Subject: Updated District Map						

The SCUSD map has been updated to reflect changes that have taken place over the last twelve years (last time map was updated). This includes Board Trustee areas, current school names (e.g., Rosa Parks), charter schools, and closed school sites.

The updated map is available for order through Central Printing Services. The map comes in four sizes and can be ordered through a Duplication Requisition in the Escape Finance System.

Attached is a small print version of the map. To see the actual map (medium size) please stop by the Business Services Office.

Subject: News Conference on Superintendent's Announcement						

A news conference was held this morning to follow up on the Superintendent's announcement last night that he would not seek renewal of his contract. Media coverage was good, despite competing stories such as the Inauguration and storm damage. Channels 3, 13, 40, 19 and the Bee attended. Channel 19 also indicated they wanted to do a more in depth story next week. Both the Superintendent and Board President Jay Hansen took additional questions after the event.

Subject: Channel 10 Story on Teaching Diversity						

Kris Hooks, a research producer at ABC10, is working on a story about teaching diversity and has interviewed our Director of Human Resource Services Dr. Tiffany Smith-Simmons. He is working with a reporter to look into the numbers of teachers of color in local school districts and schools and comparing that to the number of students of color. The story is expected to air in early February. They are following up on the trip that Board Member Woo and Tiffany took last spring to HBCU campuses. They also want to visit some campuses and perhaps have additional questions for Tiffany and the teachers. Tiffany requested that the news team keep her informed of any additional campus visits they may make.
