DEFINING THE DATA

Data Perimeters

Time period: Data covers the period of time from July 1st through June 30th of the school year indicated.

Who are counted: Homeless students, as defined by the state/federal/district definition, who attended SCUSD schools and homeless students who resided in SCUSD attendance area but did not attend SCUSD schools.

How & when the data is collected: Schools, parents, students, or agencies referring the family/student are asked to supply information at the time the referral is made or during the intake with the parent. If possible, a housing & school history of the student is obtained. From this information, the period(s) of homelessness and relevant schools are determined.
