LEADing the way to your future.

LEAD, which stands for Leadership and Enrichment through Academic Development, is an Advanced Placement/Honors program that prepares its students to be critical thinkers, analytical readers and writers, effective communicators, and well-rounded citizens. Graduates of Rosemont's LEAD Program will develop the skills necessary to be successful in their post-secondary pursuits, including the increasingly competitive world of not only college acceptances, but also the global workforce. Those in the program will develop their capacity for analysis, creativity, innovation, and university-level literacy through four years of an Honors and Advanced Placement curriculum and community service projects/presentations. It is our expectation that graduates of the LEAD program will gain acceptance to a university of their choice based on their performance in academically rigorous classes as well as on their involvement in a variety of community service and extracurricular activities, all of which creates a mature, inquisitive, dedicated student and citizen.

WHAT I LIKE ABOUT **my** program

LEAD Student Outcomes

- 100% of students who have made a 4-year commitment to LEAD have been accepted to a 4-year college for all three graduating classes of the program (2016, 2017, 2018).
- Every year, LEAD students perform over 4000 combined hours of community service at locations like elementary schools, convalescent facilities, food banks, animal shelters, and after school programs.
- Students in LEAD visit college campuses each year and receive one-on-one help with college applications.

"My college professors have told me that they rarely see a freshman with such advanced writing skills, and **I have no doubt that I have LEAD to thank for that.**"

— Tatyana Zhezherya, Class of 2016

"LEAD not only helped me to figure out what I wanted for my future, but it also helped me achieve it."

— Scot Schroeder, Class of 2016

"LEAD has changed my entire life around. **Thanks to the rigorous coursework and community involvement, I have ultimately become a better student** because of LEAD."

— Fauziya Faruk, Class of 2019

"LEAD has given me a community that I wouldn't have in high school if I didn't join. **We support each other, look out for each other, and learn from each other.** We're like a little family."

— Steven Gonzalez, Class of 2019
