Interpretation:

I interpret this to mean that the district will strategically seek talented individuals who possess the skills, competence and experience necessary to assist the district in meeting its goals. The district will provide these individuals positions where they can best utilize their education, experience, skills and competence. Further, I interpret "shall assure...development, evaluation and compensation" to mean that the district will provide opportunities for employees to continuously improve their skills via professional development, support, constructive feedback, coaching and mentoring. The district will also employ formal and informal processes of assessing employee performances and compensate employees with wages, salary and/or benefits for their service. These systems of recruitment, employment, development, evaluation and compensation will be tailored and directed to align with desired outcomes for the district, thereby focusing all employees on achieving district goals outlined in the Board's Results policies.
