State Assessment by School State Assessment by Subgroup State Assessment by Ethnicity

1 State Standardized Assessment (CAASPP)

Each spring, students in grades 3-8 and 11 participate in online, interactive tests in mathematics and English Language Arts (ELA) as part of the California Assessment of Student Performance and Progress program. Aligned with the Common Core State Standards -- learning goals for students at every grade level -- the tests require students to analyze information, use technology, solve challenging problems and write explanations.

LCAP Measure: College, Career and Life Ready Graduates
