

# Board Workshop

## *Sacramento City Unified School District's Equity, Access, and Social Justice Guiding Principle*

September 21, 2017

Agenda Item # 9.1

Presented by: Superintendent Jorge A. Aguilar

## SCUSD CORE VALUE

We recognize that our system is inequitable by design and we vigilantly work to confront and interrupt inequities that exist to level the playing field and provide opportunities for everyone to learn, grow and reach their greatness.

# Equity, Access, and Social Justice Theory of Change

## Equity & Access Guiding Principle

*All students are given an equal  
opportunity to graduate  
with the greatest number of  
postsecondary choices from  
the widest array  
of options*

*"It's always about everything, but not always with equal intensity and focus"*

# Defining Equity, Access, and Social Justice

- Equity, Access, and Social Justice requires **displaying data in real-time** in such a way that data triggers a moral call to action irrespective of parent advocacy or (in)ability to navigate Sac City Unified

# Defining Equity, Access, and Social Justice

- Equity, Access, and Social Justice requires displaying data in real-time in such a way that data triggers a moral call to action irrespective of parent advocacy or (in)ability to navigate our Sac City Unified
- Equity, Access, and Social Justice act as a “check and balance” to ensure that “downdrafting” practices, procedures, processes, and traditions are identified and researched to determine the purpose of their continued use

# Defining Equity, Access and Social Justice

- Equity, Access and Social Justice requires displaying data in real-time in such a way that data triggers a moral call to action irrespective of parent advocacy or (in)ability to navigate our Sac City Unified
- Equity, Access, and Social Justice act as a “check and balance” to ensure that “downdrafting” practices, procedures, processes, and traditions are identified and researched to determine the purpose of their continued use
- Equity, Access, and Social Justice is about respecting the value of data and establishing a continuous improvement and accountability framework that is transparent and **looks at data by student, by name, by need, and by *inequity and injustice!***

# By Student, By Name, By Need, and By *Inequity and Injustice*

*The analysis that resulted in these profiles is based on historical data for FUSD graduates who enrolled at UC or CSU schools in the respective groups. The analysis included minimum, maximum, average and mean GPA, number of A-G and Honors courses completed and SAT/ACT scores to develop baseline criteria. Threshold testing of all metrics was performed to produce the overall criteria that yielded the highest probability of admission. Due to CSU local admission policy, historical data for Fresno State enrollees was not considered in the creation of CSU profiles.*

# Why is this important to spotlight?

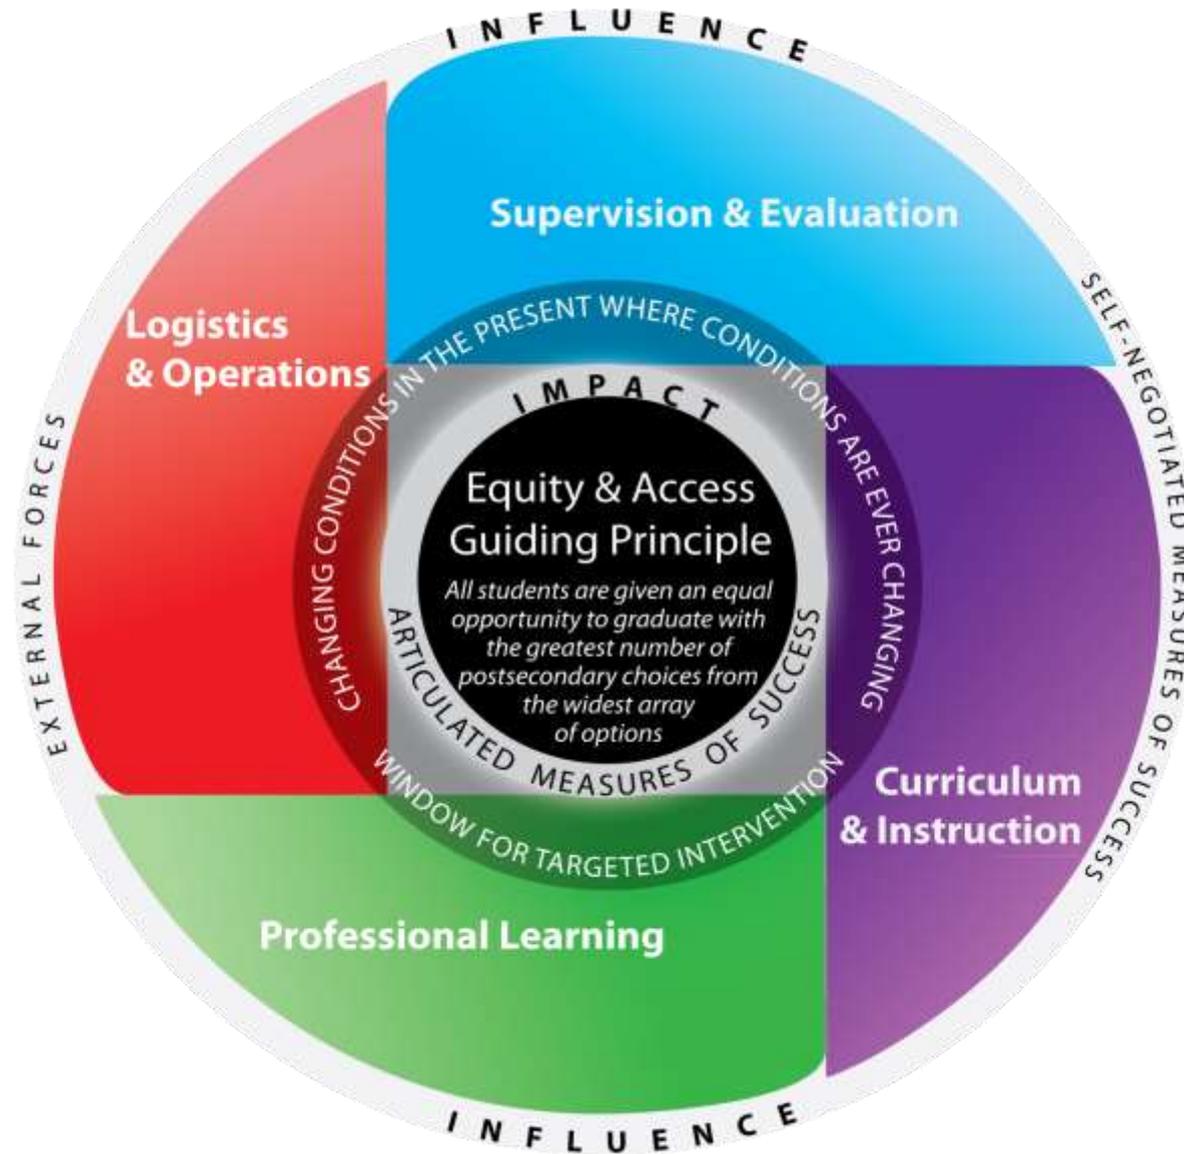

## High School Course for Conditionally Ready Students

As a conditionally ready student, you can meet the ELM Requirement by taking an approved year-long math course in your senior year and getting a grade of C or better. The following high school courses have been approved:

- Trigonometry and Math Analysis
- Pre-Calculus
- Calculus
- AP Calculus AB
- AP Calculus BC
- AP Statistics
- AP Physics

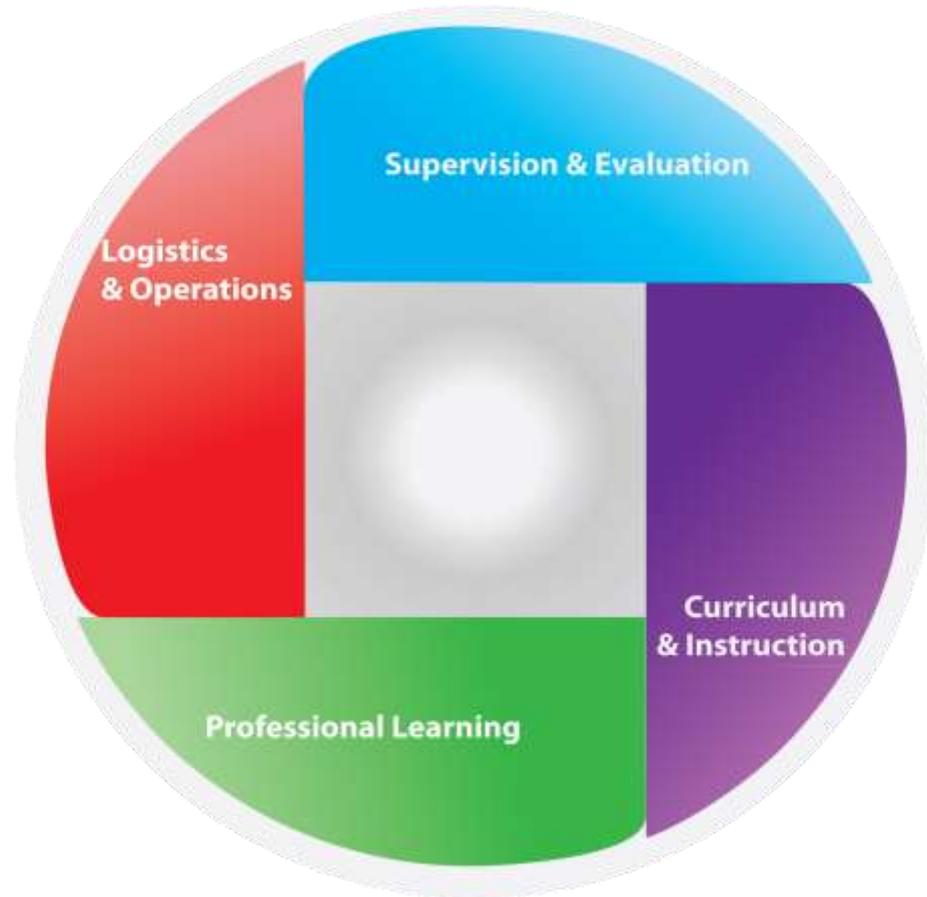

Any other year-long high school math course with Algebra 2 or Integrated Math III as a prerequisite is approved.
