Subject: Girl Inspired 2017 Conference						

After a 2 ½ year hiatus, Youth Development Support Services (YDSS) is excited to bring back the girls leadership conference: Girl Inspired. In partnership with the Sacramento Unified Education Fund, YDSS applied for and received a mini-grant from local nonprofit, Closing The Gap, to help put this conference on.

YDSS staff have been mentoring students participating in Women’s Leadership Academy at C.K. McClatchy High School in order to plan and develop the conference content and structure. The theme for this year’s conference is “*Girl Inspired... It’s Who We Are, It’s What We Do.*”

Girl Inspired is a dynamic one-day wellness and leadership conference for 400 students from middle and high schools. The conference is open to any student who identifies as “female”; transgender and gender-non conforming students are welcome. The conference is designed to address physical and social-emotional issues that students who identify as female may face. Areas to be included are: Healthy Lifestyle; Leadership Development; Self-Expression; Healthy Relationships; College and Career Readiness; Social Justice and Cultural Identity. The day’s agenda will include a keynote speaker, entertainment, engaging and interactive workshops, and an opportunity to discuss sustainability around expanding Women’s Leadership at respective school sites.

For more information, contact Aliya-Holmes@scusd.edu.

- Girl Inspired ... Its Who We Are, It’s What We Do
- Date: March 29, 2017
- Location: CSU, Sacramento

Prepared by: Stacey Ault Bell; Youth Development Director				Contact Email: stacey-bell@scusd.edu		
Subject: Youth Development Support Services Budget/Grant Update						

Youth Development Support Services (YDSS) is over 99% funded by grants and entitlements. Our largest funding stream consists of state and federal Expanded Learning funds. We use Expanded Learning dollars to provide before school, after school and summer programming; provide district level support and programming; and with the most recent budget outline from our federal government, state funding will be extremely important for us as we continue to serve the students in our schools. SB78, a bill to increase funding in the After School Education and Safety (ASES) programs will be heard by several committees in Sacramento in the near future. The success of this funding increase effort depends on your support and our collective action.

What you can do TODAY:

- **Senate Education Committee - April 19**
 - Write a letter: Attached are draft letters that you are encouraged to sign. Nathaniel will work with each interested Board Member in order to have the letters sent by Monday, April 10.
 - Attend the hearing and register your support: hearing starts at 9:00 a.m., Room 4203.
- **Assembly Budget Subcommittee #2 - April 25**
 - Write a letter: See attached letter. They are due by Friday, April 14.
 - Join us: hearing starts at 9:00 a.m., Room 444.
- **Senate Budget Subcommittee #1 - May 11**
 - Write a letter: Letters are due by Monday, May 1.
 - Join us: hearing starts at 9:30 a.m., Room 3191.

If you have any questions, please contact Marcus-Strother@scusd.edu or Stacey-Bell@scusd.edu.

Sacramento, CA 95814

RE: Support After School Funding Increase

Dear Chairman McCarty:

The Sacramento City USD urges the Assembly Budget Subcommittee on Education Finance to provide \$99.2 million in needed funding to the After School Education and Safety (ASES) program in response to the statutory minimum wage increases that have been passed onto these programs.

ASES serves more than 400,000 students daily in 4,000 programs. ASES programs provide academic and enrichment opportunities that are essential to closing the opportunity and achievement gap, keep kids safely off of the streets during the prime time for crime by and against children, and offer essential child care for working parents. California-specific research has proven that these programs have a range of positive impacts including improved school attendance, English fluency, academic success, crime prevention, improved health and nutrition, and important social-emotional skill development. They are also cost-effective—with \$2 to \$9 dollars saved for every \$1 invested. These programs provide hundreds of additional learning hours to underserved students. On average, ASES programs operate at schools with over 80% of students qualifying for Free or Reduced Price Meals.

Despite increases in the state minimum wage (47%) and cost of living (21%), the state has not increased the budget for ASES since 2006. As a result, ASES programs have been stretched to their breaking point. Most programs surveyed in 2016 have already had to reduce enrichment activities; academic supports, staff hours and/or training, and 29% are very likely to close their doors altogether within the next two years without an increase in the daily rate.

Please support children and families across the state by ensuring they can continue to have access to the vital educational resources after school programs provide.

Sincerely,

NAME

The Honorable Benjamin Allen
Chair, Senate Education Committee
State Capitol
Sacramento, CA 95814

RE: SB 78 (Leyva): After School Programs: Grant Amounts – SUPPORT AS AMENDED

Dear Chairman Allen:

The Sacramento City Unified School Board strongly urges the Senate Education Committee to support SB 78 authored by Senator Connie Leyva. This bill would help ensure that California’s most underserved students continue to receive after school programming. SB 78 will provide additional funding to the After School Education and Safety (ASES) program in response to the statutory minimum wage increases that have been passed onto these programs and tie future increases in ASES funding to future increases in the minimum wage.

ASES serves more than 400,000 students daily in 4,000 programs. ASES programs provide academic and enrichment opportunities that are essential to closing the opportunity and achievement gap, keep kids safely off of the streets during the prime time for crime, and offer essential child care for working parents. These programs provide hundreds of additional learning hours to underserved students. On average, ASES programs operate at schools with over 80% of students qualifying for Free or Reduced Price Meals.

Despite increases in the state minimum wage (47%) and cost of living (21%), the state has not increased the budget for ASES since 2006. As a result, ASES programs have been stretched to their breaking point. Most programs surveyed have already had to reduce activities; academic supports, staffing, and 29% are likely to close their doors altogether within the next two years without an increase in the daily rate.

The state has a responsibility to provide additional funding for state-funded after school programs to keep up with the state mandated minimum wage increases just as the state has done with other state-funded programs such as child care and preschool.

We strongly urge an “AYE” vote in favor of SB 78. Thank you for your consideration.

Sincerely,

NAME

Subject: ELA/ELD Instructional Materials Adoption					

SCUSD will engage in a K-12 English Language Arts (ELA)/English Language Development (ELD) instructional materials selection and adoption process during the 2017-2018 school year. The estimated cost for the instructional materials is 6.5 million dollars. The instructional materials adoption will take place in accord with the requirements outlined in Board Policy 6161.1. The process will include the formation of a committee comprised of teachers, site administrators and district staff, and will include the engagement of parents and stakeholders. District staff will use the remainder of the 2016-17 school year to prepare for the adoption process which includes soliciting materials from publishers for consideration in the review and engaging our labor partners to identify processes for the selection of committee members. Below is a draft timeline of the adoption process.

ELA/ELD Instructional Materials Adoption Draft Timeline	
Action	When
Solicit materials from publishers and develop instructional materials adoption plan	March – August 2017
Form adoption committees	April-June 2017
Review materials and select 2-3 to pilot	September-December 2017
Pilot materials	January-February 2018
Select final set of materials to recommend to the Board	March-April 2018
Make recommendations to the Board	April/May 2018
Provide professional learning	Summer 2018
Purchase materials	June-August
Implement materials	2018-2019 school year
