Board Policy

Organization Chart/Lines Of Responsibility

BP 2110

Administration

The Superintendent shall maintain a current district organization chart. The organization chart shall designate lines of primary responsibility and the relationships between all district positions.

The organization chart may clarify working relationships and functions. It is not intended to indicate all the lines of communication and cooperation which must exist to create successful and effective schools.

The Superintendent or designee shall insure that all personnel understand to whom they are responsible and for what functions. Lines of responsibility should in no way prevent staff members at all levels from cooperating to develop the best possible school programs and services.
