KEEPING EACH OTHER HEALTHY DURING COVID-19

The guidelines below will reduce the risk of spreading illness at school. Guidelines may change over time.

Health Screening

Every Day Before School: Check your child’s temperature at home every morning and look for signs of illness. Symptoms include:

Stay Home If:
- Your child has any of the above symptoms, or has been diagnosed with COVID-19 within the last 10 days.
- Your child has been told to isolate or quarantine by your doctor or the health department.
- Your child had recent close contact with someone with COVID-19 (other than school contact) - within 6 feet of an infected person for at least 15 minutes within the last 10 days.

Report your child’s absence and symptoms to the school each day.

Face Coverings at School

Children should come to school with a freshly washed or clean face covering. Face coverings will be available at school if needed.

Get Vaccinated - find the nearest vaccine availability here at the CA My Turn website

Get Tested - register & consent for testing here

Wash Hands

Students should wash hands before leaving home and upon returning home. All students will wash hands often and/or use hand sanitizer at school.

Follow Cough/Sneeze Hygiene

Teach children to sneeze into a tissue or elbow. Throw tissue away in a waste container. Wash hands with soap and water or use hand sanitizer after sneezing. Do not touch face.

STUDENT SUPPORT AND HEALTH SERVICES

Student Support and Health Services offers a wide range of social, emotional, and health resources for our students and families.

HEALTH SERVICES

Health Services staff engage students, families and the community with programs and services that support physical, mental, and social health in order to succeed in school and life. For further information, please contact the Health Services Office at 916-643-9412.

COVID-19 RETURN TO HEALTH PLAN

Health Services staff continue to work closely with the California Department of Public Health and Sacramento County Public Health to ensure our SCUSD Return to Health plan is in alignment with current mandates and recommendations. SCUSD remains committed to ensuring our students may attend school, while doing all we can to stop the spread of COVID-19. To read the most current guidance, visit our website: https://returntogether.scusd.edu/return-health

STUDENT IMMUNIZATIONS

Children must be immunized against certain diseases before being admitted to school unless a medical exemption has been obtained by a medical doctor. The school district may offer immunizations to prevent communicable disease to students with parent or guardian consent. (Education Code § 49403, § 494216) Please visit the SCUSD Health Services webpage at www.scusd.edu/health-services for further information or call Health Services Office at 916-643-9412.

CONFIDENTIAL MEDICAL SERVICES

Students may be excused from school for the purpose of obtaining confidential medical services (sexual health, mental health, and drug and alcohol counseling) without the consent of the student’s parent or guardian. (Education Code § 46010.1)

PHYSICAL EXAMINATION

A child may be excluded from physical examination whenever the parent/guardian files a written statement with the school that they will not consent to a physical examination of their child. When a child has written exclusion and there is a good reason to believe the child is suffering from a recognized contagious or infectious disease, the child will be excluded from school attendance. (Education Code § 49451)

A child’s vision and hearing will be screened by a credentialed school nurse during kindergarten, upon first entry into a California school, and in grades 2, 5, and 8, unless parents/guardians present a certificate from their physician verifying prior testing or a letter declining the screening.

The district may perform additional screenings, which may include, physical assessments, screenings, and examinations as determined by a healthcare professional. (Education Code § 49452, § 49452.5)

FIRST GRADE HEALTH EXAMINATION

State law requires that for each child enrolled in the first grade, the parent or guardian must present within 90 days after entrance, a certified letter signed by a physician (Report of Health Examination for School Entry), verifying that the child has received a physical examination within the last 18 months. A parent or guardian may file a written objection or waiver stating the reasons why he or she was unable to obtain such services. (Health and Safety Code § 124085, § 124105)

ORAL HEALTH ASSESSMENT

A record of a dental assessment done by a dental professional is required for all kindergartners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31st of the student’s first school year.

If a school or school district hosts a free oral health assessment event at which dental health professionals conduct the assessments, a student’s oral health will be assessed unless the parent or legal guardian has opted out in writing. (Education Code § 49452.8)

EMERGENCY TREATMENT FOR ANAPHYLAXIS

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex, or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse, and dizziness. It is estimated that approximately 25% of anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to Education Code § 49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. (Education Code § 49414)

STUDENT MEDICATION AT SCHOOL

It is the responsibility of the parent/guardian to provide medications in properly labeled, original containers along with the authorized health care provider’s instructions. For prescribed medication, the container also shall bear the name and telephone number of the pharmacy, the student’s identification, and the name and phone number of the authorized health care provider. (5 CCR 606)

Any student who must take prescribed medication at school and who desires assistance of school personnel must submit a written statement of instruction from the physician or surgeon and a written statement by the parents/guardians indicating
their desire to have the school assist in administering the physician’s instructions. (Education Code § 49480)

Any student who carries and self-administers prescription auto-injectable epinephrine and/or inhaled asthma medication must submit a written statement of instruction from the physician that includes confirmation that the student is able to self-administer the medication and a written statement by the parent or guardian that (1) consents to the self-administration; (2) provides a release for the school nurse or other designated school personnel to consult with the physician regarding any questions that may arise regarding the medication; and (3) releases the school district and school personnel from liability if the student suffers an adverse reaction as a result of self-administering the medication. The written statements required for any medication at school shall be provided at least annually and more frequently if the medication, dosage, frequency or reason for administration changes. (Education Code § 48980 § 49423, § 49423.1)

MEDICATIONS GIVEN AT HOME
A parent or guardian is required to inform the school if a student is on a continuing medication regimen to a non-episodic condition. With a parent’s or guardian’s consent, a designated employee may communicate with the physician with regard to the possible effects of the drug on the child’s physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission or over-dosage. (Education Code § 49480)

TYPE 2 DIABETES INFORMATION
Type 2 diabetes is the most common form of diabetes in adults. Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy. It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease. Pursuant to California Education Code § 49452.7, type 2 diabetes information is provided to parents and guardians of incoming seventh grade students each year. To learn more about type 2 diabetes, visit www.scusd.edu/health-services.

HOME AND HOSPITAL INSTRUCTION – TEMPORARY DISABILITY
Parents/guardians have the right to have their child receive individual instruction if attendance at school is impossible or inadvisable due to a temporary disability. Parents must inform the district if their child is hospitalized or unable to attend school. Individual instruction may be provided at the child’s home, in a hospital, or other residential health facility. If the hospital or facility is located in another school district, that district will provide individual instruction. (Education Code § 48206.3 et seq and § 48208)

MEDICAID REIMBURSEMENT FOR HEALTH SERVICES
The Medicaid Program allows SCUSD to be reimbursed for health services provided at school to Medi-Cal eligible students. These services include hearing and vision screenings and health assessments. (WIC § 14132.06)

To receive the Medicaid programs federal dollars, the school district must make an attempt to gather student insurance information and authorization to bill for these health services through private health insurance companies as well as Medi-Cal. If families carry private insurance for their student (other than Medi-Cal) they must provide this information on the last page of this notification.

School health services currently provided to all students will not be changed by responses to this questionnaire (back page). School health services will be available to students attending school and parents will never be billed for these services. For further information regarding this policy, parents may call their student’s school of attendance.

WELLNESS POLICY
Student Wellness Board Policy 5030 was revised to comply with new federal and state regulations that restrict the sale of food to students on campuses during the school day to items that meet nutritional guidelines. For preK-8th grade schools, regulations are effective from midnight to a half hour after the school day or expanded learning (whichever is later). For high schools, regulations are effective from midnight to a half hour after the school day. SCUSD employees, parent organizations, and outside organizations will not use any food or beverage as a reward, incentive, or punishment for academic performance or good behavior. To learn more visit www.scusd.edu/district-wellness-committee.

CONNECT CENTER
The Connect Center is a centralized student support center that serves as a “gateway” to critical support services for students and families. This central hub is designed to increase coordination of services by providing a point of access to address the social, emotional, and health needs of all students.

Services provided include:
• Information and referral
• Case management/service coordination
• Individual and family counseling referrals
• Crisis assessment/crisis response

The Connect Center is located at 5601 47th Avenue. For further information, please contact Daniel Cisneros at 916-643-2354 (office) or 916-826-4174 (cell) or visit www.scusd.edu/overview/connect-center.

• Health insurance outreach and enrollment
• Health navigation support
• Spanish assistance: 916-643-2351

HOMELESS SERVICES
The Parker Family Resource Center & Homeless Services program supports the enrollment, attendance, and achievement of homeless students to ensure they receive equal access to educational opportunities. Per the McKinney-Vento Homeless Assistance Act, Subtitle B of Title VII, Education for Homeless Children and Youths (U.S.C § 11431 et seq.), homeless students lack a fixed, regular, and adequate nighttime residence. They have the right to remain in their school of origin or be immediately enrolled in their school of residence (per their best interest), as well as other rights and protections. To receive more information and to sign a student up for homeless student rights and protections, contact the district’s Homeless Program Coordinator, Monica McRho, at 916-277-6892 (office) or 916-295-7292 (cell), or visit www.scusd.edu/homeless-services.

STUDENT SUPPORT CENTERS
Student Support Centers (SSCs) provide a spectrum of integrated supports that span the areas of youth development, family services, academic enrichment, physical health, and mental health. Student Support staff provide supports and services to remove barriers to learning and promote student academic achievement and overall well-being. The following is a list of current SSCs, and in the 2021-2022 school year, SCUSD will be expanding SSCs to additional schools. Visit Student Support Centers for additional information.

SUICIDE PREVENTION
Suicide rates are increasing, and suicide is the second leading cause of death for youth ages 10-14 (CDC, 2017). SCUSD takes concerns about our students seriously and has standardized procedures to follow for supporting students who express thoughts of self-harm.

The best way to prevent suicide is to talk about it directly. We encourage caregivers to start this conversation with their students early and be aware of potential warning signs:
• Talking about wanting to die (including social media posts)
• Feeling hopeless, worried, sad, angry or agitated
• Displaying changes in mood, behavior, sleeping, or eating habits.
• Being withdrawn or isolating from friends and family
• Giving away valued items to others such as clothes, mementos, toys, etc.
How to help your student:

• Take any expression of suicide seriously, no matter how minor it may seem including verbal statements, artistic expression, social media postings, etc.
• Listen to your child with empathy and provide emotional support.
• Don’t keep suicide a secret. Talk about these feelings and express to your child the importance of seeking help. (www.suicideispreventable.org)

We are here to help and provide families with resources. For concerns or questions, parents can contact their student’s school or the Connect Center at 916-643-2354. To learn more about free trainings please call Jacqueline Rodriguez, LCSW, at 916-752-3353 or visit www.scusd.edu/mental-health-crisis-response-and-suicide-prevention.

ENROLLMENT

Each child has the right to a free public education regardless of immigration status or religious beliefs.

ENROLLMENT CENTER
Families are required to go to the Enrollment Center, which is a one-stop resource, to complete the registration and enrollment process. Families are able to enroll students, submit transfer and open enrollment applications, have questions answered, receive pre-testing services, and benefit from the on-site immunization clinic.

The Enrollment Center ensures fairness and equity in the treatment of families and allows central monitoring of enrollment and intra- and inter-district permits. It also provides an opportunity to consolidate services and create a more efficient enrollment process, as Enrollment Center staff is highly trained and knowledgeable in all processes and procedures.

EMANCIPATION
An emancipated minor is a pupil whose residence is located

legal guardian is relieved of responsibility, control, and  
authority through emancipation. [Education Code § 48204 (B4)]

EMPLOYMENT IN THE DISTRICT

located within the boundaries of the school district.

Execution of an affidavit under penalty of perjury pursuant to  
Part 1.5 of Division 11 of the Family Code by the caregiving  
adult is a sufficient basis for a determination that the pupil

by law. They shall be contacted for all major educational  
decisions concerning enrollment, discipline and final grades. If  
the caregiver or the parent/guardian fails to cooperate with the  
school district’s efforts to determine facts and ascertain the  
parent/guardian’s whereabouts, the affidavit may be denied.  
Additional information can be obtained by calling the  
Enrollment Center at 916-643-2400.

**SPECIFIC SCHOOL REQUEST**
Parents or guardians have the right to request a specific school and to receive a response from the school district. Such a request does not obligate the district to grant the request. [Education Code § 51101 (a)(6)]

**NOTICE OF ALTERNATIVE SCHOOLS**
California state law authorizes all school districts to provide alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy;
- Recognize that the best learning takes place when students learn because of their desire to learn;
- Maintain a learning situation maximizing student self-motivation and encouraging students in their own time to follow their own interests. These interests may be conceived by them totally and independently or may result in whole or in part from a presentation by their teachers’ choices of learning projects;
- Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process;
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for their information. This law particularly authorizes interested persons to request the Governing Board of the district to establish alternative school programs in each district.

Further, a copy shall be posted in at least two places normally visible to pupils, teachers and visiting parents in each attendance unit for the entire month of March each year. (Education Code § 58501)

**INTER-DISTRICT AGREEMENT**
An inter-district attendance agreement is established between the Sacramento City Unified School District and surrounding school districts. A pupil may attend a school in a district other than the pupil’s district of residence. For more information, contact the Enrollment Center at 916-643-2400. For a more complete description of the inter-district permit statute, please review. (Education Code § 46600)

**INTRA-DISTRICT POLICY**
An intra-district attendance policy is established between the student’s school of residence and other schools within the Sacramento City Unified School District. Contact the student’s school of residence or the Enrollment Center for an application. [Education Code § 35160.5 (b)]

**ATTENDANCE**

**STUDENT ATTENDANCE & ENGAGEMENT OFFICE: CARE TEAM**
The SCUSD district staff responsible for student attendance and engagement is known as the CARE team. CARE stands for connect, ask, relate, and engage. This new collaboration, formerly known as Be HERE, uses the multi-tiered system of supports (MTSS) framework to support schools and educate students, families, and the SCUSD community on the negative impacts of chronic absenteeism and the importance of positive school engagement in long term student success.

Vision Statement: Authentic relationships with students, families, and the community are at the core of our work to reduce chronic absenteeism, increase student engagement, and ensure academic success for ALL students, especially our most vulnerable.

**IMPORTANCE OF SCHOOL ATTENDANCE**
California law requires that children between the ages of 6 and 18 attend school every day. While the law does not currently apply to children below the age of six, research shows that early education (pre-school and kindergarten) are essential for future academic success. This is even more important as students work to get caught up after COVID. It is the parent/caregiver’s responsibility to ensure that their child gets to school every day. For support in keeping your child in school, or if you have any questions about District Attendance Policy, please contact the Student Attendance & Engagement Team at 916-643-2121 or visit: www.care.scusd.edu

**Tips for Parents/Caregivers: Getting to School on Time:**
- Make sure your child goes to bed early and gets a good night’s sleep.
- Develop a morning routine (get dressed, eat breakfast, brush teeth) and stick with it.
- Talk with your child about the importance of attending school every day for academic success.
- Arrange a time every night without interruptions for your child to do homework.

Regular attendance is key to academic success!

National and local research has shown that students with frequent absences, whether excused or unexcused, have lower reading levels, lower grades, and higher drop-out rates than students who attend school regularly. All SCUSD students have a goal of attending 96% of the school year, which means missing only 7 days!

The Governing Board believes that regular attendance plays an important role in student achievement. The Board will work with parents/guardians and students to ensure their compliance
with all state attendance laws and may, as a last resort, use tier III interventions, including appropriate legal means, to help correct problems of chronic absence and/or truancy. Students are determined to be chronically absent when they miss 10% or more of enrolled school days, which is only 2 days per month, for any reason including excused absences, unexcused absences, or suspensions. [Education Code § 60901(c)(1)]

**ATTENDANCE NOTIFICATIONS**
Families will receive official notification of excessive absences, chronic absenteeism (including both excused and unexcused absences) and truancy notifications. (SCUSD AR 5113) In addition, they will receive absence reports and other notices to ensure that attendance data is available to families regularly.

**WHAT TO DO WHEN A STUDENT MUST BE ABSENT / VERIFYING ABSENCES**
If a student needs to remain at home, the parent/guardian must do one of the following:

1. Call, speak to staff in person, or email the Attendance staff at the school, and identify themselves as the parent/guardian of the student.
2. Write a note explaining the reason for the absence and send it with the student when they return to school.
3. Submit/report an absence form from the school’s website.

All of the methods above must include the following information and be documented in Infinite Campus:

- Name of student
- Name of parent/guardian
- Name of verifying employee
- Date(s) of absence
- Reason for absence

Other verification methods include but are not limited to:

- A visit to the student’s home by SCUSD employee, or any other reasonable method which establishes the fact that the student was absent for the reasons stated.
- Physician’s verification including the above information.

When a student has had 10 absences in the school year for illness verified by parent or guardian, any further absences for illness must be verified by a physician.

Notes seeking to have an absence excused should be submitted to the school within 72 hours (3 days) of the absence. If the parent/guardian does not do one of the above, the student will receive an Unexcused Absence.

**EXCUSED ABSENCES (AR 5113)**
A student’s absence shall be excused for the following reasons indicated in Education Code § 48205:

- Personal illness
- Quarantine under the direction of a county or city health officer
- Medical, dental, optometric, or chiropractic appointments (parents must provide doctor’s note or appointment slip)
- Attendance at funeral services for a member of the immediate family, which is defined as the mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister or any relative living in the student’s immediate household (Education Code § 45194, § 48205)
- Jury duty in the manner approved by law
- Illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
- Participation in religious instruction or exercises in accordance with district policy as indicated in Education Code § 46014
  - In such instances, the student shall attend at least the minimum school day.
  - The student shall be excused for this purpose on no more than four school days per month.
- For the purpose of serving as a member of a precinct board for an election pursuant to Elections Code § 12302 (Education Code § 48205)
- For the purpose of spending time with a member of the pupil’s immediate family, who is an active duty member of the uniformed services, as defined in Section 49701 and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position
  - Absences for the above reason shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
- For the purpose of attending the pupil’s naturalization ceremony to become a United States citizen. A pupil absent from school under Education Code § 48205 shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- In addition, a student’s absence shall be excused for justifiable personal reasons. Advance written request by the parent/guardian and approval of the principal or designee at the site shall be required for absences.
- Appearance in court
- Attendance at funeral services
- Observation of a holiday or ceremony of his/her religion.
- Attendance at religious retreats for no more than four hours during a semester
- Employment interview or conference

Lastly, if a student is the custodial parent of a child, his/her absence shall be excused when the child is ill or has a medical appointment during school hours.
MAKING WORK
A student who is absent from school for an excused reason shall be allowed to complete all assignments and tests missed during the absence that can reasonably be provided and, upon satisfactory completion, shall be given full credit. The teacher of any class from which a student is absent shall determine which tests and assignments shall be reasonably equivalent to the tests and assignments that the student missed during the absence. Students whose absences are excused are given an opportunity to make up missed assignments. After any excused absence, it is the student’s responsibility to make the initial contact with their teacher(s) to determine make-up assignments and schedule times for taking any tests missed. Students absent one week or less will be allowed double the amount of time they are absent in which to make up missed work. For excused absences longer than one week, the time allowed will be one week plus the number of days absent. Students are expected to fulfill long-term assignments as originally scheduled. Teachers should consider Restorative Practice themes for students who miss class time because of suspension. On a case-by-case basis the site administrator may develop an appropriate plan based on the legitimate needs of an individual student.

UNEXCUSED ABSENCES
An unexcused absence is defined as missing a full day of school or being tardy or absent for 30 minutes or more without a valid excuse. It should be noted that being tardy in any amount of minutes beyond the bell is unacceptable and may result in loss of some school privileges or eligibility for attendance incentive recognitions.

Unexcused absences include:
- Missing class or school without an excused or approved reason, whether the absence is student or parent/guardian/caregiver-initiated (e.g., for childcare or household shopping)
- Absences for which advance approval is necessary and was not obtained before the absence

TRUANCY
When a student has three unexcused absences, or absences/tardies over 30 minutes, SCUSD sends the parent/guardian a letter informing them that the student has been classified as a truant.

Definitions of Truancy:
Legal Truant: A student who has three full-day unexcused absences in a school year, or three unexcused tardies or absences of 30 minutes or more in a school year, or any combination thereof. Patterns of habitual tardiness (more than 10 days) may, in combination with other unexcused absences, form the basis for a referral to the School Attendance Review Board (SARB).

Habitual Truant: A student who has been reported as truant on three or more occasions in the same school year, provided that the District has made a conscientious effort to hold at least one conference with the parent/guardian and student after filing the truancy reports described in the Truancy Report section.

Chronic Truant: A student who has been absent from school without a valid excuse for 10% or more of the school days in one school year, from the date of enrollment to the current date.

Truancy Reports:
- The parent/guardian of a student classified as truant shall be notified of the following:
  - The student is truant.
  - The parent/guardian is obligated to compel the student to attend school.
  - The parent/guardian who fails to meet this obligation may be guilty of an infraction of the law and subject to prosecution. (Education Code § 48290-48296.)
  - The parent/guardian has the right to meet with appropriate school personnel to discuss solutions to the student’s poor attendance.
  - Alternative educational programs are available in the district and the School Attendance Review Board (SARB) may make an involuntary transfer of a student if deemed appropriate by the SARB.
- Upon their third truancy within the same school year, a student may be referred to, and required to attend, a SARB hearing.
- Upon their fourth truancy within the same school year, the student shall be classified a Habitual Truant as defined in Education Code 48262. A Habitual Truant may be referred to a SARB. The student and parent/guardian will be sent, in writing, the name and address of the SARB and the reason for the referral.

(SARB) RESTORATIVE STUDENT ATTENDANCE REVIEW BOARD
The purpose of a School Attendance Review Board (SARB) meeting is to utilize a restorative-practice approach to improve attendance for students who are considered truant and/or chronically absent. A student is referred to SARB when all of the restorative practices implemented at the school site have been unsuccessful. As a result of SARB, students and families may be referred to take part in community services or access resources to help support positive school attendance. It is the goal of SARB to keep students in school and provide them with a meaningful educational experience; however, SARBs do have the power, when necessary, to refer students and their parents or guardians to truancy court. SARB may involve various Community Based Organizations, Parent Advocates, District Supports such as the Connect Center and Student Support Centers, Sacramento County Department of Human Assistance and the Department of Child, Family and Adult Services in a student’s case if appropriate. For more information regarding the SARB process, please call 916-643-2121 or email omnir-sanchez@scusd.edu.

MANDATORY REPORT: JUVENILE COURT AND PROBATION
Satisfactory school attendance and school behavior are typically conditions set forth by the court as a condition of
probation. When required by the court, Probation Officers will be notified by the Student Attendance & Engagement Staff or the site staff whenever a student on probation or part of a CPS case violates CA Education Code § 48900.

STATUTORY AND LOCAL ATTENDANCE OPTIONS
Parents/guardians have the right to receive notification of all current statutory attendance options and local attendance options. If parents/guardians would like to receive information about the attendance options discussed throughout this notice, please request the statutory attendance options from the Student Attendance & Engagement Team 916-643-2121. [Education Code § 48980(h)] (Absences excused by State law)

Verification of student absences is accepted only from parents/guardians/caregivers, or the student if they are 18 years old or older.

CONFIDENTIAL MEDICAL SERVICES
When excusing students for confidential medical services (CMS) or verifying such appointments, staff shall not ask the purpose of such appointment but may contact a medical office to confirm the time of the appointment and that the student did in fact attend. Staff cannot provide information of CMS to a student’s parent, guardian or caretaker at any time.

A student absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. The teacher of any class from which a student is absent shall determine the tests and assignments which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the absence.

SHORT TERM INDEPENDENT STUDIES (AB 130)
AB 130 calls for new independent study guidelines in the 2021-22 school year, providing individualized study for students whose health would be at risk by receiving in-person instruction as determined by the student’s parent or guardian. Independent study courses are conducted through Capital City School.

NOTICE OF INDEPENDENT STUDIES AMENDMENTS
PER AB/SB 130 – For the 2021-22 school year only, school districts are required to offer students independent study.

For special education students, participation in independent study continues to be subject to IEP team determination as already provided in the law. The amendments to independent study enacted under AB 130 require the following:
- Independent study will now be offered to students whose health would be at risk by receiving in-person instruction, as determined by the student’s parent or guardian.
- Students who enroll in independent study will be expected to participate in the following:
  - Grades TK-3: Daily one hour of synchronous instruction, and asynchronous instruction as required by the student’s teacher or course;
  - Grades 4-8: Daily live interaction, at least one hour of weekly synchronous instruction, and asynchronous instruction as required by the student’s teacher or course
  - Grades 9-12: At least 1 hour of weekly synchronous instruction, and asynchronous instruction as required by the student’s teacher or course. Additional information regarding the instructional time in which students will be expected to participate, as well as the curriculum and nonacademic support available to students in independent study, will be provided during the pupil-parent educator conference described in Section 6 below.
- A-G courses and any courses required for graduation must be offered and be aligned to grade-level standards.
Tiered re-engagement procedures must be implemented for students who are not in attendance for more than three school days or 60% of instructional days in a school week, or who are in violation of their written learning agreement. These procedures must include at least the following:

- Verification of current contact information for each enrolled pupil. Notification to parents or guardians of lack of participation within one school day of the absence or lack of participation.
- A plan for outreach from the school to determine pupil needs, including connection with health and social services as necessary.
- A clear standard for requiring a pupil-parent-educator conference to review a pupil’s written agreement, and reconsider the independent study program’s impact on the pupil’s achievement and well-being.

The following rights and procedures will apply to students who wish to enroll, disenroll, and re-enroll in independent study:

- For enrollment in a course-based independent study program, a learning agreement must be signed by the student (or student’s parent/guardian if the student is under 18 years old), the teacher who will be responsible for the general supervision of the student, and all other persons who will be directly responsible for providing assistance to the student before the student can begin receiving instruction in the course-based independent study program;
- For enrollment in a traditional independent study program, an independent study agreement must be signed by the student (or student’s parent/guardian if the student is under 18 years old), the teacher who will be responsible for the general supervision of the student, and all other persons who will be directly responsible for providing assistance to the student no later than 30 days after the first day of instruction;
- Parents and guardians have a right to request a pupil-parent-conference, as described in Section 6 below, before enrollment in an independent study program;
- A plan must be put in place to transition students who wish to return to in-person instruction expeditiously upon parent request (no later than 5 instructional days).

Before signing a learning agreement, a parent or guardian of a student can request a phone, videoconference, or in-person pupil-parent-educator conference or other school meeting where the student, parent, or guardian, or, if requested, an education advocate, may ask questions about the educational options, including which curriculum and nonacademic supports will be available to the student through independent study before making a decision about enrollment or disenrollment in the various options for learning.

A student’s participation in live interaction and synchronous instruction must be documented on each school day, as applicable, in whole or in part, for which independent study is provided.

- Written or computer-based evidence of student engagement must be maintained for each course and student, including a grade book or summary document that, for each course, lists all assignments, examinations, and associated grades.
- Participation in independent study is optional and no student is required.

STUDENT DISCIPLINE
District and school rules pertaining to student discipline are available to parents and guardians of district students in the school office. (Education Code section 35291)

STUDENT RIGHTS
Students have the right to:
• Learn in a safe environment.
• Discuss issues, concerns and progress with administrators, teachers or other SCUSD personnel.

PARENT RIGHTS
Parents/guardians have the right to:
• Information about the progress of their child’s achievement, behavior in school, and attendance.
• Expect a safe environment that is non-threatening and allows their child to maximize their learning potential.
• Information about all school rules, regulations and expectations.

SCHOOL ADMINISTRATOR RESPONSIBILITIES
As representatives of Sacramento City Unified School District, administrators will:
• Establish and enforce school rules to ensure a safe educational environment.
• Provide support to teachers as they carry out discipline responsibilities.
• Communicate effectively our school rules and consequences to students, families and staff.
• Support students by involving them in activities that increase confidence in their academic responsibilities and outcomes.

PARENT, GUARDIAN AND FAMILY MEMBER RESPONSIBILITIES
Parents or guardians are liable for all damages caused by the willful misconduct of their minor children, which results in the death or injury to other students, school personnel, or school property. (Civil Code §1714.1; Education Code § 48904)

Every parent, guardian, and family member of the school community shares in the responsibility for maintaining a safe and productive environment at the child’s school. Parents/guardians share in this responsibility when they:
• Make certain their child arrives at school on time and is ready to learn.
• Acknowledge the rights and authority of the school and the Board of Education to maintain standards of behavior for all students.
• Understand the District’s rules.
• Review the school’s Student Behavior Guidelines and this Standards of Behavior Manual with their child.
• Provide the study materials their child needs. If they are uncertain what materials may be necessary, contact their child’s teacher(s).
• Provide a suitable time and place for study at home. Parents have a great influence on the study habits of their children.
• Keep track of their child’s scholastic achievement and progress. Review each Progress Report and Report Card with their child. Children learn more when their parents or guardians are involved in monitoring their progress. Parents/guardians should participate regularly in their child’s educational program.
• Maintain consistent communication with their child’s teachers, school administrators and other school staff.

TEACHER AND SUPPORT STAFF RESPONSIBILITIES
The teachers and support staff of Sacramento City Unified School District demonstrate appropriate school and classroom behavior in their attitudes and in their communication with students and parents. In addition to academic excellence, it is the goal of SCUSD for each school to:
• Communicate regularly and in a timely manner with
students and their families about their student’s academic progress, behavior and attendance.

- Adopt a comprehensive written school safety plan and disaster preparedness procedures.
- Establish an environment in which students can meet their grade level academic standards.
- Involve students in an ongoing process of self-evaluation.
- Communicate the district’s and school’s standards of behavior.
- Communicate the Course of Study and grading policy.
- Enforce district policies, regulations and school rules fairly and consistently.
- Interact with all parents and students with dignity and respect.
- Provide quality customer service.

**ELECTRONIC SIGNALING DEVICES (BP 5131.2)**

The Governing Board believes that the unauthorized use of electronic signaling devices adversely affects students’ ability to achieve academic success, is disruptive to effective classroom discipline and management, and can lead to an invasion of staff and student’s safety and privacy. (Education Code § 48901.5) (Administrative Regulation 5131.2)

Students shall be permitted to use electronic signaling devices, such as cell phones, before and after school hours only. Such devices shall not be turned on or used from the time school starts until the end of school, including non-instructional time and extracurricular activities unless given authorization from site administration. During an emergency declared by the school, text message scripts will be posted for students so they may provide updates of the situation to their parents/guardians. It is important that cell phones and other devices be used sparingly so that emergency services have priority to assist students and staff on site. Site administration shall use a progressive consequence plan when students are found using electronic signaling devices during school hours and without permission, and the device may be confiscated. In the event there is reasonable suspicion that the electronic device has been used in violation of a school rule or district policy, such as cheating or bullying, taking pictures in locker rooms, or for committing an actual crime, or out of concern for the health and safety of the student or others, the Superintendent or designee is authorized to review contents of the device consistent with legal standards.

**ANTI-BULLYING AND HARASSMENT (BP 5145.4)**

Bullying is an imbalance of power that is repeated over time and intended to do harm (verbally, psychologically, or physically). Students are assured that they need not endure bullying behavior or harassment that impairs the learning environment, interferes with students’ ability to benefit from their education, or has a detrimental effect to a student’s emotional well-being. Schools will work toward providing an orderly, caring, and non-discriminatory learning environment and students need not endure bullying behavior whether it takes place on or off school property, electronically, at any school-sponsored function, or in a school vehicle.

All school employees, students, parents and others are required to report bullying behavior to the principal who will determine if the act meets the anti-bullying policy and who may apply consequences. Retaliation towards students or others who report bullying or harassment is prohibited. For more information, including reporting forms, go to www.scusd.edu/pod/report-bullying-behavior.

Reports of bullying behavior or harassment can be made anonymously through the district’s Bullying Prevention Hotline at 1-855-86-Bully or 1-855-862-8559. Parents/guardians may also refer to the sections on non-discrimination and Title IX in this booklet.

**SEARCH AND SEIZURE POLICY**

The Search and Seizure Policy governs the district’s authority to search individual students and their property. School officials may search when there is a reasonable suspicion it will reveal evidence that the student is violating the rules and regulations of the district and/or school.

**SUSPENSION**

Suspension is the exclusion of a student from the classroom for disciplinary reasons for a defined period of time by a teacher or a school administrator. A principal or a designee may suspend from school for up to five consecutive days. A suspension may be extended under certain conditions. There are three kinds of suspensions:

1. **Out of School Suspension** means that students are not permitted on or near any Sacramento City Unified School District campus, nor are they allowed to participate in any school activities, during the period of suspension. They may, however, be required to complete assignments and tests which will be made available to them through another school employee.

2. **In-school Suspension** means that the student is removed from class, but remains on campus isolated from other students under the supervision of a certificated staff member.

3. **Teacher Suspension** allows a teacher to suspend for the remainder of the class in which the misconduct occurred and for the next day’s class.

For more information on suspension appeals please contact the Student Hearing and Placement Department. The parent or guardian of a student who has been suspended by a teacher may be required to attend a portion of a school day in his or her child’s class. (Education Code § 48900.1)

**EXPULSION**

An expulsion is the removal of a student from all schools in the Sacramento City Unified School District for violating the California Education Code as ordered by the Board of Education. The expulsion is for a defined period of time, but
an application for re-admission must be considered within a specified time period.

State law provides for full due process and rights to appeal any order of expulsion. State law mandates the Board of Education to expel students as indicated in Education Code § 48915 (c) for:
- Sale, possession or furnishing of a firearm
- Brandishing a knife at another person
- Selling a controlled substance
- Sexual assault or sexual battery
- Possession of explosives

California Education Code requires a school administrator to recommend expulsion if a student commits one of the following offenses:
- Causing serious physical injury to another person except in self-defense
- Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil
- Unlawful possession of any drug except for the first time offense of possession of not more than one ounce of marijuana
- Robbery or extortion
- Assault or battery upon a school employee

A student shall not be disciplined, suspended, or recommended for expulsion unless the Superintendent, a designee, or the principal of the school in which the student is enrolled determines the student has violated one or more parts of the Standards of Behavior, district policies or the Education Code § 48900.

A student may be disciplined, suspended for a maximum of five consecutive days, or expelled for acts specified in the Standards of Behavior that are related to school activity or school attendance occurring at any district school or within any other school district, including, but not limited to, any of the following:
- While on school grounds
- During the lunch period, whether on or off campus
- During, going to, or coming from a school-sponsored activity

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. ### Other Grounds for Expulsion

[EC 48915 (b), (e)]

Upon recommendation by the principal, the Board of Education may order a student expelled for any other acts listed in Education Code 48900, as listed on page 15.

A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct; or
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.
TITLE IX POLICY ON SEXUAL HARASSMENT (BP 5145.7)

The District recognizes:
(i) That sexual and other gender-based harassment has a detrimental impact on all students’ ability to learn, and all students are entitled to a harassment-free educational environment;
(ii) That sexual harassment and other gender-based discrimination has a disproportionately negative effect on students of color, immigrant students, students who identify as LGBTQI or gender non-conforming or non-binary, and students with disabilities;
(iii) That the District takes all complaints of gender-based discrimination seriously, will investigate all reports, and will appropriately discipline students and employees found to have violated its anti-discrimination policies;
(iv) That reporting of sexual harassment and other gender-based discrimination is strongly encouraged, retaliation prohibited; and
(v) That the District is collaborating with Equal Rights Advocates to continue to improve its policies and practices to ensure a safe and discrimination-free educational environment for its students.

As such, the Governing Board is committed to maintaining a learning environment that is free of harassment. The Board prohibits the unlawful sexual harassment of any student by an employee, student, or other person at school or at any school-related activity. Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities, including in an electronic or virtual/on-line medium, will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct. Parents/guardians have the right to receive the district’s sexual harassment policy as it relates to students. [Education Code § 231.5 § 48980(g)] Any student who engages in the sexual harassment of anyone at school or a school-related activity shall be subject to appropriate disciplinary action.

Board Policy 5145.7

The Governing Board is committed to maintaining a safe learning environment that is free of harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by any person. The Board also prohibits retaliatory behavior or action against any person who submits a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The District strongly encourages any student who feels that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment, including cyber harassment/on-line/social media activity and/or sexual violence, that has a continuing effect on campus, to immediately contact their teacher, the principal, or any other available school employee. Any district employee who receives a report or observes an incident of sexual harassment shall notify the principal, Site Designated Title IX Administrator or a District Title IX Compliance Officer. Once notified, the Site Designated Title IX Administrator or District Title IX Compliance Officer shall take the steps to promptly investigate and address the allegation, as specified in the accompanying administrative regulation. District and site personnel shall take immediate steps to intervene when safe to do so when she or he witnesses an act of discrimination, harassment, intimidation, retaliation, and/or bullying. While the district has promulgated a written complaint form, there is no requirement that the reporting student provide their complaint in writing in order for an investigation to occur.

VOLUNTEERING TIME AND RESOURCES
Parents or guardians may volunteer their time and resources for the improvement of school facilities and programs under the supervision of district employees. [Education Code § 51101(a)(14)]

To ensure student safety, ALL volunteers must go through the
fingerprint screening process (Education Code § 32390) and complete a TB test.

For more information and to complete a volunteer application, check the SCUSD volunteer website at: www.scusd.edu or call the Serna Parent Resource Center at 916-643-7924.

CALIFORNIA HEALTHY KIDS SURVEY

6th Grade Students
Students may be asked to be part of the school’s Healthy Kids Survey, sponsored by the California Department of Education. This is a very important survey that will help promote better health among youth and combat problems such as drug abuse and violence. It will take students approximately one class period to complete the survey. Written permission from a parent/guardian is required for students to complete the survey. Only Sixth grade students will receive the Elementary School Survey.

7th, 9th and 11th Grade Students
Students may be asked to participate in order to gather information regarding their physical activity and nutritional habits; alcohol, tobacco, and other drug use, school safety, environmental and individual strengths and assets. This information will be shared with an outside evaluator(s) for research purposes. Parents/guardians may examine the questionnaire in the school office or the Healthy Kids website: www.wested.org/hks

The survey is voluntary and anonymous and no names will be recorded or attached to the survey forms or data. Students who participate only have to answer the questions they want to answer and they may stop taking the survey at any time.

Contact the Foster Youth Services/Targeted Prevention/Intervention Unit at 916-643-9409 for any questions about these surveys or about parent/guardian/student rights.

All students in grades K-12 will be asked to take part in an annual School Climate Survey.

KELVIN WELL-BEING PULSE SURVEYS
This year SCUSD will collect ongoing feedback from students via a short online survey, to help build healthier, happier places to learn. A positive learning environment, strong adult-to-student and peer-to-peer relationships, and social and emotional learning have been shown to have a measurable impact on student outcomes. This tool will help provide insight outside of grades, attendance, and behavior and create a picture of the whole child so SCUSD can best meet their needs. The survey will measure aspects of school culture and social and emotional learning from students’ perspective. Students respond to the Pulse while using their devices.

There’s no need to have students log in to a website or portal, so there’s no fussing with forgotten passwords and usernames. They will be able to answer the survey from any web page. Students will see an animated dog in the bottom right-hand of their school devices while browsing in Chrome. Their answers are confidential. For more information or a copy of the survey questions please contact Kelvin@scusd.edu or please use this link to opt out.

PSYCHOLOGICAL TESTING
Parents/guardians have the right to receive information about psychological testing the school does involving their child and to deny permission to give the test. (Education Code § 51101)

PUPIL AND FAMILY PRIVACY
It is the district’s policy that personal information concerning students and their families should be kept private in accordance with law. District staff is prohibited from administering or distributing survey instruments to students for the purpose of collecting personal information for marketing or selling that information. Any personal information disclosed during counseling with a school counselor either by a pupil 12 years of age or older, or by a parent or guardian of a pupil 12 years of age or older, shall be kept confidential except as provided by law. (Education Code § 49602) (Subject to Board and/or Superintendent approval of revised district policy and/or regulation)

PUPIL PARTICIPATION IN SURVEY
No pupil shall be given any test, survey, questionnaire or examination containing questions about personal or family beliefs or practices in sex, family life, morality, or religion without affirmative parent consent.

However, anonymous, voluntary, and confidential research and evaluation tools to measure students’ health behaviors and risks, including tests, questionnaires ,and surveys containing age-appropriate questions about the student’s attitude concerning, or practices relating to sex, may be administered to any student in grades 7 through 12 if parents or guardians have not requested in writing that their child not participate. [Education Code § 51513 § 51938.60614:20 U.S.C. 1232h(a) and (b)] (Subject to Board and/or Superintendent approval of the revised district policy and/or regulation.)

POLITICAL AFFILIATIONS / BEHAVIOR / CLOSE FAMILY RELATIONSHIP SURVEY
Parents/guardians will be notified in writing if a test, questionnaire, survey, or examination is to be administered to their children containing questions about their own (or their parents’) political affiliations or beliefs; illegal, anti-social, self-incriminating, or demeaning behavior; mental or psychological problems; lawyer, physician, minister, critical appraisals of individuals with whom they (or their parents) have close family relationships, and income (except as required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents have the right to inspect all instructional materials, including teacher’s manuals, films, tapes, or other supplementary material to be used in connection with any survey, analysis or evaluation. Parents have the right to consent to the administration of such test, questionnaire, survey, or examination. [20 U.S.C.§1232h (a) and (b)]

RELEASE OF DIRECTORY INFORMATION

DEFINITION OF PUPIL RECORD
Pupil record is any item of information other than directory information that is directly related to an identifiable student and maintained by the district or required to be maintained by an employee in the performance of his/her duties.

NOTIFICATION OF PRIVACY RIGHTS OF STUDENTS
Federal and state laws grant certain privacy rights and rights or access to pupil records to students and to their parents or guardians. Full access to all personally identifiable written records maintained by the school district or county office must be granted to:

- Parents or guardians of students age 17 or younger;
- Parents or guardians of students age 18 or older if the student is a dependent for tax purposes;
- Students age 16 or older or have completed 10th grade.

Parents/guardians may review individual records by making a request to the principal. At each school, the principal or designee shall act as custodian of records. The principal will see that explanations and interpretations are provided if requested. A parent or guardian has the right to question and receive an answer regarding items on their child’s record that appear inaccurate, misleading, or that invade his/her child’s privacy. Information which is alleged to be inaccurate, inappropriate or misleading, may or may not be removed by the Superintendent or his/her designee. A log or record of the maintenance of each pupil record of enrolled students shall be kept in the school office.

In addition, parents or guardians of eligible students may receive a copy of any information in the pupil’s records at a reasonable cost per page. School district policies and procedures relating to types of records, kinds of information retained, persons responsible for maintaining pupil records, directory information, access by other persons review and to challenge the content of records are available through the principal or his/her designee. Parents may contact the school to review the log listing of those that have requested or received information from a pupil’s file, as required in Education Code § 49064.

Access to a pupil’s records will only be granted to those with a legitimate educational interest who are officials or employees whose duties and responsibilities to the district, whether routine or as a result of special circumstance, require that they have access to pupil records. School officials may be authorized to inspect student records if a legitimate educational interest exists. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibilities. A school official is a person employed by the district as an administrator, supervisor, instructor, support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Governing Board; a person or company with whom the district has contracted to perform a special task (such as attorney, auditor, consultant or therapist); a parent or student serving on an official committee (such as a disciplinary or grievance committee) assisting another school official in performing his or her tasks. [FERPA, 34 Code of Federal Regulations (C.F.R.) Part 99.7(a)(3)(iii) and 99.31(a)(1) and Ed. Code § 49063 (d), 49064 and 49076]

When a student moves to a new school district, records, including disciplinary records, will be forwarded upon request of the new district. At that time, the parent or an eligible student may challenge, review, or receive a copy at a reasonable cost per page, of the requested records. Parents or guardians may contact the school district or county office for any policy
regarding the review and expunging of pupil records.

Parents/guardians who believe the school district is not in compliance with federal regulations regarding privacy may file a complaint with the United States Department of Education at the following address: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave SW, Washington, DC 20202-5920.

The school district also allows certain student directory information available in accordance with state and federal laws. This means that each student’s name, birthday, address, telephone number, major course of study, participation in school activities and sports, dates of attendance, degrees and awards, and the most recent public or private school of attendance may be released to certain specified agencies. In addition, height and weight of athletes may be made available.

Directory information does not include citizenship status, immigration status, place of birth, or national origin. Such information shall not be released without parental consent or a court order.

**MILITARY RECRUITERS**

Federal Law requires that military services representatives shall have access to directory information. However, parents or guardians have the right to request in writing information not be released to a military recruiter without their prior written consent. See the last page of the book to request in writing not to release a student’s information.

Directory information may not be provided to any private profit-making entity other than employers, prospective employers or to representatives of the news media. Names and addresses of seniors or terminating students may be given to public or private schools and colleges. Parents or guardians also have the right to notify the district in writing within 30 calendar days of the receipt of this notice that they do not want a certain category of information designated as directory information.

Upon written request from the parent or guardian of a student age 17 or younger, the school district will withhold directory information about the student. If the student is 18 or older or enrolled in an institution of post-secondary instruction and makes a written request, the pupil’s request to deny access to directory information will be honored. (Education Code § 51101)

**DIGITAL MEDIA/STUDENT WORK**

The district requires parent/guardian permission before use of student images or student work by the district in any official publication or website. Parents/guardians who have an objection to their child’s image or student work appearing in any district or school official publication or website need to check the “no” box and sign the permission form on the back of this notification. Parents/guardians who do not have an objection do not need to check the box. (Please note that the news media is asked to not come onto Sacramento City Unified School District campuses without prior permission.)

### INSTRUCTION

**MULTI-TIERED SYSTEM OF SUPPORTS**

SCUSD is committed to providing high-quality instruction and support to promote the highest achievement of all students. At the school level, the Multi-Tiered System of Supports (MTSS) is a framework used to maximize student success by organizing instruction, behavioral guidelines, and attendance expectations to help all students. The goal then is to provide supports based on student need at the first signs of trouble. MTSS also helps educators by providing information to identify students needing additional support (academic, attendance and behavioral) and also identify students who may need special education. For more information on MTSS contact the academic office at 916-643-9086.

**CURRICULUM AND INSTRUCTIONAL MATERIALS**

All primary and supplemental instructional materials and assessments, including textbooks, teacher manuals, films, tapes and software, will be compiled and stored by the classroom instructor and made available promptly for inspection by a parent or guardian in a reasonable time frame or in accordance with district or county office policies or procedures. (Education Code § 49091.10, § 51101)

Parents/guardians have a right to review instructional materials and discuss the curriculum in their student’s course. [Education Code § 49063(k), § 49091.14; No Child Left Behind Act 20 U. S. C. 1232h (c) and (d)]

**DAMAGED OR LOST INSTRUCTIONAL MATERIALS / WITHHOLDING GRADES, DIPLOMA OR TRANSCRIPTS**

Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

Parents/guardians and the students are held responsible for all willfully damaged or lost properties. If properties are lost or damaged, students or parents/guardians shall be responsible for restitution equal to the current replacement cost of the materials. (BP 6161.2)

If payment is not made, the district shall afford the student his/her due process rights in conformance with Education Code expulsion procedures and may withhold the student’s grades, diploma, or transcripts. (AR 5125.2)

**OBSERVATION**

Upon written request, a parent or guardian has the right to
observe instruction that involves his or her child or for the purpose of selecting a school in accordance with board policies on inter-district and intra-district transfers. Any observation will be done in accordance with policies established to ensure the safety of pupils and school personnel and to prevent undue interference with instruction or harassment of school personnel. A pupil’s moral objection must be substantiated by a note from his/her parent or guardian. (Education Code § 32255, § 32255.6)

COMPREHENSIVE SEXUAL HEALTH EDUCATION
California law mandates comprehensive sexual health education once in middle and once in high school – this instruction will generally happen in 7th grade life science and high school biology. Written and audiovisual educational materials used in comprehensive sexual health education are available for inspection by parents or guardians on the district’s website (www.scsud.edu/chya) or at the school site upon request. District personnel and/or health educators may teach this curriculum. If not using the district’s adopted curriculum, health educators must make their curriculum available to parents for preview at least 14 days prior to instruction.

Parents or guardians may request in writing or via opt-out form that their child not receive comprehensive sexual health education, and may also request a copy of Chapter 5 and 6, California Healthy Youth Act. (Education Code § 51930-51939).

AMERICAN INDIAN EDUCATION PROGRAM

The American Indian Education Program (AIEP) at SCUSD strives to support American Indian/Alaska Native students by providing academic support and cultural enrichment opportunities, youth leadership opportunities, and parent engagement support, as well as by building a community for Native students in SCUSD. The services provided include academic tutoring, family and community engagement, cultural enrichment programs, field trips, summer learning opportunities, volunteer opportunities, and participation in the AIEP graduation recognition event.

The program serves American Indian students in grades K-12, which includes all SCUSD schools. Students are enrolled throughout the year and there are two recruitment periods – one in the Fall and one in early Spring. Students are enrolled by completing a 506 Indian Student Eligibility Certification form.

ENGLISH LEARNERS PROGRAM

The English Learners Program is a federal and state mandated program for students whose primary language is not English and who are working toward English language proficiency.

The goal for English learners is to develop fluency in English and achieve academic proficiency as rapidly and effectively as possible in an established English Language classroom through Structured English Immersion (SEI) and a course of study with materials designed specifically to develop English language proficiency.

Students are identified as potential English learners via the Home Language Survey (HLS) which is completed by the family/primary caregiver during the school enrollment process. The English Language Proficiency Assessment for California (ELPAC) is given to students whose home language is not English in order to determine the student’s level of English proficiency. Students who have not yet met District criteria for English proficiency will be considered English learners (EL).

When an EL student achieves proficiency in all areas of English (listening, speaking, reading and writing) as well as academic proficiency comparable to an average native English-language speaker, the student is reclassified as Fluent English Proficient.

Parents play a very important role in their children’s education. In addition to monitoring their children’s homework and making sure they attend school regularly and on time, parents also need to be aware of the program for EL students and the services available to their children. Parents may participate in advisory committee meetings at their children’s school site, such as the English Learner Advisory Committee (ELAC), or at the district level in the District English Learner Advisory Committee (DELAC).

Bilingual Teaching Associates and staff are the bridge of communication between families and school when English is a barrier. Bilingual Associates and staff responsibilities are to support EL students and their families as they navigate the school and classroom. They provide interpretation and translation support to families and students to facilitate and enhance school-to-home communication.

Contact your school site principal for more information.

DISTRICT LANGUAGE PROGRAMS

English Learner Program (EL)

The goal of SCUSD is to prepare all students for a successful college and career experience after high school graduation. To support the unique needs of English learners (EL) toward this goal, legally mandated designated and integrated English Language Development (ELD) instruction is provided to all TK-12 EL students in SCUSD. The focus of the instruction is on language acquisition through the use of the CA English Language Development Standards and evidence-based instructional strategies proven to be successful and differentiated for each student’s level of English language proficiency in speaking, listening, reading, and writing. While developing fluent English language skills, all EL students receive instructional support in learning the core content of...

Interpreting Proposition 58: Education for a Global Economy, can contact of parents of SCUSD students, in compliance of California feasibility of the request and provide a response to the school

Students who perform at an overall composite score of Well Developed (4) or Moderately Developed (3) on the summative ELPAC receive an ELM program of instruction. They are taught ELD and other core subjects by authorized teachers using district-adopted textbooks and supplementary materials. Instruction is based on ELD and grade-level content standards.

English Language Mainstream (ELM)

Students who perform at an overall composite score of Somewhat Developed (2) or Beginning to Develop (1) on the summative ELPAC receive an SEI program of instruction and are taught mostly in English. Some assistance may be provided in the primary language. Students are taught ELD and other core subjects by authorized teachers using district-adopted textbooks and supplementary materials. Instruction is based on ELD and grade-level content standards. Students may be offered additional services, such as tutoring or language electives, to support their journey toward reclassification.

English Fluency Level Parent Communication

Parents are notified annually of their child’s English fluency level and program placement. For more information, please contact your school site principal, EL Coordinator, or the Multilingual Literacy Office at 916-643-9446. Parents may request the language acquisition program that best suits their child. [Education Code § 310(a)] If a preferred program is not offered by the school, parents may make a request to establish a new language acquisition program. If the school receives a sufficient number of requests, the school will review the feasibility of the request and provide a response to the school community. Parent/guardians, or SCUSD employees on behalf of parents of SCUSD students, in compliance of California Proposition 58: Education for a Global Economy, can contact the Multilingual Literacy Office at 916-643-9446. Interpreting services for school related matters are provided for parents of English Learners. For more information, please check with your school site principal or EL Coordinator.

ININDIVIDUALS WITH DISABILITIES

In accordance with federal and state laws, the school district does not discriminate against individuals with disabilities in its programs and activities. For special accommodations, parents should contact the school or the county office.

SPECIAL EDUCATION

Parents and guardians have a right to be informed of district programs for students with disabilities, to be consulted about the assessment, to participate in the development of the Individualized Education Program (IEP), and to discuss the appropriate placement of their child. Students with disabilities have a right to a free and appropriate public education. (Education Code § 5600)

When parents/guardians have concerns about their child’s progress in the general education classroom, it is important they contact their child’s teacher or site administrator to talk. Conversation often solves the problem and helps maintain open communication. However, if parents/guardians suspect that their child has a disability that significantly impacts the ability to access instruction in the general education classroom, they have the right to request an assessment for eligibility for special education services.

SECTION 504

If parents/guardians suspect that their child has a disability (e.g., learning disabilities, chronic health problems, attention deficit/hyperactivity disorder, etc.) which may substantially limit a major life activity, such as learning, they may request that their child be evaluated under Section 504 of the Rehabilitation Act of 1973. A qualified educational team will evaluate the child to determine if he/she qualifies as a student with a disability. Qualified students will have an individualized 504 plan developed by an educational team that will include the school site 504 coordinator, the child’s teacher(s), other support personnel as needed, and the parent. This plan will be reviewed regularly and will address appropriate interventions to assist the child’s educational program. For transfer students with current 504 plans, an educational team will review the plan to determine whether to continue it until the next review or to schedule a meeting to recommend revisions to the plan. Parents/guardians should contact their child’s teacher, the school site 504 coordinator, or the district 504 coordinator at 916-643-9144 or visit https://www.scusd.edu/section-504-accommodations for more information.

NON-DISCRIMINATION

Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 prohibit discrimination on the basis of race, color, national origin, or sex in federally financed education programs or activities. The district does not discriminate in admission or access to its programs or activities.

Under California law discrimination is prohibited in any program which receives state financial assistance on the basis of gender (which includes sex and a person’s gender identity...
and gender related appearance and behavior whether or not stereotypically associated with the person’s assigned sex at birth; gender expression; age; race (includes ancestry, color, ethnic group identification and ethnic background); national origin; religion (includes all aspects of religious belief, observance, and practice and includes agnosticism and theism); immigration status; mental or physical disability; sexual orientation (includes heterosexuality, homosexuality, and bisexuality); or because a person is perceived to have one or more of the above characteristics or because a person associates with a person or group with one or more of these actual or perceived characteristics.

Complaints may be filed with a site administrator or department supervisor for initial attempts at resolution under the district’s Uniform Complaint Procedure. (Education Code § 200, § 220; Penal Code § 42.55; Gov. Code § 11135.5 CCR 4610 and 5 CCR 4622)

SEXUAL AND GENDER NON-DISCRIMINATION
The school district has a policy of nondiscrimination on the basis of sex and gender. This policy applies to all students in any program and activity of the district. Under limited circumstances, separate arrangements may be made for students according to gender, such as separate locker room facilities, in accordance with federal law. Complaints alleging noncompliance with this policy should be directed to the school principal or the district office. Appeals may be made to the district’s Title IX Officer.

MARRIED/PREGNANT/PARENTING STUDENTS (BP 5145.6)
The Governing Board recognizes that responsibilities related to marriage, pregnancy, or parenting and related responsibilities may disrupt a student’s education and increase the chance of a student dropping out of school. The Board supports married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

(cf. 5113.1 - Chronic Absence and Truancy)(cf. 5147 - Dropout Prevention)(cf. 6011 - Academic Standards)(cf. 6164.5 - Student Success Teams)

The district shall not discriminate against, exclude, or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student’s pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the district shall not adopt any rule concerning a student’s actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code § 221.51, § 230; 5 CCR 4950; 34 CFR 48980)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The Superintendent or designee shall annually notify parents/guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. In addition, pregnant and parenting students shall be notified of the rights and options available to them under the law through annual school year welcome packets and through independent study packets. (Education Code § 222.5, § 48980)

(cf. 5145.6 - Parental Notifications)

Any complaint of discrimination on the basis of pregnancy or marital or parental status shall be addressed through the district’s uniform complaint procedures in accordance with 5 CCR 4600-4687 and BP/AR 1312.3 - Uniform Complaint Procedures.

(cf. 1312.3 – Uniform Complaint Procedures)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved. (Family Code 7002)

Education and Support Services for Pregnant and Parenting Students
Pregnant and parenting students shall retain the right to participate in the regular education program or an alternative education program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or the student’s child.

(cf. 6158 - Independent Study)(cf. 6181 - Alternative Schools/ Programs of Choice)(cf. 6184 - Continuation Education)(cf. 6200 - Adult Education)

Any alternative education program, activity, or course that is offered separately to pregnant or parenting students, including any class or extracurricular activity, shall be equal to that offered to other district students. A student’s participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

If required for students with any other temporary disabling condition, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the regular education program or activity. (Education Code § 221.51; 5 CCR 4950; 34 CFR 106.40)

(cf. 6142.7 - Physical Education and Activity)(cf. 6145 - Extracurricular and Cocurricular Activities)(cf. 6183 - Home and Hospital Instruction)

To the extent feasible, the district shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

• Child care and development services for children of parenting students on or near school site(s) during the school day and during school-sponsored activities

(cf. 5148 - Child Care and Development)

**District Responsibilities**

All UCP-related complaints shall be investigated and resolved within 60 calendar days of the district’s receipt of the complaint unless the complainant agrees in writing to an extension of the timeline. (5 CCR 4631)

For complaints alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall inform the respondent when the complainant agrees to an extension of the timeline for investigating and resolving the complaint.

The compliance officer shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation, unlawful discrimination, or bullying confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process. (5 CCR 4630, 4964)

All complainants shall be protected from retaliation.

**Filing of Complaint**

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in accordance with the following:

1. A written complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy (item #1 of the section “Complaints Subject to the UCP”) may be filed by any individual, public agency, or organization. (5 CCR 4630)

2. Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code § 49013, § 52075)

3. A complaint alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may be filed only by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)

4. When a complaint alleging unlawful discrimination or bullying is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.

5. When the complainant or alleged victim of unlawful discrimination or bullying requests confidentiality, the compliance officer shall inform him/her that the request may limit the district’s ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

**Mediation**

Within three days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. Meditation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of a sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the complainant agrees to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation, unlawful discrimination, or bullying the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

As necessary, additional staff or legal counsel may conduct or support the investigation. A complainant’s refusal to provide the district’s investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

The compliance officer shall apply a “preponderance of the evidence” standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

Response
Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district’s investigation and decision, as described in the section “Final Written Decision” below, within 60 calendar days of the district’s receipt of the complaint. (5 CCR 4631)

Final Written Decision
The report of the district’s decision shall be in writing and sent to the complainant. (5 CCR 4631)

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties that may be involved in implementing the decision or affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district’s decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In other all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians and students with limited English proficiency.

For all complaints, the decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
   a. Statements made by any witnesses
   b. The relative credibility of the individuals involved
   c. How the complaining individual reacted to the incident
   d. Any documentary or other evidence relating to the alleged conduct
Past instances of similar conduct by any alleged offenders

Past false allegations made by the complainant

The conclusion(s) of law

Disposition of the complaint

Rationale for such disposition

For complaints of retaliation or unlawful discrimination, including discriminatory harassment, intimidation, or bullying, the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- How the misconduct affected one or more students’ education
- The type, frequency, and duration of the misconduct
- The relationship between the alleged victim(s) and offender(s)
- The number of persons engaged in the conduct and at whom the conduct was directed
- The size of the school, location of the incidents, and context in which they occurred
- Other incidents at the school involving different individuals

Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600.

For complaints of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, the notice may, as required by law, include:

- The corrective actions imposed on the individual found to have engaged in the conduct that relate directly to the subject of the complaint
- Individual remedies offered or provided to the subject of the complaint
- Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence

Notice of the complainant’s right to appeal the district’s decision within 15 calendar days to the CDE and procedures to be followed for initiating such an appeal.

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, and bullying, based on state law, the decision shall also include a notice to the complainant that:

- He/she may pursue available civil law remedies outside of the district’s complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE. (Education Code § 262.3)

- The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code § 262.3)

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies, training for faculty, staff, and students, updates to school policies, or school climate surveys.

For complaints involving retaliation, unlawful discrimination, or bullying, appropriate corrective actions that focus on the victim may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation, unlawful discrimination, or bullying, appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law
When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, including discriminatory harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code § 49013, § 51223, § 52075)

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person. The remedy shall go to the affected pupil in the case of complaints regarding: course periods without Educational Content, Reasonable accommodations to a Lactating Pupil, and/or Education of Pupils in Foster Care, Pupils who are Homeless, former Juvenile Court Pupils now enrolled in our school district, and pupils in military families.

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code § 49013; 5 CCR 4600)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district’s final written decision of a complaint regarding any specified federal or state educational program subject to the UCP may file an appeal in writing with the CDE within 15 calendar days of receiving the district’s decision. (Education Code § 49013, § 52075; 5 CCR 4632)

When a respondent in any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying) is dissatisfied with the district’s final written decision, he/she, in the same manner as the complainant, may file an appeal with the CDE.

The complainant or respondent shall specify the basis for the appeal of the decision and how the facts of the district’s decision are incorrect and/or the law has been misapplied. The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district’s decision in that complaint. (5 CCR 4632)

Upon notification by CDE that the complainant has appealed the district’s decision, the Superintendent or designee shall forward the following documents to CDE: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the decision
3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator

All of the following requirements apply to the prohibition identified above:

- All supplies, materials, and equipment needed to participate in educational activities shall be provided to pupils free of charge.
- A fee waiver policy shall not make a pupil fee permissible.
- The District shall not establish a two-tier educational system by requiring a minimal educational standard and also offering a second, higher educational standard that pupils may only obtain through payment of a fee or purchase of additional supplies that the school district or school does not provide.
- The District shall not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a pupil or a pupil’s parents or guardians, and a school district or school shall not remove course credit or privileges related to educational activities, or otherwise discriminate against a pupil, because the pupil or the pupil’s parents or guardians did not or will not provide money or donations of goods or services to the school district or school.

The District shall not be prohibited from soliciting for voluntary donations of funds or property, voluntary participation in fundraising activities, or from providing pupils with prizes or other recognition for voluntarily participating in fundraising activities.

This is declarative of existing law and shall not be interpreted to prohibit the imposition of a fee, deposit, or other charge otherwise allowed by law.

A complaint of noncompliance with the requirements of this pupil fee law may be filed with the principal of a school under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.
If the District finds merit in a complaint regarding: Pupil fees, LCAPs, Education of Pupils in Foster Care, Pupils who are Homeless, and former Juvenile Court Pupils now enrolled in a school district, Reasonable Accommodations to a Lactating Pupil, Course Periods without Educational Content (grades nine through twelve), and/or the Physical Education Instructional Minutes (grades one through eight), the District shall provide remedy.

In the case of complaints regarding: Course Periods without Educational Content, Reasonable Accommodations to a Lactating Pupil, and Education of Pupils in Foster Care, Pupils who are Homeless, and/or former Juvenile Court Pupils now enrolled in a school district, the remedy shall go the affected pupil.

In the case of complaints regarding: Pupil Fees, Physical Education Instructional Minutes, and/or LCAP, the remedy shall go to all affected pupils and parents/guardians.

A complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with the requirements.

A pupil fees or LCAP complaint may be filed anonymously if the complainant provides evidence or information leading to evidence to support the complaint.

The District will investigate all allegations of unlawful discrimination, harassment, intimidation or bullying against any protected group as identified in Education Code section 200 and 220 and Government Code section 11135, including any actual or perceived characteristics as set forth in Penal Code section 422.55 or on the basis or a person’s association with a person or group with one or more of these actual or perceived characteristics in any program or activity conducted by the District, which is funded directly by, or that receives or benefits from any state financial assistance.

A complainant not satisfied with the decision of the District regarding specific programs has a right to appeal the decision to the California Department of Education by filing a written appeal within 15 days of receiving SCUSD’s decision. The appeal must include a copy of the complaint filed with SCUSD and a copy of SCUSD’s decision.

Civil law remedies may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code § 262.3. (Education Code § 234.1, § 262.3, § 49013; 5 CCR §4622)

If the District finds merit in a complaint, or the California Department of Education finds merit in an appeal, the District shall provide a remedy to all affected pupils, parents, and guardians that, where applicable, includes reasonable efforts by the District to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board.

Information regarding the requirements of this pupil fee law shall be included in the annual notification distributed to pupils, parents and guardians, employees, and other interested parties pursuant to Section 4622 of Title 5 of the California Code of Regulations.

The District shall establish local policies and procedures to implement the provisions of this law. (cf. Education Code § 49011-49013)

The District shall post a standardized notice of the educational rights of pupils in foster care, pupils who are homeless, children of military families, and former juvenile court pupils now enrolled in a school district as specified in Education Code § 48853, § 48853.5, § 49069.5, § 51225.1, § 51225.2. This notice shall include complaint process information, as applicable.

A copy of SCUSD’s UCP policy and complaint procedures shall be available free of charge and via the district website www.scusd.edu.

**FEDERAL REGULATIONS AND ACTS**

**FEDERAL TITLE I FUNDS**

As a recipient of federal Title I funds, under the Every Student Succeeds Act, parents of students participating in programs or activities supported by Title I funds have a right to participate in the development of parent and family engagement policies by the district and by individual schools that receive Title I funds.

For information about parent engagement policies, please contact Department of State & Federal Programs at 916-643-9051. (20 U.S.C. § 6318)

**TITLE I SCHOOLS**

- Each year the district shall ensure that its parent involvement strategies are jointly developed with the parent/guardians of students participating in Title I programs. These strategies, to establish greater expectations for parent involvement, will address how the district shall carry out each activity listed in 20 USC 6318.

- The district will consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. The district shall also involve parents/guardians of participating students in decisions regarding how the district’s Title I funds will be allocated for parent involvement activities.

- The district will ensure that each school receiving Title I funds develop a school-level parent involvement policy.

The district shall coordinate Title I funded programs for the purpose of coordinating and integrating parent involvement programs and activities. The district shall also promote parent resource centers in district schools that encourage and support parents/guardians.
PARENT ENGAGEMENT BOARD POLICY

The Governing Board believes that family and community engagement is a fundamental component to student success and achievement. When families are engaged at home and at school, students increase achievement. The engagement of families and community members in the education of students creates a positive bond between the home and the school.

The Board also believes that strong, ongoing family and community engagement, in all aspects of school programs and activities, provides support for measurable improvement in student achievement.

Consequently, the Board supports a collaborative environment in which the parents, families, and communities of SCUSD students are empowered to become partners with our schools and to participate as Stakeholders in the vision of creating a world-class educational system that enables all students to excel.

In order to establish the framework and responsibilities for the implementation of strategies to increase family and community engagement in student achievement in schools, the district shall ensure that:

- The district commits to building engagement capacity in developing parenting skills, communication, home learning, volunteering at school, classroom support roles, decision making, advocacy, and collaboration.
- The district will provide awareness of the importance of family and community engagement, academic goals, and assessment of their student and of the resources and programs available to support their student’s learning and post-secondary preparation.
- The district will support upon available fiscal resources the volunteer Teacher-Parent Home Visitation program.
- The district will develop and implement district-wide and school-based strategies and programs based on the California Strategic Plan for Parental Involvement in Education.
- Schools will create and communicate participation opportunities for parents/guardians and other community members to partner with schools to participate in and support students’ education at the elementary, middle, and high school levels.
- Parent/guardians shall be notified annually of their rights to be informed about and to participate in their children’s education and the parent and family engagement opportunities available to them.
- Teachers and administrators will receive training including all Title I and non-Title I schools that fosters effective and culturally sensitive communication with parents/guardians. This includes training on how to communicate with non-English speakers and how to give parents/guardians opportunities to participate in the decision-making process and to support their student’s instruction both at school and at home.
- The district welcomes and creates opportunities for parent/guardians to participate in leadership and school site councils, advisory councils, and in other activities in which they may undertake governance, advisory, and advocacy roles as well as volunteer in the schools.
- The district will encourage school-family-community partnerships that reflect the ethnic and cultural diversity of the district.
- The district will encourage a School-Family-Community Partnership Plan to provide support and technical assistance to schools in order to help them integrate family involvement practices. Family engagement programs and activities in schools will recognize the diversity of family structure, circumstances, and cultural backgrounds and respect families as important decision-makers for their children’s education. The district will regularly evaluate and report to the Board on the effectiveness of the district’s parent involvement efforts, including but not limited to input from parents/guardians and school staff on the adequacy of parent involvement opportunities. The district shall develop and implement strategies, including Title I and non-Title I schools, to involve and support parents/guardians in the education of their students, as well as to describe how the district and schools will address the purposes and goals described in Education Code 11502.

CONSTITUENT SERVICES OFFICES

The Board created the Constituent Services Office at the beginning of the 2017-18 school year, and the main responsibilities are:

- To provide an efficient pathway for families, community members and staff to resolve concerns.
- Meet with parents, community members, and advocates to problem solve and facilitate resolution.
- Provide constituents with requests for district information and or other services.
- Ensure that constituents receive a timely response for requests for information and services.
- Report on regular basis to the Superintendent and the Board regarding the services provided to constituents.

Constituent Services can be reached at 916-643-9000.

It is the District’s goal to resolve most concerns or complaints from parents/guardians informally and/or at the level closest to the concern/ complaint as possible with the assistance of the school site administrators and a district Ombudsperson, who is part of the Constituent Services Office. If this is not possible, or if parents/guardians wish to file a written complaint about an employee; or unlawful discrimination, discriminatory harassment, intimidation, or bullying in district program and activities; or alleged violations of federal or state laws/regulations; or decencies related to instructional materials; or the condition of a facility that is not maintained in a clean or safe manner or in good repair; or a teacher vacancy or missed assignment; or requiring students to pay fees, deposits for participating in educational activities, parents/guardians may initiate the formal complaint process.
• Complaint forms are specific to the type of complaint (i.e., employee, program, discrimination, Williams Act, Uniform Complaints, etc.). Complaint forms are available at any school site and the Serna Center.

• The process begins by completing a complaint form and returning it to the site administrator, department head, or the district person/department identified to receive the complaint.

• The complaint process is handled in a confidential manner. Retaliation for filing a complaint is prohibited by law and Board policy.

PARENT COMPLAINT PROCEDURE
Federal law requires the school district and county office to adopt and notify parents and guardians of the district’s complaint procedures for state and federal educational programs, including the opportunity to appeal to the state department. The district must investigate and seek to resolve complaints at the local level and follow uniform complaint procedures pursuant to state regulations when addressing complaints alleging unlawful discrimination for failure to comply with the law. For a list of federal programs that are within the uniform complaints procedures and how to file a complaint, please see page 33 of this Handbook.
