- Table any further conversations of either swapping Sacramento Charter High School and West Campus.
- Table any further conversations about co-locating West Campus at the Sacramento High School facility.
- Thank and end the design team process that has included members of West Campus, Sacramento Charter High School, St. Hope and East Sacramento.
- Come back at some later point with some clarified way for there to be a community dialog and discussion around things such as the West Campus facility and its adequacy for that program and what improvements can be made, what programmatic improvements can be made with West Campus to accelerate it and to create an even more excellent program and to look at the Sacramento High School site and how could it be perhaps better utilized by the community.
- Table any further discussion of closing A.M. Winn.
- Table any further discussion of closing C.P. Huntington.
- Table any further conversation of closing Freeport Elementary.
- Closing any further conversation around consolidating Edward Kemble and Cesar Chavez. There are design, there will be for those just mentioned, there will be an opportunity to think about again creating better programs and better student learning outcomes at those schools that will come at a later date with a process by which the community can engage and having those conversations and discussions to really create those learning environments at those schools.
- The design teams that are currently going on at School of Engineering and Science, Caleb Greenwood, Kit Carson, and Leonardo DaVinci/Hollywood Park will continue. There's an expectation that Hollywood Park and Leonardo DaVinci will finish their work after one more meeting and that those would be reported back to the board at our meeting next week.
- Table any further conversation at this time around anything involving swapping or merging Sutter Middle School and Kit Carson Middle School.

Due to the severe budget constraints that the district is facing, the closure and consolidation recommendations presented on December 8th are now being brought back to the Board for reconsideration.

**SACRAMENTO CITY UNIFIED SCHOOL DISTRICT  
BOARD OF EDUCATION**

**RESOLUTION NO. 2690**

**RESOLUTION RE CLOSURE OF A. M. WINN ELEMENTARY SCHOOL**

**WHEREAS**, the Board of Education of the Sacramento City Unified School District (“Board”) has duly received oral presentations and reviewed documents, including the staff report, regarding the closure of A. M. Winn Elementary School (“School”); and

**WHEREAS**, based on such information, it is in the best interest of the Sacramento City Unified School District (“District”), in the allocation and use of its educational resources and the most efficient use of its reduced financial resources, to close the School; and

**WHEREAS**, closure of the School would otherwise be a project subject to the California Environmental Quality Act (Pub. Resources Code § 21000, et seq.; “CEQA”) and its implementing regulations (Title 14 Cal. Code of Regulations §15000 et seq.; “CEQA Guidelines”), except that Public Resources Code section 21080.18 provides that CEQA does not apply to the closing of any public school in grades K-12 if the only physical changes involved are categorically exempt; and

**WHEREAS**, the CEQA Guidelines exempt from further CEQA evaluation projects which consist of minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25% or ten classrooms, whichever is less (Section 15314 of the CEQA Guidelines); and

**WHEREAS**, closure of the School would, at most, require minor additions to James W. Marshall Elementary School and Abraham Lincoln Elementary School and will not increase original student capacity at James W. Marshall Elementary School or Abraham Lincoln Elementary School by more than 25% or ten classrooms, whichever is less, and thus the School closure is categorically exempt under CEQA Guidelines section 15314.

**NOW, THEREFORE, BE IT RESOLVED** that the Sacramento City Unified School District Board of Education hereby finds and determines, based on the oral presentations and documents, as follows:

1. The foregoing recitals are adopted as true and correct.
2. The Board finds that closure of the School will not have a significant effect on the environment and there is no cumulative impact of this and other school closures and transfers if school closures are also approved by Resolution Nos. 2688 and 2689.
3. The Board finds that closure of the School is exempt from the requirements of CEQA pursuant to Public Resources Code section 21080.18, CEQA Guideline 15314, and there are no exceptions under CEQA Guideline 15300.2.
4. The Board finds that it is in the best interest of the Sacramento City Unified School District, in the allocation and use of its educational resources and is the most efficient use of its reduced financial resources, to close the School commencing the 2012-13 school year.

5. The Superintendent or his designee is authorized and directed to take such further action as may be necessary or appropriate to carry out this Resolution.

**PASSED AND ADOPTED** by the Sacramento City Unified School District Board of Education on this 16th day of February, 2012, by the following vote:
