The determination of a satisfactory performance shall be in the sole judgment and discretion of the District in light of applicable industry standards, if applicable. The term may be extended by mutual consent of the parties on the same terms and conditions by a mutually executed addendum.

ARTICLE 3. PAYMENT.

District agrees to pay Contractor for services satisfactorily rendered pursuant to this Agreement as follows:

However, District shall not be responsible for nor will it be required to provide personnel to accomplish the duties and obligations of Contractor under this Agreement. Contractor will provide all other necessary equipment and facilities to render the services pursuant to this Agreement.

ARTICLE 5. WORKS FOR HIRE/COPYRIGHT/TRADEMARK/PATENT

The Contractor understands and agrees that all matters specifically produced under this Agreement that contain no intellectual property or other protected works owned by Contractor shall be works for hire and shall become the sole property of the District and cannot be used without the District's express written permission. The District shall have the right, title and interest in said matters, including the right to secure and maintain the copyright, trademark and/or patent of said matter in the name of the District. The Contractor consents to the use of the Contractor's name in conjunction with the sale, use, performance and distribution of the matters, for any purpose in any medium.

As to those matters specifically produced under this Agreement that are composed of intellectual property or other protected works, Contractor must clearly identify to the District those protected elements included in the completed work. The remainder of the intellectual property of such completed works shall be deemed the sole property of the District. The completed works that include both elements of Contractor's protected works and the District's protected works, shall be subject to a mutual non-exclusive license agreement that permits either party to utilize the completed work in a manner consistent with this Agreement including the sale, use, performance and distribution of the matters, for any purpose in any medium.

The Contractor and their employees or agents rendering services under this agreement shall not be employees of the District for federal or state tax purposes, or for any other purpose. The Contractor acknowledges and agrees that it is the sole responsibility of the Contractor to report as income its compensation from the District and to make the requisite tax filings and payments to the appropriate federal, state, and/or local tax authorities. No part of the Contractor's compensation shall be subject to withholding by the District for the payment of social security, unemployment, or disability insurance, or any other similar state or federal tax obligation.

The Contractor agrees to defend, indemnify and hold the District harmless from any and all claims, losses, liabilities, or damages arising from any contention by a third party that an employer-employee relationship exists by reason of this Agreement.

The District assumes no liability for workers' compensation or liability for loss, damage or injury to persons or property during or relating to the performance of services under this Agreement.

ARTICLE 7. FINGERPRINTING REQUIREMENTS.

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering the school site to determine that they have not been convicted of a serious or violent felony. If the District determines that more than limited contact with students will occur during the performance of these services, Contractor will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to the District.

District has determined that services performed under this Agreement will result in limited contact with pupils. Contractor is required to comply with the conditions listed in Exhibit A, Contractor's Certification of Compliance. If the Contractor is unwilling to comply with these requirements, the Contractor's employees may not enter any school site until the Contractor provides the certification of fingerprinting clearance by the DOJ for employees providing services. These requirements apply to self-employed contractors.

ARTICLE 8. MUTUAL INDEMNIFICATION.

Each of the Parties shall defend, indemnify and hold harmless the other Party, its officers, agents and employees from any and all claims, liabilities and costs, for any damages, sickness, death, or injury to person(s) or property, including payment of reasonable attorney's fees, and including without limitation all consequential damages, from any cause whatsoever, arising directly or indirectly from or connected with the operations or services performed under this Agreement, caused in whole or in part by the negligent or intentional acts or omissions of the Parties or its agents, employees or subcontractors.

It is the intention of the Parties, where fault is determined to have been contributory, principles of comparative fault will be followed and each Party shall bear the proportionate cost of any damage attributable to fault of that Party. It is further understood and agreed that such indemnification will survive the termination of this Agreement.

ARTICLE 9. INSURANCE.

Prior to commencement of services and during the life of this Agreement, Contractor shall provide the District with a copy of its policy evidencing its comprehensive general liability insurance coverage in a sum not less than \$1,000,000 per occurrence. Contractor will also provide a written endorsement to such policy naming District as an additional insured, and such endorsement shall also state "Such insurance as is afforded by this policy shall be primary, and any insurance carried by District shall be excess and noncontributory." If insurance is not kept in force during the entire term of the Agreement, District may procure the necessary insurance and pay the premium therefore, and the premium shall be paid by the Contractor to the District.

ARTICLE 10. TERMINATION.

The District may terminate this Agreement without cause upon giving the Contractor thirty days written notice. Notice shall be deemed given when received by Contractor, or no later than three days after the day of mailing, whichever is sooner.

The District may terminate this Agreement with cause upon written notice of intention to terminate for cause. Ten (10) calendar days after service of such notice, the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, or this Agreement shall cease and terminate. In the event of such termination, the District may secure the required services from another contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charged to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party or no later than three days after the day of mailing, whichever is sooner.

ARTICLE 11. ASSIGNMENT.

This Agreement is for personal services to be performed by the Contractor. Neither this Agreement nor any duties or obligations to be performed under this Agreement shall be assigned without the prior written consent of the District, which shall not be unreasonably withheld. EXHIBIT A

CONTRACTOR CERTIFICATION of COMPLIANCE

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that employees who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice (DOJ) must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. Depending on the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, the District may determine that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement, and that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, the Contractor cannot adhere to the conditions stated above, the Contractor shall immediately so inform the District and shall assign only employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, the Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

The Service-Level Agreement Program (SLA)

Digital Deployment is committed to quality, standardization, collaboration, and reliability. We are proud to offer a Service-Level Agreement program (SLA) that delivers support in a way that is consistent with these values.

Our SLA program provides timely responses to support requests, ongoing quality assurance, workshops for ongoing education, highly-available hosting, and routine upgrades that provide new content management features and keep your website performing well for site visitors. It also offers several truly different advantages over traditional hourly bill-for-service agreements:

- An all-inclusive program at a flat rate

- A warranty for issues that may arise with the website, creating a financial incentive for Digital Deployment to build an error-free product. (Compare this to other models which charge to repair problems and resolve issues.)
- Includes continuous development of new features and functionality, ensuring that a Digital Deployment website will not be technologically obsolete in a few years
- Website is continually upgraded with the latest security updates
- Includes ongoing workshops and an interactive knowledge base to better leverage the site's technology and website best-practices
- Automatic enrollment

At the completion of Phase 5, each client is automatically enrolled in the SLA program. Clients are then billed at the beginning of the next month a fixed monthly fee, and may cancel at anytime.

What's included in the Service Level Agreement program?

- **Site hosting:** Hosting and monitoring of your site, ensuring fast page load times, site stability and 99.9% uptime.
- **Regular backups and restoration service:** All site content (both application and data) backed up at least once every 24 hours and held for 7 days, enabling "rollback" in the event of corruption or damage to the site.
- **Service-level support responses:** Provides timely responses to support requests within predefined time periods.
- **Site upgrades:** Bug fixes, Drupal security patches, and routine updates to your site.
- **New features:** Install new platform-wide features and improve existing features on a monthly update schedule.
- **Idea forum:** Forum where clients can discuss ideas and collaborate with our developers and product design team for new features or improvements to the CMS. Digital Deployment continuously evaluates discussions of new features and improvements, and may develop those that benefit the larger community of clients like you.
- **Mobile platform:** Full mobile functionality for your site - learn more at www.digitaldeployment.com/mobile.
- **Compatibility testing and browser support:** Includes required theme adjustments to accommodate new browsers if necessary.
- **Site effectiveness and traffic analytics:** Allows the tracking of site performance and goals.
- **Personalized training and/or consulting:** One 2-hour session per quarter included, additional available for a fee.

Site hosting. Digital Deployment will provide hosting services for your website at no cost. You can request a backup file of your site at any time, which can be used to upload to a new hosting provider. Our monitoring services ensure fast page load times, site stability and 99.9% site uptime (as measured over any 12-month period) for all SLA clients.

Daily backups. All site content (both application and data) is backed up each day and held for 7 days, enabling a fast "rollback" in the event of corruption or serious damage to the site.

Service-level support agreement. Support is defined as getting timely help resolving a problem with normal site operation, including, but not limited to, problems adding content to the site, site errors or warning messages, or any feature that has suddenly stopped working. Problems are reported to Digital Deployment through the client support interface so they are documented and can be quickly assigned to a support technician. Support requests are stored electronically so they are available to any designated person in the organization for later reference. SLA clients will receive a response within our SLA guidelines based upon the priority level of each submitted ticket.

Site upgrades. Digital Deployment will install updates to the content management system when appropriate. Exceptions include custom modules, third-party scripts, or modules no longer supported by the open-source community, although such exceptions are rare.

Standard features. Digital Deployment will install new platform-wide standard features and improve existing features at its discretion, on a monthly development cycle. After a new feature has been standardized and thoroughly tested, it will be added to your site at no charge.

Idea Forum. Clients have the ability to request new features or improvements to their sites in our forum. This allows the entire Digital Deployment community to collaborate on the best way to implement new functionality that will benefit multiple clients. SLA clients receive free implementation of the suggestion/feature if it becomes standard.

Mobile platform. The completely custom DD Mobile platform is available only as a service, and only to SLA customers. Clients not on an SLA will still have a website that functions on mobile devices, but they will not have the use of the mobile-enhanced version.

Post-launch accessibility, compatibility, and browser support. Digital Deployment strives to continuously improve the site's structure to better comply with web standards. Upon request, Digital Deployment will provide printed certification from the World Wide Web Consortium (W3C) and content quality.com demonstrating that Client's website complies with section 508 of the Federal Rehabilitation Act (29 U.S.C. §794d) and the W3C's Web Access Initiative to protect the Client from liability arising from having an inaccessible website. Example of accessibility, compatibility, and browser support issues: When the iPad was released in April 2010, it handled embedded video differently than other devices, such that videos would not play. Digital Deployment worked to resolve the issue at no cost to SLA clients, making uploaded video playable on the iPad a standard feature.

Site effectiveness and traffic analytics. The Client's website will give the Client the ability to create and organize content in such a way to improve search engine rankings, and make content on the site more relevant to search terms likely to be used by potential site visitors in search engine queries. Specifically, the Client's website gives Client the ability to create and manage specific language used by search engines to

index and rank website content, including visible and invisible "tags" such as keywords and meta-tags (non-visible index terms). This will enable major Internet search engines to better connect potential site visitors to material on the Client's website. Digital Deployment will update the Google Analytics tracking script on all pages if a new version becomes available, will provide training on how to use Google Analytics for monitoring site traffic to improve understanding of site visitors and their behavior on the Client's website (such as which content is most popular, identifying new versus returning site visitors, identifying where visitors are located geographically, how visitors reach the site, and what search terms visitors used with search engines). Digital Deployment will also provide ongoing improvements to the website architecture to optimize for traffic to the site in an effort to improve the site's search rank. This means ensuring the site adheres to best practices: keyword-rich page titles and paths, compliance with web standards, and continually making under-the-hood improvements to the semantic structure of the site.

Ongoing training and knowledge base. Digital Deployment may provide comprehensive in-depth professional development courses and/or webinars on specialized topics including, but not limited to: jumpstart training, content management 101, mobile platform training, publishing best practices, writing for search engine performance, Google Analytics, intro to social media and web 2.0 channels. Workshops are available on a first-come, first-serve basis when offered.

Digital Deployment will also provide SLA clients with access to its knowledge base, including frequently updated articles, expert tips and tricks, in-depth help, and industry best-practices.

Personalized training and/or consulting. For a fee, additional training and/or consulting is available as online or in-person sessions on any web-related topic relevant to the attendees, depending on the topic, presenter(s), and is subject to Digital Deployment staff availability. Clients must be actively enrolled in a SLA in order to qualify for personalized training or consulting.

Liability. By enrolling in our SLA program, the Client accepts responsibility for the content it publishes on its website and agrees to monitor the site to ensure the content on the site is appropriate and does not pose a risk to the Client. In return, Digital Deployment accepts responsibility for maintaining the website infrastructure and will take reasonable measures to ensure that installed software is kept current, that security patches are applied in a timely manner, and that any problems with the website infrastructure are quickly resolved.

SLA program subject to change. The details of Digital Deployment's SLA program are subject to change. Up-to-date program details are always available at <http://www.digitaldeployment.com/sla>.

SERVICES AGREEMENT

Date: July 1, 2015 **Place:** Sacramento, California

Parties: Sacramento City Unified School District, a political subdivision of the State of California, (hereinafter referred to as the "District"); and AMS.Net, (hereinafter referred to as "Contractor").

Recitals:

A. The District is a public school district in the County of Sacramento, State of California, and has its administrative offices located at the Serna Center, 5735 47th Avenue, Sacramento, CA 95824.

B. The District desires to engage the services of the Contractor and to have said Contractor render services on the terms and conditions provided in this Agreement.

C. California Government Code Section 53060 authorizes a public school district to contract with and employ any persons to furnish to the District, services and advice in financial, economic, accounting, engineering, legal, or administrative matters if such persons are specially trained, experienced and competent to perform the required services, provided such contract is approved or ratified by the governing board of the school district. Said section further authorizes the District to pay from any available funds such compensation to such persons as it deems proper for the services rendered, as set forth in the contract.

D. The Contractor is specially trained, experienced and competent to perform the services required by the District, and such services are needed on a limited basis.

In consideration of the mutual promises contained herein, the parties agree as follows:

ARTICLE 1. SERVICES.

The Contractor hereby agrees to provide to the District the services as described below ("Services"):

Provide Cisco SMARTnet technical support per Price Quote Order #94881 attached hereto. Includes maintenance for hardware, software, and rapid problem resolution.

ARTICLE 2. TERM.

This Agreement shall commence on July 1, 2015, and continue through June 30, 2016, unless sooner terminated, as set forth in Article 10 of this Agreement, provided all services under this Agreement are performed in a manner that satisfies both the needs and reasonable expectations of the District. The determination of a satisfactory performance shall be in the sole judgment and discretion of the District in light of applicable industry standards, if applicable. The term may be extended by mutual consent of the parties on the same terms and conditions by a mutually executed addendum.

ARTICLE 3. PAYMENT.

District agrees to pay Contractor for services satisfactorily rendered pursuant to this Agreement as follows:

Flat Rate: The total payment to Contractor, including travel and other expenses, shall be \$250,452.31. Payment shall be made within 30 days upon submission of periodic invoice(s) to the attention of Elliot Lopez, Chief Information Officer, Sacramento City Unified School District, P. O. Box 246870, Sacramento, California 95824-6870.

ARTICLE 4. EQUIPMENT AND FACILITIES.

District will provide Contractor with access to all needed records and materials during normal business hours upon reasonable notice. However, District shall not be responsible for nor will it be required to provide personnel to accomplish the duties and obligations of Contractor under this Agreement. Contractor will provide all other necessary equipment and facilities to render the services pursuant to this Agreement.

ARTICLE 5. WORKS FOR HIRE/COPYRIGHT/TRADEMARK/PATENT

The Contractor understands and agrees that all matters specifically produced under this Agreement that contain no intellectual property or other protected works owned by Contractor shall be works for hire and shall become the sole property of the District and cannot be used without the District's express written permission. The District shall have the right, title and interest in said matters, including the right to secure and maintain the copyright, trademark and/or patent of said matter in the name of the District. The Contractor consents to the use of the Contractor's name in conjunction with the sale, use, performance and distribution of the matters, for any purpose in any medium.

As to those matters specifically produced under this Agreement that are composed of intellectual property or other protected works, Contractor must clearly identify to the District those protected elements included in the completed work. The remainder of the intellectual property of such completed works shall be deemed the sole property of the District. The completed works that include both elements of Contractor's protected works and the District's protected works, shall be subject to a mutual non-exclusive license agreement that permits either party to utilize the completed work in a manner consistent with this Agreement including the sale, use, performance and distribution of the matters, for any purpose in any medium.

ARTICLE 6. INDEPENDENT CONTRACTOR.

Contractor's relationship to the District under this Agreement shall be one of an independent contractor. The Contractor and all of their employees shall not be employees or agents of the District and are not entitled to participate in any District pension plans, retirement, health and welfare programs, or any similar programs or benefits, as a result of this Agreement.

The Contractor and their employees or agents rendering services under this agreement shall not be employees of the District for federal or state tax purposes, or for any other purpose. The Contractor acknowledges and agrees that it is the sole responsibility of the Contractor to report as income its compensation from the District and to make the requisite tax filings and payments to the appropriate federal, state, and/or local tax authorities. No part of the Contractor's compensation shall be subject to withholding by the District for the payment of social security, unemployment, or disability insurance, or any other similar state or federal tax obligation.

The Contractor agrees to defend, indemnify and hold the District harmless from any and all claims, losses, liabilities, or damages arising from any contention by a third party that an employer-employee relationship exists by reason of this Agreement.

The District assumes no liability for workers' compensation or liability for loss, damage or injury to persons or property during or relating to the performance of services under this Agreement.

ARTICLE 7. FINGERPRINTING REQUIREMENTS.

Education Code Section 45125.1 states that if employees of any contractor providing school site administrative or similar services may have any contact with any pupils, those employees shall be fingerprinted by the Department of Justice (DOJ) before entering the school site to determine that they have not been convicted of a serious or violent felony. If the District determines that more than limited contact with students will occur during the performance of these services, Contractor will not perform services until all employees providing services have been fingerprinted by the DOJ and DOJ fingerprinting clearance certification has been provided to the District.

District has determined that services performed under this Agreement will result in limited contact with pupils. Contractor is required to comply with the conditions listed in Exhibit A, Contractor's Certification of Compliance. If the Contractor is unwilling to comply with these requirements, the Contractor's employees may not enter any school site until the Contractor provides the certification of fingerprinting clearance by the DOJ for employees providing services. These requirements apply to self-employed contractors.

ARTICLE 8. MUTUAL INDEMNIFICATION.

Each of the Parties shall defend, indemnify and hold harmless the other Party, its officers, agents and employees from any and all claims, liabilities and costs, for any damages, sickness, death, or injury to person(s) or property, including payment of reasonable attorney's fees, and including without limitation all consequential damages, from any cause whatsoever, arising directly or indirectly from or connected with the operations or services performed under this Agreement, caused in whole or in part by the negligent or intentional acts or omissions of the Parties or its agents, employees or subcontractors.

It is the intention of the Parties, where fault is determined to have been contributory, principles of comparative fault will be followed and each Party shall bear the proportionate cost of any damage attributable to fault of that Party. It is further understood and agreed that such indemnification will survive the termination of this Agreement.

ARTICLE 9. INSURANCE.

Prior to commencement of services and during the life of this Agreement, Contractor shall provide the District with a copy of its policy evidencing its comprehensive general liability insurance coverage in a sum not less than \$1,000,000 per occurrence. Contractor will also provide a written endorsement to such policy naming District as an additional insured, and such endorsement shall also state "Such insurance as is afforded by this policy shall be primary, and any insurance carried by District shall be excess and noncontributory." If insurance is not kept in force during the entire term of the Agreement, District may procure the necessary insurance and pay the premium therefore, and the premium shall be paid by the Contractor to the District.

ARTICLE 10. TERMINATION.

The District may terminate this Agreement without cause upon giving the Contractor thirty days written notice. Notice shall be deemed given when received by Contractor, or no later than three days after the day of mailing, whichever is sooner.

The District may terminate this Agreement with cause upon written notice of intention to terminate for cause. A Termination for Cause shall include: (a) material violation of this Agreement by the Contractor; (b) any act by the Contractor exposing the District to liability to others for personal injury or property damage; or (c) the Contractor confirms its insolvency or is adjudged a bankrupt; Contractor makes a general assignment for the benefit of creditors, or a receiver is appointed on account of the Contractor's insolvency.

Ten (10) calendar days after service of such notice, the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, or this Agreement shall cease and terminate. In the event of such termination, the District may secure the required services from another contractor. If the cost to the District exceeds the cost of providing the service pursuant to this Agreement, the excess cost shall be charged to and collected from the Contractor. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to the District. Written notice by the District shall be deemed given when received by the other party or no later than three days after the day of mailing, whichever is sooner.

ARTICLE 11. ASSIGNMENT.

This Agreement is for personal services to be performed by the Contractor. Neither this Agreement nor any duties or obligations to be performed under this Agreement shall be assigned without the prior written consent of the District, which shall not be unreasonably withheld. In the event of an assignment to which the District has consented, the assignee or his/her or its legal representative shall agree in writing with the District to personally assume, perform, and be bound by the covenants, obligations, and agreements contained in this Agreement.

ARTICLE 14. CONFLICT OF INTEREST.

The Contractor shall abide by and be subject to all applicable District policies, regulations, statutes or other laws regarding conflict of interest. ARTICLE 15. NONDISCRIMINATION.

It is the policy of the District that in connection with all services performed under contract, there will be no discrimination against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, handicap, religious creed, sex, age or marital status. Contractor agrees to comply with applicable federal and California laws including, but not limited to, the California Fair Employment and Housing Act.

ARTICLE 16. ATTORNEY'S FEES.

In the event of any action or proceeding brought by one party against the other party under this Agreement, the prevailing party shall be entitled to recover its attorney's fees and reasonable costs in such action or proceeding in such an amount as the court may judge reasonable.

ARTICLE 17. SEVERABILITY.

Should any term or provision of this Agreement be determined to be illegal or in conflict with any law of the State of California, the validity of the remaining portions or provisions shall not be affected thereby. EXHIBIT A

CONTRACTOR CERTIFICATION of COMPLIANCE

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that employees who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice (DOJ) must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the contract. Depending on the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, the District may determine that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement, and that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, the Contractor cannot adhere to the conditions stated above, the Contractor shall immediately so inform the District and shall assign only employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, the Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement. Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to suspend or terminate the Agreement at any time for noncompliance.

Department: Board of Education.

Recommendation: Approve Resolution No. 2854: Resolution Regarding Board Stipends.

Background/Rationale: Education Code section 35120 fails to define hardship which has led to uncertainty regarding payment of stipends for Board members who may be deserving of payment, due to a hardship, for absent meetings. All stipend payments will be based on an attendance sign-in sheet as well as any Board resolution(s) excusing absences in compliance with law. A Board member who is absent from a meeting may be eligible for payment by reporting the excused absence to the Board Office. A Board resolution will be periodically placed, as needed, on the Board agenda to state that the reason for the absence complies with Education Code section 35120 and shall be reflected in the minutes.

Information

Member Rodriguez announced that there will be a community parade on Sunday, September 20th from 12:00 to 2:00 p.m. starting at 444 Franklin Boulevard and ending at 3301 37th Avenue (Maple Community Center). Also, there is a new Consulate General of Mexico, Alejandra Garcia Williams. On September 9th, Member Rodriguez will be attending a reception to welcome her. She invited anyone that has a need to engage with the new Consulate General to contact her. Member Rodriguez also announced that she has been awarded a scholarship from NALEO to attend this year's education summit in Washington D.C. The summit is from September 18 to 19. She also reported that she recently graduated from a program co-sponsored by the University of Southern California, the Latina Global Executive Leadership Program. Her focus over the next year is to begin a young women's leadership program for our District.

Member Ryan announced she will be launching a civic engagement project in the District by working in partnership with former State Senator Gary Hart and Sierra Health Foundation. This project looks to empower community youth to connect to the ability to contribute meaningfully to the world. The project will be launched at American Legion High School at the end of September. Member Ryan attended and reported on the first day of school activities at Hollywood Park Elementary School, Leonardo da Vinci K-8 School, Oak Ridge Elementary School, Father Keith B. Kenny K-8 School, Ethel Phillips Elementary School, and Ethel I. Baker Elementary School. She plans to visit Pacific Elementary School tomorrow. She also reported a recent meeting with Sacramento Area Congregations Together. At the Crest Theater on October 15th they will be sponsoring a documentary viewing of a Washington school district that was able to use trauma intervention to significantly turn around struggling schools. This is a free program, and Member Ryan will send out information to anyone interested.

Second Vice President Hansen reported that he attended a back-to-school event at Leataata Floyd Elementary School. Projects were completed over the summer to get the campus ready for the new school year. Also, he completed a tour of a gym renovation at California Middle School. Their enrollment is up 100 students this year compared to last year. Second Vice President Hansen also relayed a message for Principal Peter Lambert of C. K. McClatchy High School; Principal Lambert was going to report on behalf of UPE, but was detained.

Member Cochrane reported that she visited several schools, but especially reported on first day activities at Tahoe Elementary School.

10.0 BOARD WORKSHOP/STRATEGIC PLAN AND OTHER INITIATIVES

10.1 2015-16 Local Control Accountability Plan Update (Al Rogers)

Information

Chief Strategy Officer Al Rogers and LCAP/SPSA Coordinator Cathy Morrison gave the presentation. They went over background and reported on amendments made to the LCAP, parent advisory committees, and explained the timeline and next steps.

Public Comments:

Jonathan Tran, of Hmong Innovating Politics, spoke on the expansion of the ELD Trailblazer programs to 17

schools. He feels this is tremendous progress, and he hopes information can be updated on the District website. He is also happy about the formation of the English Learner Advisory Committee. He also spoke on on-going transparency and engagement metrics.

Liz Guillen, with Public Advocates, reported that on August 18 members of the Community Priority Coalition and Public Advocates wrote to the Superintendent and Chief Business Officer Gerardo Castillo about concerns they raised previously in a Budget Oversight Committee meeting regarding language of the LCAP, that the LCAP was not clear in how the District was planning to increase or improve services for unduplicated students, and that the District's calculation on the amount of money used to increase or improve services did not match the amount of money received last year. A response was received, but they have not had enough time to process it. They request that there be time to publicly discuss the matter at the next Board meeting.

Darlene Anderson has concerns with lack of services in Special Education and for African American students.

Board Member Comments:

Second Vice President Hansen replied to Ms. Guillen's comments and thanked her for her organization's involvement. He will work on scheduling additional time for her concerns with the Executive Committee. He also thanked Dr. Rogers for the presentation and noted that he has invited his two LCAP appointees to serve again. He feels the continuity of a second year on the committee is important. He is encouraged about student involvement as well, and he asked that Student Board Member Barry be consulted when they are looking to start the process of student outreach.

Member Rodriguez asked Ms. Guillen if she would send an e-mail with possible dates to meet. She also asked if the plan is to have joint meetings with DELAC and the English Learner Parent Advisory Committee. Dr. Rogers answered that the schedule is not made yet, but there will probably be some joint meetings. They want to give both groups full sponsorship. Member Rodriguez noted that not every school site that should have an ELAC is fully functioning as an ELAC. She asked what the strategy is to ensure that we are getting parents involved that have not yet been. Dr. Rogers said that it is difficult to guess which parents are fully involved currently and which will be emerging, so we will have to work through that as we go. The strategy is to reach out to all of the schools and, depending on the response, we will know how to proceed. Member Rodriguez said that she has found it very effective to work with existing parent leaders.

Member Ryan said she concurs with much of what Board Member Hansen said. She thanked Dr. Rogers for having the amendments to the plan that reflected the priorities of the Parent Advisory Committee. She is very appreciative of the expanded student role in the future.

Member Cochrane asked Dr. Rogers to speak on EL coordinators, classroom teachers, and the type of recruitment of parents that is going on at the grass-roots level. Dr. Rogers said that it varies by school community and that it is early to respond at this point in time. Engagement with ELAC is part of our principals' normal routine and leadership, but we do also need to work with local community groups.

Member Rodriguez asked if there are fewer questions on the application this year. Ms. Morrison replied that the question about advocacy versus advisory was removed and can be reinstated. Member Rodriguez said it may need rewording, but should be brought to the Board before being omitted. Ms. Morrison said the plan was to post tomorrow.

Member Ryan noted that she heard from several parents and advocates that they had issues with that question. She offered to re-word the question tonight.

Member Rodriguez indicated that this was a good idea since the plan is to get it out tomorrow. They could perhaps come back and revisit this one question at the end of the Board meeting. Vice President Pritchett said that would be fine.

10.2 Strategic Planning Process Overview (Al Rogers)

Information

Dr. Rogers gave the presentation which began by covering background and then went on to cover the strategic planning process, alignment with the LCAP, and timeline/next steps.

Public Comments:

Darlene Anderson feels that the District wants to seek public engagement without discussing the data. She also has concerns with the amount of parent input allowed in developing SDC plans and credit recovery plans.

Board Member Comments:

Member Rodriguez asked if a bargaining unit is missing on slide 8. Dr. Rogers said yes, CSA is inadvertently omitted. Member Rodriguez asked if there have been conversations with all union partners. Dr. Rogers said no, that the process is still at the conceptual design level, but we will be connecting with the bargaining units. Member Rodriguez said she likes the design process shown on slide 9. She asked about the first bulleted statement on slide 16; what is the vision to prepare school site staffs to ensure a level of authenticity? Dr. Rogers said he knows principals do enjoy active relationships with their community groups. Also the Area Assistance Superintendents, along with Dr. Rogers and his staff, will sponsor the principals. Pivot Learning Partners can work with them to facilitate those conversations. Plus, our Public Education Volunteers are people who are connectors for their respective communities. They will be able to facilitate that conversation readily through formal venues such as faculty meetings as well as informal meetings. Member Rodriguez asked how Dr. Rogers plans to get to the point where everyone's voice is being heard. Dr. Rogers said groups may be missed the first time, but there are three takes at this, and he anticipates that the Board will want an ongoing feedback loop. Doing this alongside the LCAP strengthens the integrity of our effort to get out and obtain feedback because the LCAP is done, and renewed annually.

Superintendent Banda agreed that there is likely to be gaps and low turnout from some parts of our District, but as we will come back a number of times, we will be able to look at the data and find out where low participation is located. We can then circle back to find out why participation is low. It could be access to meetings, language translation issues, etc.

Member Rodriguez asked how, for the strategic plan, parents will take a more active, participative leadership role in this type of setting. Dr. Rogers asked for clarification. Member Rodriguez is asking if parents may get confused with the two parallel programs. Dr. Rogers said that they know the message will at times be confusing for people, and the design team will be looking for that phenomenon especially. We will have to go back out to clarify, re-state, and re-engage. Member Rodriguez asked, regarding the commitment to go back out, if we have the resources to do that. Dr. Rogers said that he believes we do at this point. He anticipates that our Public Educator Volunteers will have a large role in this. Member Rodriguez said that she would like to see how he will address anticipated confusion and overlap during their one-on-one meeting. She then asked if he had asked principals at every school site which community based organizations they work with and how engaged of a role can they get them to commit to during this endeavor (of going out into the community to discuss the strategic plan)? Dr. Rogers said that they have not as of yet, but he will certainly take this under advisement.

Second Vice President Hansen said he would like us to expand who we speak to when we do the strategic plan, such as businesses, Chamber of Commerce, etc. He would also like to see us work more with our City and County government partners. He would like meeting time to be arranged with Councilmembers and Supervisors that are interested in the process. He noted that our budget and the City and the County budgets are spent every year on the same group of people. The more that we can align the work that we are doing together, the more we can maximize our effectiveness for our resident tax-payers to provide better value and do good work. He also noted that the Sacramento Bee, News and Review, and television spots have all been positive toward things we have been doing. He feels the media can also be helpful in this and that it would be good to obtain feedback from the media. The timeline for this is long; he does not want to see us get too caught up in process and not enough involved in action and getting things done for our students and District.

Member Cochrane thanked Dr. Rogers for the planning he has done. She asked what is the time frame for completing the ideas in the strategic plan. Dr. Rogers said the work that will be outlined will take about five years. The Board can change the scope of the strategic plan however. The first draft that will be presented in November will cover the framework, but the Board can have input at any time. Member Cochrane then asked if there will be a dedicated employee to help him in this. Dr. Rogers said that yes, Chief Information Officer Elliot Lopez will be working on our data systems.

Member Ryan said she is glad Member Cochrane spoke to the data. She hopes data will inform every piece of this, and she is very interested in seeing how Dr. Rogers utilizes it moving forward. She also cautioned that, with a big vision, ideas, and goals, measurement is difficult. She wants to ensure that alongside those goals we have some clear metrics so that at every level we can see if we are making gains in student achievement. She is also grateful for the family and community engagement piece. She would like to see Dr. Rogers work with Chief Communications Officer Gabe Ross to shape a communications plan for family and community engagement that allows for a focus group of families that gives feedback on the language proposed before going out into the community.

Student Member Barry told Ms. Anderson that she admires how she repeatedly comes to Board meetings to fight for what she wants. She said she would like to exchange information with her after the meeting so that she can learn more about issues that Ms. Anderson has been speaking about to see if she can be of any help.

Member Pritchett thanked Dr. Rogers for all of his work and said she looks forward to what will come.

10.3 Restorative Justice and Equity Update (Doug Huscher)

Information

Doug Huscher, Assistant Superintendent of Equity, gave the presentation. He began by explaining the new Equity Department. The goals of the department are to understand and improve school climate, implement approaches outlined in Board policy, find the courage to interrupt and transform inequitable systems into places of opportunity for young people and adults, and to develop equity leaders throughout the District. He presented on school climate, Social Emotional Learning, Positive Behavior Intervention Support, Restorative Practices, Restorative Justice, summer trainings held, family engagement and empowerment, barriers, next steps and the National Equity Project.

Public Comments:

Darlene Anderson spoke of transitional support that was provided to her son with the help of Principal Rosario Guillen and, through Special Education, an Instructional Aide. She feels that the District documents students, but yet often it does not lead to a solution. She has concerns that data is collected but not utilized.

Joe Smith spoke about the strategic plan and suggested using District gyms for youth engagement services and expanded learning providers to highlight the strategic plan. He commented that he does not see behaviors mentioned in the Item 10.3 presentation as “stupid”, as the presentation described. He thanked the presenter for addressing questions of how we want to move forward and our commitment to have change. He mentioned that the practice of a restorative movement stems from the large disproportionate effect on students of color.

Liz Guillen, with Public Advocates, is pleased that the District is taking restorative practices philosophy seriously. She said this is something that organizations in the Community Priority Coalition have asked to have. One of the improvements in the LCAP that came back in the revisions from the County was in goal three, to create more emotionally safe learning environments. Expected measurable outcomes that were added, however, are suspension rates. What is missing is that these outcomes need to be identified by subgroup.

Board Member Comments:

Member Ryan concurs with Ms. Guillen’s statement regarding efforts toward change. She asked if participants participated in conducting a pre and post survey to get a sense of how they entered the room with expectations and then what they were able to take leaving the room. This would alter future trainings as a result of the feedback received. Mr. Huscher replied that, as the training was during summer, they were not able to do a pre-assessment, but they did gather most extensive post-data from the participants. Member Ryan asked if there was an even number of both teachers and administrators. Mr. Huscher said that each administrator brought a team from their site. The teams ranged from three to seven, with a total of ten schools. Member Ryan said she is grateful for this work that Mr. Huscher is doing. She asked if he is looking at other cities and states that have done this work well. Mr. Huscher answered that yes; many districts have arrived at a different definition for equity. Member Ryan asked if part of the vision for the work moving forward in the coming year is to include classified staff in the restorative practices work. Mr. Huscher said yes, when we talk about school climate we are talking about not just teachers, but also classified staff, certificated staff, and parent leaders. We want to look at how we can expand that so that the whole school can be restorative in its approach. Member Ryan said that at every school she has visited the conversation always includes SEL, Restorative Justice, and/or school climate. Principals and teachers are all very eager to continue the work. Schools that do not already have a dedicated stream of revenue to grow their SEL or Restorative Justice work had an idea of creating a series of “train the trainer” trainings. Mr. Huscher said that one of the things being looked at for next year is The International Institute for Restorative Practices’s model which is just like that. Member Ryan reported that she has committed resources out of her allocated Board area budget to Principal Rolleri at Oak Ridge so he can utilize an unused classroom to create a calming space to integrate some of the trauma/intervention methods he has learned.

Member Rodriguez thanked Mr. Huscher for his presentation. She then referred to slide 15 and spoke of the effect people have on one another and the effect of different cultures in organizations. She also thanked Mr. Huscher for the last bullet on slide 16. She referred to slide 20 and asked how is greater academic achievement measured and how do we know it is SEL versus PBIS or RJ. Mr. Huscher said he believes the studies he referenced had seen an 11 percent increase separated out using a control group. Member Ryan said she is excited about the hosting of the SEL summit in February.

Vice President Pritchett thanked Mr. Huscher for his presentation.
