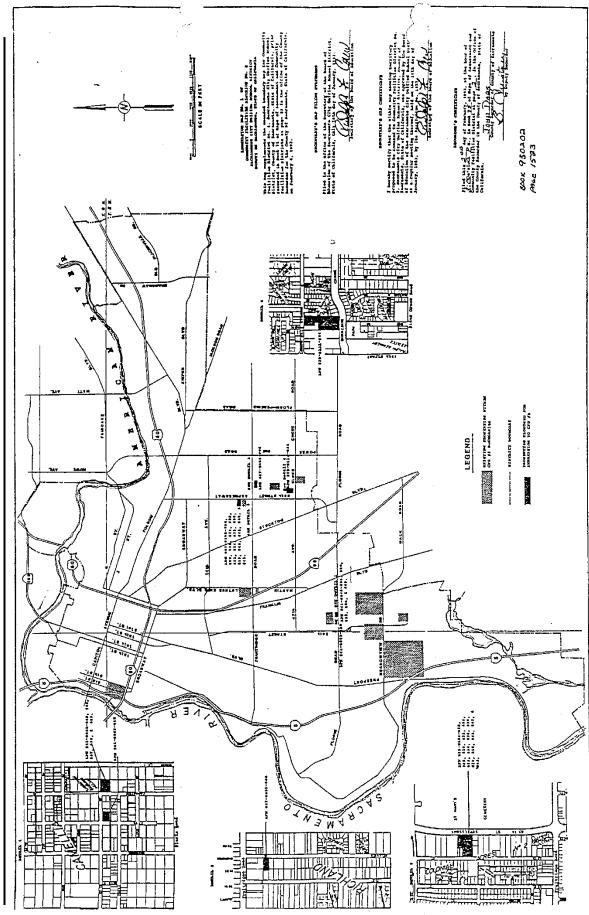

The procedure described herein shall be the exclusive procedure for claimants' seeking a refund of Special Tax (or annual installments thereof). The decision of the District in response to any claim for refund shall be final.

9. <u>Annexation of Territory.</u>

Any territory to be annexed to the CFD shall, in addition to payment of Special Taxes at the rates set forth above, be subject to payment of any costs incurred by the CFD and District in conducting the annexation process and such additional tax within the territory to be annexed as may be necessary to compensate for the interest and principal previously paid by the existing community facilities district; provided that in no event shall the additional tax authorized herein be allowed to exceed the Special Tax applicable to the Parcels being annexed.

Board Comments:

President Hansen indicates \$104m going into Special Education. We are spending a lot of money to not have people feel like there is adequate work being done in this area.

Member Pritchett said, seems like a lot however how many students are we serving? What is the breakdown? Has that number gone up during the years?

Gerardo Castillo answers 14% of SCUSD students are receiving Special Education Services. Numbers are increasing year by year.

Member Pritchett, how much this year's budget compared to last year's budget has gone up? Gerardo Castillo contribution is going to go up \$4m dollars.

3.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

3.1 Adopt 2017-2020 Local Control and Accountability Plan (Elliot Lopez and Cathy Morrison) Elliot Lopez and Cathy Morrison presented for approval of the 2017-2020 LCAP.

Public Comments: Liz Guillen Angie Sutherland Rose Langensiepen

Board Comments:

Member Cochrane, going into next year, advice going into next year on who to select, how effective people have been in the past and any other way Board members can support the work of the LCAP. Cathy Morrison, need to select a Parent Advisory Committee that is representative of parents/guardians of our unduplicated students. Board has been helpful, does not see a gap there. Thank you. Member Pritchett wants to thank committee and staff for all of their hard work. Vice President Ryan thank you Mrs. Morrison for work as well as the rest of the staff. Member Woo stunned when read the overview and history. Board Packet indicates LCAP adoption is intended to be a static three year plan representing years 2017-2020 always thought LCAP was a moving dynamic three year plan. What change to make this LCAP static, then if it's static there's kind of the presumption that there aren't going to be course corrections when we move to adoption of the 2018 LCAP. Cathy Morrison, it's a state recommended changed coming from the California Department of Education. We have just completed the third year of LCAP and the way the plans worked in these three years is as we added a new year we took off the old year and really rewrote the plan partly because there was a new

(June 28, 2017 – Special Board Meeting Agenda)

template each year that required reformatting. State's new mantra is continuous improvement. Districts are asked to commit to a three year plan.

Member Minnick thanks Member Woo for bringing up his statement, which is a concern. President Hansen would like to shoot higher and increase the graduation rate to more than what is indicated in the LCAP.

Member Woo motion to approve Item 3.1 with an amendment to the annual graduation rate from .65% to 2.5% Member Cochrane 2nd

Board Unanimous

Adopt Proposed Fiscal Year 2017-2018 Budget for All Funds (Gerardo Castillo, CPA) 3.2 Gerardo Castillo and Gloria Chung presented to approve the 2017-2018 budget for all funds.

Public Comment: Darlene Anderson Liz Guillen

Board Comments:

Member Cochrane requests that we request from staff a snapshot card about how we are doing in the district on the four criteria:

1. 1st grade learn how to read
 2. 3rd grade need to come out knowing fractions
 3. 8th grade if you are failing odds are that you are not going to make it through high school

4. 9^{th} grade credit acquisition is critical to be able to graduate on time.

It shows how we are doing and where we need to push harder. Would like an assertive attendance campaign that works with budget to meet ADA goals.

Member Pritchett question about 1000 Strong Program. Hoping in the future it will be reported out and not just put into the budget.

Member Minnick Youth Engagement contribution, that's the 21st Century Grant that we are supplementing? Reiterate that this is a one time, 911 emergency situation where we plug this money in and that we cannot wait until next June to start thinking about how we are going to fund it and have it as part of our structure. Member Ryan asked about government signed budget and the increased in funding for the after school education and safety program. How will the funds be used?

Gerardo Castillo doesn't know how the funds will be used. Probably within a week we will learn more details. Member Ryan would love to follow up once we have the details.

Member Woo as part of the Budget Committee they discussed that moving forward that if some of the funding is first going to replace the loss of 21st Century money is going to be coming from the LCAP for example. President Hansen, thank you very much for presentation. Thought it was an excellent presentation, feels more informed about this budget than he has about any previous budgets.

Member Minnick motion to approve Member Pritchett 2nd Board unanimous

Meeting Date: August 3, 2017

Subject: Renaming of Kit Carson Middle School

Division: Deputy Superintendent

Recommendation: To change the name of Kit Carson Middle School to Kit Carson International Academy.

Background/Rationale: A Design Team of parents, staff, students and community members met throughout the year in 2011-12 and recommended to the Board of Education a change of program and grade span for Kit Carson Middle School. The recommendation to apply for International Baccalaureate Candidacy was approved by the Board in June of 2012. The school moved forward with Candidate Phase for IB in the fall of 2013, expanding by one grade level of students each year. Kit Carson was authorized by the IB International Committee to be Middle Years Programme World School in the Spring of 2016, and was authorized for IB Diploma Programme in the Spring of 2017. This fall the school will open as a fully authorized IB World School, serving 7th through 12th grade students.

Given that Kit Carson could no longer operate under its middle school status, a Renaming Committee was established during the 2016-17 school year to explore options for naming the school. Community members, parents of current and future students and staff served on the committee gathering input through social media, a website survey and community meetings. The recommendation of the committee is to rename the school, Kit Carson International Academy, to reflect its IB status.

Deputy Superintendent's Office

Renaming of Kit Carson Middle School August 3, 3017

I. OVERVIEW / HISTORY

A Design Team of parents, staff, students and community members met throughout the 2011-12 school year, to study options of educational programs for Kit Carson, a middle school consistently under-enrolled and with low achievement scores. After much reflection on data, studying of optional programs and designs and visits to sites, the recommendation to apply for International Baccalaureate Candidacy was approved by the Board of Education in June of 2012. The school moved forward with the Candidate Phase for IB in the fall of 2013, expanding by one grade level of students each year. Kit Carson was authorized by the IB International Committee to be a Middle Years Programme World School in 2016, and an IB Diploma Programme in 2017. This fall the school will open as a fully authorized IB World, now serving 7th through 12th grade students.

II. DRIVING GOVERNANCE

Given that Kit Carson could no longer operate under it middle school status and serve 7th through 12th grade students, a Renaming Committee was established during the 2016-17 school year to explore options for naming the school. Community members, parents of current and future students, and staff served on the committee to gather input from the community and make a recommendation to the Board of Education. The effort was announced in a press release in the Sacramento Bee, and input was gathered via student-led class discussions, a linked google form for parents/community, community meetings and assorted social media. The recommendation of the committee is to rename the school, Kit Carson International Academy.

III. BUDGET

The budget will be determined by the number of items that will need to be updated, including signage (external and internal), recruitment tools, banners, etc.

IV. GOALS, OBJECTIVES, AND MEASURES and

V. MAJOR INITIATIVES

Kit Carson is located in East Sacramento, but serves students/families in East Sacramento and north Oak Park. Our goal is to continue to provide an excellent educational opportunity for the growing number of students at the school through the International Baccalaureate Programmes, and to have the name of the school reflect the pride of the school's past as well as the new program it offers.

VI. RESULTS

Bring the recommended name to the Board of Education on August 17, 2017 for a vote.

Board of Education Executive Summary

District Wellness Committee

Board Policy (BP) 5030: Student Wellness August 3, 2017

I. Overview/History of Department or Program:

A local school wellness policy (Student Wellness Policy) is a written document that guides a local educational agency or school district's efforts to create supportive school nutrition and physical activity environments. Each local education agency participating in federal Child Nutrition Programs, including the <u>National School Lunch Program</u> or the <u>School Breakfast</u> <u>Program</u>, is required to develop and implement a wellness policy as established by the Child Nutrition and WIC Reauthorization Act of 2004, and recently enhanced by the <u>Healthy, Hunger-Free Kids Act of 2010 (HHFKA)</u>.

II. Driving Governance:

- Healthy Hunger-Free Kids Act of 2010, Section 201; Title 7, Code of Federal Regulations (7 CFR), Parts 210.30 and 220.7
- California Education Code (EC), Section 49432; 7 CFR Part 210.30

III. Budget:

There is no budget for these mandates.

IV. Goals, Objectives and Measures:

Local School Wellness Policy Requirements

School districts can develop wellness policies to meet the unique needs of each school under its jurisdiction, but <u>at a minimum are required to:</u>

- Include goals for <u>nutrition promotion and education</u>, and other school-based activities that promote students wellness. In developing these goals, local educational agencies must review and consider evidence-based strategies.
- Include nutrition guidelines for all foods sold on each school campus during the school day that are consistent with federal regulations for <u>school meals</u> and <u>Smart Snacks in School</u> <u>nutrition standards</u>. These guidelines are enforced from Midnight to ½ hour after the school day ends.
- Include policies for foods and beverages made available to students (e.g., in <u>classroom</u> <u>parties</u>, classroom snacks brought by parents, other foods given as incentives).
- Include policies for <u>food and beverage marketing</u> that allow marketing and advertising of only those foods and beverages that meet the <u>Smart Snacks in School nutrition standards</u>.
- Permit <u>parents</u>, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and the general public to participate in the development, implementation, and update of the local school wellness policy.
- Identify one or more school districts or school officials who have the authority and responsibility to ensure each school complies with the policy.

Board of Education Executive Summary

District Wellness Committee

Board Policy (BP) 5030: Student Wellness August 3, 2017

- Inform and update the public (including parents, students, and others in the community) about the local school wellness policy on an annual basis.
- At least once every three years, measure the extent to which schools are in compliance with the local school wellness policy, the extent to which the local education agency's local wellness policy compares to model local school wellness policies, and the progress made in attaining the goals of the local wellness policy, and make this assessment available to the public.
- Comply with all of these requirements by June 30, 2017

V. Major Initiatives:

The District Wellness Committee (in partnership with Valley Vision) has convened SCUSD departments to include student support and health services, nutrition services, physical education, employee wellness, youth development, safe schools, community involvement, and parent and student engagement. The Student Wellness Policy (BP 5030) was developed by members from all represented groups. Input from the community included participation at meetings and surveys.

VI. Results:

The Student Wellness Policy was updated to support and meet the requirements and health/nutrition needs of SCUSD students during the school day.

VII. Lessons Learned/Next Steps:

The District Wellness Committee will develop Administrative Regulations (AR) to support the approved policies after Board review and adoption of the Student Wellness Policy (BP 5030). AR's will include the development of a monitoring and enforcement plan.

Sacramento City Unified School District (SCUSD) Student Wellness Policy (BP 5030)

The Sacramento City Unified School District (SCUSD) sits at the heart of America's Farm-to-Fork Capital. Our city prides itself on quality, local food grown by the citizens who live, work, and raise their children here. More than half the nation's healthy fruits, vegetables and nuts are grown in California, and many of those grow right here in the Sacramento Valley. SCUSD promotes, and is committed to, healthy schools by recognizing the link between student health and learning. In recognition that social, emotional, and physical health are fundamental to being college, career, and community ready, the Board desires to provide a comprehensive program promoting health and well-being for district students. The Superintendent or designee shall build a coordinated school health system that supports and reinforces health literacy and practice through health education, physical education, nutrition services, food literacy, physical and mental health services, health promotion for staff, a safe and healthy school environment, and student, parent/guardian and community involvement.

Research shows that two components, good nutrition and physical activity before, during, and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism, and better performance on cognitive tasks.^{[1],[2],[3],[4],[5],[6],[7]} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables, and dairy products, is associated with lower grades among students.^{[8],[9],[10]} In addition, students who are physically active for 60 minutes a day do better academically. ^{[11],[12],[13],[14]}

This Wellness Policy outlines the District's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity throughout the school day while minimizing commercial distractions. The Policy is divided into these areas:

Contents

District Wellness Committee (Coordinated School Health Committee) Health Education Activity Goals Physical Education and Physical Activity Goals **Program Evaluation** Health Services Activity Goals Nutrition Education, Nutrition Standards, and Healthy Eating Nutrition Education Nutritional Standards Free and Reduced-priced Meals Summer Food Service Program /CACFP At-Risk Expanded Learning Supper Program Competitive Foods and Beverages including Fundraising Celebrations and Rewards Water Community Engagement in Healthy Eating School Gardens Counseling and Psychological Services

Employee Wellness Activity Goals Health and Safe Environment Activity Goals Student, Family and Community Involvement Activity Goals Program Implementation and Evaluation

Through this Wellness Policy and related policies, the Board seeks to ensure that:

- All students have access to healthy food and beverages.
- All students receive high-quality physical education and physical activity.
- Every school is a safe, clean, and healthy place in which children, staff, and families can learn, work, and engage.
- Every school has a positive school climate that nurtures learning, achievement, and growth of character.
- Students will not be rewarded with food.
- All students are taught the essential knowledge and skills they need to make health-enhancing choices and avoid behaviors that can damage health and wellbeing.
- All students are given the opportunity to learn healthy habits that prevent diet-related diseases through fruit and vegetable tastings and hands-on food literacy education.
- All students have access to health services in partnership with schools, school-based health centers, school health professionals, community agencies, and families.

District Wellness Committee (formerly the Coordinated School Health Committee)

The Superintendent or designee will encourage parents/guardians, students, nutrition service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, periodic review, and update of the district's student wellness policy. (42 USC 1758b)

To fulfill this requirement, the Superintendent or designee will appoint a District Wellness Committee (formerly the Coordinated School Health Committee) whose membership shall include representatives of these groups. He/she also may invite participation of other groups or individuals, such as health educators, curriculum directors, counselors, expanded learning program staff, health practitioners, and/or others interested in school health issues.

(cf. 1220 - Citizen Advisory Committees) (cf. 9140 - Board Representatives)

The Wellness Committee will advise the district on health-related issues, activities, policies, and programs. The duties of the council/committee will also include the planning, implementation, and evaluation of activities to promote health within the school or community.

Committee membership will represent all school levels, including but not limited to Youth Development, Safe Schools, Risk Management, Nutrition Services, Health Services, and Social Emotional Learning.

The Committee will convene at least 4 times during the school year at hours convenient for public participation.

The Superintendent or designee will actively seek to develop community partnerships that allow all students in grades K-12 access to health promotion programs including oral and mental health services.

The Superintendent will designate one or more School District official(s), as appropriate, 1) who has the authority and responsibility to ensure that each school complies with the local student wellness policy (section 9A(b)(5)(B) of the NSLA), and 2) who will facilitate the development and updates of the local student wellness policy. The titles of these individuals are the:

- Director of Child Nutrition
- Director of Athletics
- Director of Health Services

The Superintendent will charge the District Wellness Committee and site administrators with annually ensuring that the Wellness Policy is implemented, monitored, revised, shared with the public, and when appropriate modified and updated to meet newly identified district needs and/or federal requirements.

The Superintendent will ensure that each school within the District will establish an ongoing School Health Council that convenes to review school-level issues, in coordination with the District Wellness Committee.

During the months of February, March, April, or May, students in grades 5, 7, and 9 will undergo the physical fitness testing designated by the State Board of Education *(EC 60800; 5 CCR 1041)*. Students with physical disabilities and students who are unable to participate in all of the testing tasks shall participate in as much of the physical fitness testing as their physical condition will permit. Summary information will be reported annually to physical education teachers and individual student reports of fitness will be distributed to parents twice a year (once by October 30th and the final by June 1st). Results will also be included in each school's SACRC reporting.

Tools to measure height, weight, heart rates and body composition may be made available to help students more accurately determine their health and fitness level.

Staffing

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

(cf. 4131 – Staff Development) (cf. 5121 – Grades/ Evaluation of Student Achievement)

Program Evaluation

The Superintendent or designees shall annually report to the Board the results of the state physical fitness testing for each school and applicable grade level. He/she shall also report to the Board regarding the number of instructional minutes offered in physical education for each grade level, the schools in compliance with the PE mandated minutes, the number of two-year and permanent exemptions granted pursuant to Education Code 51241, and any other data agreed upon by the Board and the Superintendent or designee to evaluate program quality and the effectiveness of the District's program in meeting goals for physical education.

(cf. 0500 – Accountability) (cf. 6190 – Evaluation of the Instructional Program)

Health Services Activity Goals

The Superintendent or designee will seek out and establish community partnerships to provide mental and physical health services for the purpose of improving access to and removing barriers to healthcare for all students. The district will maintain and increase partnerships with school-based health providers to assist with providing equitable access to health care.

The district will seek opportunities to inform parents/guardians about the importance of vision screening, hearing screening, mental health, oral health, sexual health and prevention and management of chronic health conditions, such as Type II diabetes and obesity as they relate to overall health learning. The district shall encourage routine well-child visits as recommended for overall maintenance of good health and monitoring during the stages of childhood development. The district will ensure immunization compliance for all students as required by law.

The district will seek opportunities to provide education regarding the impact of stress on health and wellbeing, and support strategies for stress reduction for students. The district will ensure each student has access to a credentialed school nurse to receive health guidance.

The district will assist families, whenever possible, in securing access to health resources including Medi-Cal, Healthy Families Cover the Kids programs and community health providers. Resource referrals may include, but not be limited to, health clinics, dental providers, nutrition resources, emergency food lockers and emergency shelters, etc.

Nutrition Education, Nutrition Standards, and Healthy Eating

Nutrition Education

The Board shall adopt goals for nutrition promotion and education, physical activity, and other schoolbased activities that promote student wellness. The district's nutrition education and physical education programs shall be based on research, consistent with the expectations established in the state's curriculum frameworks and content standards, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle. Nutrition education shall be provided as part of the education program and, as appropriate, should be integrated into academic subjects in the regular educational program. Nutrition education will also be offered through expanded learning programs.

All PK-12 students shall receive appropriate class time for nutrition education that is aligned with the California Content Standards. Nutrition education that teaches the knowledge, skills, and values needed to adopt healthy eating behaviors shall be integrated into the curriculum. Students shall receive consistent nutrition messages throughout the district, schools, classrooms, cafeterias, homes, community and media with coordination between the nutrition services staff and teachers.

Nutrition Curriculum and Promotion

The district's nutrition education curriculum will be evidence-based and aligned with the California Health Education Content Standards. The district promotes integrating nutrition education topics within the broader academic curriculum taught at every grade level; Pre-K-12. Schools strive to provide nutrition education and engage in nutrition promotion. The goal is for all students to possess the knowledge and skills necessary to make nutritious food choices. Nutrition education will be offered during the school day as well as in expanded learning programs. School staff coordinates with other agencies and community groups as necessary to provide opportunities for nutrition education and student projects related to nutrition.

Nutritional Standards on Campus

For all foods available on each campus during the school day, the district shall adopt nutritional guidelines, which are at a minimum compliant with federal and state law and support the promotion of student health and reducing childhood obesity.

School Meals

The Board believes that foods and beverages available to students at district schools should support the health curriculum and content standards on nutrition, as well as promote optimal health, taking into consideration the needs of students with special dietary needs. Nutritional standards adopted by the district for all foods and beverages sold to students, including foods and beverages provided through the district's food service program, student stores, vending machines, or other venues, shall meet or exceed state and federal nutritional standards.

In order to maximize the district's ability to provide nutritious meals and snacks, to the extent possible, all district schools shall participate in available federal child nutrition programs, including the National School Lunch and School Breakfast Programs and expanded learning snack and supper programs. When approved by the California Department of Education (CDE), the district may provide a summer meal program.

Meals Served Through Child Nutrition Programs

- 1. On an ongoing basis, meals will meet all meal pattern requirements established by local, state and federal statutes and regulations including nutrient content and age-appropriate portion sizes.
- 2. Meals will reflect good menu planning principles, such as serving a variety of healthy foods that look good, taste good and appeal to the cultural sensitivities of the school and community populations.
- 3. Meals will emphasize fresh fruits and vegetables, whole grains, fat-free and low-fat milk and milk products, and foods that meet the dietary specifications set forth by USDA.
- 4. Foods containing trans-fat foods will not be sold or provided to pupils on PK-12 campuses in effect from midnight though one-half hour after the end of the standard school day.

The Nutrition Services Department should engage students and parents, through taste tests of new entrees and surveys, in selecting foods sold through the school meal programs in order to identify new, healthful, and appealing food choices. In addition, the NSD will share information about the nutritional content of meals with parents and students. Such information may be made available on menus, a website, on cafeteria menu boards, placards or other materials.

To ensure that all children have breakfast, either at home or at school, and in order to meet their nutritional needs and enhance their ability to learn, schools will, to the extent possible:

- 1. Operate the School Breakfast Program
- 2. Utilize methods to serve school breakfasts that encourage participation, including promotion of "grab-and-go" breakfast.
- 3. Notify parents and students of the availability of the School Breakfast Program.
- 4. Encourage parents to provide healthy breakfast for their children through newsletter articles, takehome materials, or other means.

Free and Reduced-Priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of students who are eligible for free and reduced-price school meals. Toward this end, schools may utilize electronic identification and payment systems; promote the availability of school meals to all students; and/or promote nontraditional methods for serving school meals.

Sharing of Foods and Beverages

Students are discouraged from sharing foods or beverages with one another during meal or snack times, given concerns regarding food allergies, disease transmission and restrictions on some children's diets. Any adult, or any child not enrolled in the school shall not eat from an enrolled child's plate.

Meals Outside of the Foodservice Area

For this purpose, the Foodservice area is defined as any place on campus where food is served, sold and/or consumed. Meals offered in the National School Lunch Program and School Breakfast Program are intended to be consumed at school in a designated foodservice area during the established meal

service period. However, the District recognizes that with time limited lunch periods and increased amount of fruits and vegetables offered as part of the meals, some students may be inclined to save some items for consumption at a later time. For food safety reasons, this practice should be limited to only food items that do not require cooling or heating, such as whole fruit, a bag of baby carrots, or pre-packaged grain-based items.

Meal Times and Scheduling

Students perform better academically when well-nourished, and an important part of that nourishment is having sufficient time to eat. Principals are encouraged to identify ways to successfully address the issue of adequate meal times for their students. The California Department of Education recommends that each student has no less than 10 minutes for breakfast and no less than 20 minutes for lunch after being served. Schools, to the extent possible:

- 1. Should provide students with a minimum of 10 minutes to eat after sitting down for breakfast and 20 minutes after sitting down for lunch, regardless of scheduling before or after recess time.
- 2. Should schedule meal periods at appropriate times, e.g., lunch will be scheduled between 10 a.m. and 2 p.m.
- 3. Should not schedule tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities.

Summer Food Service Program

When approved by the CDE, Nutrition Services department, will sponsor a Summer Food Service Program in coordination with SCUSD expanded learning programs.

Outside Food Sales in California Public Schools (Competitive Foods)

State law for Outside Food Sales includes all foods and beverages sold outside of federal meal programs by all entities including schools, parent and student organizations on school campus during school day. These laws pertain to food sold on campus from midnight through 30 minutes after the standard school day for 9-12th grade school sites; or the end of the site's expanded learning programming for all other grade level schools. Physical activity during the school day and in expanded learning programs (including but not limited to recess, physical activity breaks, or physical education) will not be withheld or used as punishment.

Celebrations

Schools can help promote a positive learning environment by providing healthy celebrations that shift the focus from food to the child, therefore classroom celebrations will strive to have non-food celebrations, and when food is included, will only offer healthy food that is non-allergenic to all students in that classroom. This food must be compliant with Smart Snacks regulations. The district website has a list of non-food and healthy celebration ideas.

Special Dietary Needs

Students with a food allergy or intolerance that substantially limits one or more major life activity is eligible for necessary food substitutions with appropriate documentation. See BP 5141.27 for additional information.

All school administrators, teachers, and building staff will model drinking water and limit consumption of identifiable, sugar-sweetened beverages in front of students. The school district will perform maintenance on all water fountains regularly and as needed and will conduct periodic testing of all drinking water sources in each district facility. The test results will be made available in an easily accessible format (e.g., post on district website) with letters delivered to affected students and parents.

Qualifications of School Food Service Staff

Qualified nutrition professionals will administer the school meal programs. As part of the school district's responsibility to operate a Nutrition Services program, the District will provide continuing professional

development for all nutrition professionals in schools. Staff development programs should include appropriate certification and/or training programs for all school nutrition professionals according to their levels of responsibility including child nutrition directors and managers.

Community Engagement in Healthy Eating

The District is committed to being responsive to community input. Recognizing the partnership between the district and the home, the district seeks to strengthen parents/guardians' understanding of student health by offering educational programs for parents/guardians, partnering with nonprofits and others who provide services to families within the SCUSD community, and supporting district and site staff offering help to students' families.

(cf. 6020 - Parent Involvement)

School Gardens

The district recognizes that school gardens can improve student health and wellness, instill the value of healthy eating, increase physical activity, improve student achievement, and create highly engaging, interactive, and hands-on learning environments. The district supports the use of school gardens as a hands-on teaching environment to enliven standards-based curriculum and provide tangible ways for parents and families to contribute to the school community.

The district shall make every effort to establish a school garden program (in-ground, raised bed, container, nearby park, community garden, farm, or lot) for each school site of sufficient size to provide students with experiences in planting, harvesting, preparing, serving, and tasting foods.

Garden programs should integrate hands-on, outdoor experiences into core curriculum for math, science, social studies, language arts, and nutrition/health education at all grade levels. Garden programs shall collaborate with SCUSD Nutrition Services in accordance with state and federal law to reflect seasonal and local foods in school meals.

Garden program coordinators (volunteer or paid) will work with Buildings and Grounds staff to ensure compliance with established protocols, and they will also work with district leaders to insure the proper forms are completed before conducting any major work renovations or hosting any events in the garden. Pesticides, herbicides, insecticides, and other synthetic chemicals shall not be used within any school garden unless a reasonable effort has been made to reduce contamination and drift of any potentially harmful chemicals within 25 feet of any school garden as outlined by California Certified Organic Farmers. Some possible exceptions, including, but not limited to, the use of synthetic chemicals for the purpose of painting adjacent structures or eradicating invasive plants when other means have proven ineffective. Garden beds, crops, compost and other vital areas of the garden shall be completely covered if the use of said chemicals must be used within the 25-foot boundary of any school garden. Synthetic chemicals used outside the 25-foot boundary should be applied at a time of low wind and little chance of rain in order to minimize potential contamination.

Mental Health and Wellness

The Superintendent or designee will actively seek to develop district capacity and community partnerships that will provide students in grades Pre-K-12 with access to mental health services. Professional staff will be available to provide early detection and appropriate referral for mental health assessments and treatments for students when indicated. Professional staff development will be provided regarding early detection and referral for mental health supports.

Mental health services are provided to improve students' mental, emotional and social health. These services may include individual and group assessments that may drive interventions and referrals. Professionals such as credentialed school social workers, school counselors, psychologists will strive to provide assessment and consultation that contribute to the health of students and to the overall health of the school environment.

Employee Wellness Activity Goals

The Board recognizes that the success of district students and programs hinges on effective personnel. The Board shall actively support staff wellness by establishing safe and supportive working conditions that will attract and retain staff members who are highly qualified and dedicated to the education and welfare of students. The district's personnel policies and related regulations shall be designed to ensure a supportive, positive climate and shall be consistent with collective bargaining agreements and in conformance with state and federal law and regulations.

(cf. <u>4000</u>-Concepts and Roles)

- The work environment will support wellness in both the physical environment and the workplace climate.
- Staff will have access to physical and mental health assessments and resources.
- Staff will have opportunities for physical activity.
- Food and beverages served, sold or otherwise made available to staff, are encouraged to comply with district nutrition standards.
- Staff will be encouraged to model this policy and other aspects of healthy behavior in the workplace.

The Board will support a coordinated program of wellness and health promotion services as specified in Board policies and addressing primary prevention, risk reduction, chronic disease management and an employee assistance program for staff. Further, the Board will make every effort to collaborate with community-based organizations and coalitions to bridge and augment school district resources in order to promote wellness, provide direct mental and/or physical health care services and opportunities for health education of staff.

The Board recognizes the powerful influence that district staff and other adults have on the health and well-being of students. To that end, the Board encourages staff to take every opportunity to model health and wellness behaviors for students. School staff leads by example in promoting healthy food or beverage items in the classroom and avoiding food and beverage options that do not support the wellness policy. Further, the Board also encourages the participation of parents/guardians and other community members in promoting the health and wellness of students.

Health and Safe Environment Activity Goals

A healthy social and psychological education environment is one that fosters positive and engaging educational experiences for students, is broad and flexible, promotes caring relationships, and values youth as a resource who can work with adults in the creation of a healthy environment (such as: edible landscape, school gardens, and orchards, etc.). Its goal is to increase youth's sense of connectedness to school.

The Superintendent or designee will ensure that a healthy educational environment, considering both physical and psychological aspects, exists in all facilities. To ensure student safety, appropriate supervision shall be provided in cafeterias and school grounds. Rules for safe behavior shall be emphasized and consistently enforced.

A healthy physical environment includes physical safety; good air; access to fresh, no-cost, drinking water throughout the day; and access to restrooms with hot and cold running water, soap, disposable towels and/or hand dryers, proper trash and sanitary containers. Implementation of appropriate cleaning practices and properly operating heating and ventilation systems are required. Ensure each school site has access to well-maintained play areas, hard court and natural and/or grass fields. Each school site and facility will meet current ADA regulations and take steps for corrections as necessary. Yearly reviews of each site will be conducted by the Facilities/Maintenance Department.

The Superintendent or designee will ensure proper review and use of cleaning agents, sprays or fertilizers, and that mandated and timely notification is provided at all facilities before herbicides, insecticides, fertilizers, and other sprays are used. Preference will be given to the least toxic chemicals available per regulations.

Daily air quality forecast are encouraged to be displayed in a prominent area at each school site along with highly-accessible information about the air quality categories.

Staff Development in Health and Safe Environment Goals

The Superintendent or designee will encourage professional staff development in topics such as substance abuse prevention, school safety and violence prevention, youth development initiatives, character education, dropout prevention, services for students with disabling conditions, service e-learning, expanded learning programs, as well as school improvement initiatives. School staff are encouraged to participate in training on how to reduce student gang involvement. All staff with a high potential for contact with blood borne pathogens will attend a yearly training. All staff will be provided child abuse training yearly which includes mandated reporting and prevention of sexual abuse.

Student, Family, and Community Involvement Activity Goals

The district will address health and safety issues in partnership with students, parents/guardians and community members by providing workshops on health and safety issues and actively seeking input for policy development and program design. The district will collaborate with school sites to ensure that

students, parents/guardians and community members are consistently well-informed regarding health messages, food safety standards, and other laws, regulations and services concerning health issues. This communication will be accomplished through district and school websites, newsletters, eConnection, Connect-Ed, handouts and other communication tools.

To encourage participation from students, parents/guardians and community members, staff will invite and inform students, parents/guardians and community members through a variety of avenues including, but not limited to, Student Advisory Councils, School Site Council meetings, Parent Teacher Associations, Parent Teacher Organizations, English Learner Advisory Committee, and the district English Learner Advisory Committee. Outreach efforts will emphasize the strong connection between student health and academic performance, including the key components of regular physical activity and good nutrition, both at school and at home. To further enhance the importance of health and wellness, the district will collaborate with local health organizations to provide opportunities, services, nutrition education, parenting classes, and parent involvement workshops to students, parents/guardians, and community members.

The district/school will support parents' efforts to provide a healthy diet and daily physical activity for their children. The district/school will provide resources for healthy eating and cooking for parents and provide nutrient analyses of school menus. Schools should encourage parents to refrain from sending beverages and foods that do not meet the above nutrition standards. The district/school will provide parents a list of foods that meet the district's snack standards and ideas for healthy celebrations/parties, rewards, and fundraising activities. In addition, the district/school will provide opportunities for parents to share their healthy food practices with others in the school community.

The district/school will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school. Such supports will include sharing information about physical activity and physical education through a website, newsletter, or other take-home materials, special events, or physical education homework.

Program Implementation and Evaluation

An accountability plan will be developed in accordance with this policy and the outcomes will be monitored by staff and shared periodically with the SCUSD community. (42 USC 1758b)

The superintendent or designee will ensure compliance with established district-wide nutrition and physical activity wellness policies. In each school, the principal or designee will ensure compliance with those policies in their school and will report on the school's compliance to the school district superintendent or designee.

School food service staff, at the school or district level, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the superintendent (or if done at the

school level, to the school principal). In addition, the school district will report on the most recent USDA Administrative Review (AR) findings and any resulting changes.

Assessments will be repeated every three years to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, the school district will review our nutrition and physical activity policies; provision of an environment that supports healthy eating and physical activity; and nutrition and physical education policies and program elements. The district, and individual schools within the district, will, as necessary, revise the wellness policies and develop work plans to facilitate their implementation.

Sacramento City USD Unified School District (SCUSD) Board Policy

BP 5030 Students

Student Wellness Policy (BP 5030)

The Sacramento City Unified School District (SCUSD) sits at the heart of America's Farm-to-Fork Capital. Our city prides itself on quality, local food grown by the citizens who live, work, and raise their children here. More than half the nation's healthy fruits, vegetables and nuts are grown in California, and many of those grow right here in the Sacramento Valley. SCUSD promotes, and is committed to, healthy schools by recognizing the link between student health and learning. TheIn recognition that social, emotional, and physical health are fundamental to being college, career, and community ready, the Board desires to provide a comprehensive program promoting heathhealth and well-being for district students.- The Superintendent or designee shall build a coordinated school health system that supports and reinforces health literacy and practice through health education, physical education, health services, nutrition services, psychological and counselingfood literacy, physical and mental health services, health promotion for staff, a safe and healthy school environment, and student, parent/guardian and community involvement.

Research shows that two components, good nutrition and physical activity before, during, and after (cf. 0000 Vision)

the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism, and better performance on cognitive tasks.^{[1],[2],[3],[4],[5],[6],[7]} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables, and dairy products, is associated with lower grades among students.^{[8],[9],[10]} In addition, students who are physically active for 60 minutes a day do better academically.^{[11],[12],[13],[14]}

This Wellness Policy outlines the District's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity throughout the school day while minimizing commercial distractions. The Policy is divided into these areas:

- 3. Meals will emphasize fresh fruits and vegetables, whole grains, fat-free and low-fat milk and milk products, and foods that meet the dietary specifications set forth by USDA.
- 4. Foods containing trans-fat foods will not be sold or provided to pupils on PK-12 campuses in effect from midnight though one-half hour after the end of the standard school day.

The Nutrition Services Department should engage students and parents, through taste tests of new entrees and surveys, in selecting foods sold through the school meal programs in order to identify new, healthful, and appealing food choices. In addition, the NSD will share information about the nutritional content of meals with parents and students. Such information may be made available on menus, a website, on cafeteria menu boards, placards or other materials.

To ensure that all children have breakfast, either at home or at school, and in order to meet their nutritional needs and enhance their ability to learn, schools will, to the extent possible:

- 1. Operate the School Breakfast Program)
- 2. Utilize methods to serve school breakfasts that encourage participation, including promotion of "grab-and-go" breakfast.
- 3. Notify parents and students of the availability of the School Breakfast Program.
- 4. Encourage parents to provide healthy breakfast for their children through newsletter articles, take-home materials, or other means.

Free and Reduced-Priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of students who are eligible for free and reduced-price school meals. Toward this end, schools may utilize electronic identification and payment systems; promote the availability of school meals to all students; and/or promote nontraditional methods for serving school meals.

Sharing of Foods and Beverages

Students are discouraged from sharing foods or beverages with one another during meal or snack times, given concerns regarding food allergies, disease transmission and restrictions on some children's diets. Any adult, or any child not enrolled in the school shall not eat from an enrolled child's plate.

Meals Outside of the Foodservice Area

For this purpose, the Foodservice area is defined as any place on campus where food is served, sold and/or consumed. Meals offered in the National School Lunch Program and School Breakfast Program are intended to be consumed at school in a designated foodservice area during the established meal service period. However, the District recognizes that with time limited lunch periods and increased amount of fruits and vegetables offered as part of the meals, some students may be inclined to save some items for consumption at a later time. For food safety reasons, this practice should be limited to only food items that do not require cooling or heating, such as whole fruit, a bag of baby carrots, or pre-packaged grain-based items.

Meal Times and Scheduling

Students perform better academically when well-nourished, and an important part of that nourishment is having sufficient time to eat. Principals are encouraged to identify ways to successfully address the issue of adequate meal times for their students. The California Department of Education recommends that each student has no less than 10 minutes for breakfast and no less than 20 minutes for lunch after being served. Schools, to the extent possible:

- Should provide students with a minimum of 10 minutes to eat after sitting down for breakfast and 20 minutes after sitting down for lunch, regardless of scheduling before or after recess time.
- 2. Should schedule meal periods at appropriate times, e.g., lunch will be scheduled between 10 a.m. and 2 p.m.
- 3. Should not schedule tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities.

Summer Food Service Program

When approved by the CDE, Nutrition Services department, will sponsor a Summer Food Service Program in coordination with SCUSD expanded learning programs.

<u>Recommendation</u>: Approve revisions to the 2017-2018 District budget based on changes that were made to the final state budget.

Background/Rationale: Education Code Section 42127(i)(4) requires districts to revise their budget "no later than 45 days" after the Governor signs the Annual Budget Act. The Governor signed the 2017-18 Budget Act on June 27, 2017. As such, SCUSD has until Friday, August 11th, 2017, to submit a revised budget to the Sacramento County Office of Education. This Budget Revision reflects the impact of the State Budget Act upon the District's budget.

Financial Considerations: The proposed revisions to the adopted budget for the general fund reflect the adjustments needed to bring the District's budget into alignment with the changes based on the Budget Act signed by the Governor on June 27, 2017, and all other expenditure and revenue data available to the District at this time.

Approve 2017-18 District Budget Update Revision – State Budget Approval August 3, 2017

I. OVERVIEW/HISTORY:

On June 27, 2017, Governor Jerry Brown signed the main state budget bill following the Legislature's passage of the budget on June 15, 2017. These bills collectively enacted how California funds education. We have presented to the Board and posted to our website, on June 15th and June 28th, the District budget with information known as of the May Revise and guidance from Sacramento County Office of Education. Sacramento City Unified School District (SCUSD) Budget did not include one-time funds that administration considers material and therefore we are presenting the 45 day budget revision.

• One-Time Discretionary Funds

The 2017-18 enacted State Budget contains \$877 million in one-time discretionary funds, a reduction of \$135 million from the amount proposed in his May Revision. Funding is to be provided to school districts, county offices of education (COEs), and charter schools, based on 2016-17 Second Principal Apportionment (P-2) average daily attendance (ADA). The Department of Finance estimates that LEAs will receive approximately \$147 per ADA. As in prior years, the one-time funds reduce LEAs outstanding mandate claims on a dollar-for-basis. The Legislature rejected the Governor's proposal to disburse the one-time funds in May 2019. Instead, these funds will be provided during the 2017-18 fiscal year.

• Other Categorical Programs

As previously mentioned at the June 28th Board meeting, the enacted State Budget provides several categorical programs with **one-time** funds. The below funding is state wide:

- o \$50 Million to augment the After School and Education Safety Program
- o \$25 Million for the Classified School Employees Credential Program
- o \$10 Million for a new refugee Student Support Program
- o \$5 Million for the Bilingual Professional Development Program
- o \$2.5 Million for the California Equity Performance and Improvement Program
- o \$1.5 Million for the California-Grown Fresh School Meals Grant Program

None of these one-time categorical increases SCUSD funding at this point as the funding is competitive or increase to programs already in operation. We will describe briefly each of them. Once we know that SCUSD will receive the funding we will add it to the Budget at that point.

Approve 2017-18 District Budget Update Revision – State Budget Approval August 3, 2017

• \$50 Million to augment the After School and Education Safety Program (ASES)

An increase of \$50 million Proposition 98 General Fund is stated to increase provider reimbursement rates for the ASES program.

• \$25 Million for the Classified School Employees Credential Program

An increase of \$25 million one-time Proposition 98 General Fund, available for five years, to support a second cohort of the California Classified School Employees Credentialing Program established in the 2016 Budget Act. The program will provide grants to K-12 LEAs to support recruitment of noncertificated school employees to participate in a teacher preparation program and become certificated classroom teachers in California public schools. SCUSD was not funded, but we have seven classified employees enrolled in this program at Sacramento County Office of Education.

• \$10 Million for a new refugee Student Support Program

An increase of \$10 million one-time Proposition 98 General Fund to provide additional services for refugee students transitioning to a new learning environment. SCUSD did not receive any funding for refugee student support program in 2016-17.

• \$5 Million for the Bilingual Professional Development Program

An increase of \$5 million one-time Proposition 98 General Fund available through the 2019-20 for competitive grants to support professional development for teachers and paraprofessionals seeking to provide instruction in bilingual and multilingual settings. Grants will be given to school districts, charter schools and offices of education that can partner with community colleges, public or privates universities and organizations with expertise in helping English learners.

• \$2.5 Million for the California Equity Performance and Improvement Program

An increase of \$2.5 million one-time Proposition 98 General Fund to support and build capacity within local educational agencies and the State Department of Education to promote equity in California public schools.

Approve 2017-18 District Budget Update Revision – State Budget Approval August 3, 2017

Sacramento City Unified School District

• \$1.5 Million for the California-Grown Fresh School Meals Grant Program

An increase of \$1.5 million one-time Proposition 98 General Fund to incentivize the purchase of California-grown food by schools and expand the number of freshly prepared school meals offered that use California-grown ingredients.

• Child Care and State Preschool

- An increase of \$92.7 million General Fund (\$60.7 million Proposition 98, \$32 million non-Proposition 98) to increase the reimbursement rate for State Preschool and other direct-contracted child care and development providers, beginning July 1, 2017.
- An increase of \$25 million non-Proposition 98 General Fund to update the income eligibility requirements for state-subsidized child care
- An increase of \$7.9 million Proposition 98 General Fund to provide access to full-day State Preschool for an additional 2,959 children from low-income working families, starting March 1, 2018

These programs are administered by the Department of Education and the Department of Social Services. Families can access child care and early education subsidies through centers (Non-profit organizations) that contract directly with the Department of Education or local educational agencies. This program has not received an increase in funding for several years; the 2017 Budget Act increases the child care provider reimbursement rate ceilings to reflect a corresponding cost increase for providers given increases in the state minimum wage.

SCUSD general fund contributes \$1.5 Million to Child Development Fund, and at this time we are not adjusting the contribution as SCUSD pays the same compensation to employees as if they work in the K-12.

Staff is still reviewing the details and its effects on the Child Development Fund. These changes will be incorporated in the future.

Human Resource Services Declaration of Need for Qualified Educators August 3, 2017

I. OVERVIEW/HISTORY:

Title 5 of the California Code of Regulations requires school districts to submit to the California Commission on Teacher Credentialing (CCTC) an annual Declaration of Need for Fully Qualified Educators. The Declaration of Need for Fully Qualified Educators will enable the District to request for CLAD, BCLAD, Resource Specialist, Librarian Services, Limited Assignment Permits for Multiple, Single Subject or Special Education Emergency Permits.

In 2001, the Office of Administrative Law (OAL) permanently approved amendments to the California Code of Regulations, Title 5, Section 80027, Declaration of Need for Fully Qualified Educators. Submission of a Declaration of Need for Fully Qualified Educators by the employing agency shall be a prerequisite to the issuance of any emergency permit and/or limited assignment permit for that agency. Section 80027 - Limited Assignment Multiple or Single Subject Teaching Permits and Section 80027.1 -Special Education Limited Assignment Teaching Permits.

Approve the Submission of a Credential Waiver Application to the California Commission on Teacher Credentialing for one (1) ROTC Teacher, three (3) CTE Teachers, one (1) BCLAD Teacher, five (5) Out of Country, and one (1) Out of State

I. OVERVIEW/HISTORY:

Since July 1, 1994, the California Commission on Teacher Credentialing has had the sole authority to review requests by employing school districts to temporarily waive specific credential requirements for individuals. Waivers are requested by employing agencies when they have exhausted their attempts to find a credentialed individual or an individual who is eligible for an emergency permit. When adopting regulations and developing procedures for exercising its authority, the Commission established as the fundamental goal of the waiver process the transitioning of individuals from waivers to emergency permits and ultimately to full credentials. Since the requirements for credential waivers are at a level below those for emergency permits, regulations require that every waiver presented to the Commission's Appeals and Waivers Committee must go through a public notice process at the local level. Governing boards of public school districts must approve each waiver in a public meeting.

II. DRIVING GOVERNANCE:

The Commission is the agency of California government that licenses teachers and other professionals who serve in the public schools. As the policy-making body that establishes and maintains standards for the education profession in the state, the Commission is concerned with the quality and effectiveness of the preparation of teachers and other school practitioners. On behalf of the education profession and the general public, one of the Commission's most important responsibilities is to establish and implement strong, effective standards of quality for the preparation and assessment of teachers who will teach English learners.

Twenty-five percent of all children enrolled in California public schools are designated as English learners and require specialized instruction in English language development. For these reasons, California has placed a high priority on preparing teachers to work with students from multicultural and linguistically diverse backgrounds. Since 1970, the State of California has required that classes designed to serve students primarily designated as English Learners in public schools must be taught by teachers who have the appropriate preparation to teach linguistically and culturally diverse students.

III. BUDGET: N/A

IV. GOALS, OBJECTIVES AND MEASURES:

In order to exercise additional options in which to fill vacant certificated position, Human Resources will be submitting credential waiver applications to the Commission on Teacher Credentialing for approval. The teachers in these current positions hold a California Preliminary Teaching Credential in their respective subject area and have been working towards the English Language Authorizations, Bilingual Authorization or CBEST Exam; however need additional time to complete.

V. MAJOR INITIATIVES:

The school district must submit these waiver requests for current employees who continue to complete programs and move toward this authorization, as well as for newly hired employees who need to enter into an approved program. Having 100% of teachers qualified to teacher English Language learners is essential.

VI. RESULTS:
