Request for Proposal for Lease-Leaseback Construction Services
Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation Project

I. OVERVIEW

The Sacramento City Unified School District (“District”) is seeking proposals from qualified providers of Lease-Leaseback Construction Services (“Contractors”) for the **“Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation” (“Project”), 5301 Elmer Way and 1141 Seamas Ave., Sacramento.** Contracts will be awarded by the Board under the provisions of Education Code section 17406 *et seq.*

The governing Board of the District is planning to award a contract for the Project at its regular Board meeting on March 21, 2019. The Board reserves the right to postpone or cancel this selection. The meeting will be held at 6:00 p.m. at Serna Center Community Rooms, 5735 47th Avenue, Sacramento, California.

All Contractors submitting proposals must be prequalified pursuant to Education Code section 17406 subsection (a)(2)(C) and Public Contract Code section 20111.6 subsections (b) through (m), prior to submitting a proposal. The District prequalifies prospective contractors on an annual basis, and such prequalification is valid for one year from the date of the initial prequalification. Contractors that have been prequalified pursuant to the District’s annual prequalification process no more than twelve (12) months prior to submittal of its proposal for the Project shall be deemed prequalified for purposes of submitting a proposal in response to this RFP. For Contractors that have not been prequalified by the District within the past twelve (12) months, prequalification applications are available at www.scusd.edu/contractor-prequalification. **To submit a proposal for this project, your prequalification application must be submitted by February 13, 2019 and approved by February 21, 2019.**

Contractor and any proposed subcontractors shall not be qualified to submit a proposal, or to be listed in a proposal, for the Project, and shall not be qualified to enter into, or engage in the performance of, the Lease-Leaseback Agreement, unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 *et seq.*) of the Labor Code. The Contractor’s registration must remain active throughout the term of the agreement.

The District reserves the right to cancel or revise this RFP in part or in its entirety. If the District cancels or revises the RFP, all Contractors will be so notified by addenda. The District also reserves the right to extend the date on which responses are due, the date on which it announces the results of its best value analysis, or the date on which the award will be made.

As described in further detail below, the District will score the price portion of each proposal based on two factors: 1) a lump sum fee for Pre-construction services (“Pre-Construction fee”), which shall serve as the total compensation for pre-construction services; and 2) a percentage to be applied to the District’s construction budget (eventually the construction cost) of the Project (“Contractor Fee”) which will determine the total compensation for construction of the Project. The District will combine each proposer’s Pre-Construction Fee and Contractor Fee to determine their Total Price Proposal, which will be ranked and awarded points as described below.

Respondents are advised that this is a public works project for purposes of the California Labor Code, which requires payment of prevailing per diem wages, as well as wages for legal holidays and overtime. These rates are set forth in a schedule, which may be found on the California Department of Industrial Relations website at www.dir.ca.gov. Any Contractor to which a contract is awarded must pay the prevailing rates, post copies thereof at the job site, provide payroll records when required, and otherwise comply with applicable provisions of state law.

Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation Project

D. Scope of the Fee Proposal

1. Proposed Budget

The District will require an open book policy with the successful Contractor and its construction team on the entire Project, meaning that all costs included in the Contractor's Total Sublease Amount and each monthly Sublease Payment shall be clearly set forth to the District's satisfaction, including soft costs, site improvements, and the construction of the buildings. The District shall be entitled to have access to subcontractor bids, value engineering back-up, contingency breakdown and tracking, general conditions breakdown and tracking, documentation of Contractor's fees, and all other information necessary to verify construction costs. Contractor shall inform the District of any conflict of interest or perceived conflict of interest with their sub-contractors or suppliers.

The Project is subject to the payment of prevailing wages under the California Labor Code and applicable regulations, and the Project will be subject to compliance monitoring and enforcement by the California Department of Industrial Relations.

2. Preconstruction Services

Contractor's fee proposal should include a proposed lump sum fee for preconstruction services ("Preconstruction Fee"). Contractor shall be responsible for all preconstruction services identified in this RFP but shall not be entitled to any compensation in excess of the Preconstruction Fee unless agreed in writing by the District. The Preconstruction Fee shall be paid to the Contractor in accordance with the following schedule:

1. Construction Documents 50% Phase: 4/8/19 (33.3% of Preconstruction Fee)
2. Construction Documents 100% Phase: 4/24/19 (33.3% of Preconstruction Fee)
3. Notice to Proceed: May 2019 (33.3% of Preconstruction Fee)

All proposals shall be in the form of a percentage ("Percentage") to be applied to the construction cost of the Project as determined in accordance with Education Code section 17406(a)(3). Once the construction cost is determined, the successful Contractor's Percentage will be applied to that construction cost to determine the total dollar amount Contractor will be paid as its fee for the Project ("Contractor Fee"). Contractor will accept the Contractor Fee as total compensation for its overhead, general conditions, expenses and profit on the Project. Contractor's costs that are intended to be covered by the Contractor Fee, include the following:

1. General conditions and general requirements, including but not limited to temporary facilities, utilities, structures, fences, dust control, scheduling, safety, scaffolding, and SWPPP.
2. Overhead and profit.
3. Supervision of subcontractors and suppliers and other management responsibilities.
4. Anticipated materials, equipment, and employee/ labor (including but not limited to wages, salaries and benefits) costs for Work performed by Contractor.
5. All bonds and insurance, including but not limited to payment and performance bonds.

For purposes of the Price Proposal included in this RFP, the Contractor's Percentage will be applied to the construction cost estimate to analyze the best value. Once the contract is awarded and following the occurrence of (i) Contractor's completion of the preconstruction services; (ii) the selection of all subcontractors in accordance with Education Code section 17406(a)(4); and (iii) any required DSA approval of the Plans and Specifications for the Work, Contractor shall provide Owner with objectively verifiable information of its costs to perform the Work and a written rationale for the proposed Total Sublease Amount, including documentation

Request for Proposal for Lease-Leaseback Construction Services
Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation Project

sufficient to support the calculation. The Total Sublease Amount shall be the sum total of the base construction cost and the Contractor Fee. Contractor's written rationale shall detail the "base construction cost" for the Project, consisting of (a) all subcontracts to be awarded by Contractor for the Project, plus (b) any separately awarded contracts for materials and supplies for the Project. The product of the base construction cost, multiplied by the Percentage offered by the Contractor in its proposal, shall be the "Contractor Fee", which shall also be set forth in Contractor's written rationale. The Total Sublease Amount shall be stated in Section 6 of the Sublease Agreement and shall constitute the total compensation to Contractor for constructing the Project and performing the Work. The successful Contractor may not commence construction of the Work until the District has approved the Total Sublease Amount.

E. Time to Complete

It is anticipated that construction will start in June 2019 and be completed in August 2019.

F. Subcontractors

All subcontractors who will perform more than 0.5% of the construction Work must be selected by a competitive bidding process or best value process as described in Education Code section 17406 subdivision (a)(4). Contractor shall establish reasonable qualification criteria and standards for subcontractors and shall provide public notice of availability of work to be subcontracted in accordance with the publication date applicable to the District's competitive bidding process, including a fixed date and time on which qualifications statements, bids, or proposals will be due.

All electrical, mechanical and plumbing contractors shall be prequalified pursuant to Education Code section 17406 subdivision (a)(2)(C), and Public Contract Code section 20111.6 subdivisions (b) through (m).

All subcontractors shall be afforded the protections of the Subletting and Subcontracting Fair Practices Act (commencing with Public Contract Code section 4100).

IV. CONTENTS FOR PROPOSALS

In order for proposals to be considered, said proposal must be clear, concise, complete, well organized and demonstrate both respondent's qualifications, and its ability to follow instructions. The quality of answers, not length of responses or visual exhibits is important.

Contractors shall submit one (1) original signed proposal, three (3) additional hard copies, and one (1) digital copy (flash drive) in write protected PDF format. The proposals shall be organized in the format listed below and shall be limited to thirty (30) pages (excluding attachments and appendices) on 8 1/2" x 11" paper with all responses bound with tabs separating each section. Contractors shall read each item carefully and answer accurately to ensure compliance with District requirements. Failure to provide all requested information or deviation from the required format may result in disqualification.

D. Price Proposal

1. Flat fee for preconstruction services.
2. Percentage fee for construction of Project. The percentage must be calculated out to three (3) decimal places.

V. SELECTION PROCEDURES & GUIDELINES

The purpose of this Request for Proposals is to enable the District to select the Contractor that submitted the proposal that is the best value to the District for the Project as required by Education Code section 17406. The term “best value” as used in this RFP is defined in Education Code section 17400, and is inclusive of a competitive procurement process whereby the Contractor is selected on the basis of objective criteria for evaluating qualifications with the resulting selection representing the best combination of price, qualifications, and experience.

The District will use the selection process outlined below, which conforms to Education Code section 17406 and ensures that the best value selection by the District is conducted in a fair and impartial manner. A review and selection committee composed of key District officials and consultants will review and evaluate all proposals.

Proposals will be opened privately to assure confidentiality and to avoid disclosure of the contents to competing Contractors prior to and during the review and evaluation process. Following selection of a Contractor pursuant to this RFP, proposals may be subject to disclosure in accordance with applicable law.

A. Selection Process

1. Qualification Portion

For the qualifications portion of the best value analysis, the District will evaluate each contractor based on the contractor’s responses provided as part of the District’s prequalification application, which is inclusive of the specific criteria listed below, and each Contractor’s qualifications will be scored on a one hundred (100) point scale. The maximum number of points available to any Contractor is 100 points. These criteria are as follows:

- Licensure
- Business Information
- Company History
- Disputes
- Bonding History
- Legal Compliance

For the qualifications portion of the best value analysis and for the purpose of evaluating Contractors’ qualifications pursuant to the criteria set forth above, the District will evaluate each Contractor on the basis of the responses provided in the Contractor’s completed Prequalification application and Contractor’s overall prequalification score. All Contractors achieving a minimally prequalifying score (75% on the prequalification application) will be scored pursuant to the following scale:

Contractor’s Prequalification Score	Points Awarded For Qualifications
131 – 135	100
126 – 130	95

Request for Proposal for Lease-Leaseback Construction Services
 Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation Project

121 – 125	90
116 – 120	85
111 – 115	80
106 – 110	75
101 – 105	70
100 or less	Contractor Not Prequalified and Cannot Submit a Proposal

In conjunction with a proposal, each proposing Contractor must submit the Prequalification Certification (“Exhibit C”) certifying that Contractor’s responses in its Prequalification submission continue to be true and correct at the time Contractor submits a proposal.

If any of Contractor’s answers to the Prequalification application have changed since becoming prequalified and are no longer true and correct, then the proposing Contractor must re-prequalify pursuant to the District’s prequalification process. A Contractor whose information provided during the prequalification process is no longer correct, even if previously prequalified, **shall not** be considered prequalified for purposes of this Project and its proposal will not be considered by the District unless Contractor has re-completed the District’s prequalification process using the corrected/updated information and is determined to be prequalified.

2. Experience

For the general experience portion of the best value analysis, the District will evaluate the following four criteria: Contractor Solvency, History of Performance, Owner-Contractor Relationships, and History of Disputes. Each criterion is comprised of requests for additional information and/or questions to Contractor (which are set forth below), and each request or question **must** be responded to by Contractor. Contractor’s responses to the requests/questions for each criterion will be evaluated by the District, and the District will award a point value to Contractor for each criterion. Contractor’s overall general experience will be scored on a one-hundred (100) point scale, with each of the four criteria worth a maximum of twenty-five (25) points.

Contractor’s responses should be included on a separate sheet of paper and attached to Contractor’s proposal. Every request or question for each criterion must be responded to, and any request or question answered “yes” must be further explained. At the District’s discretion, an omission of requested information may result in an automatic rejection of the proposal submitted by Contractor, a reduction in the overall score awarded by District for the applicable criterion, or a total score of zero (0) for the applicable criterion.

The four criteria and the requests and/or questions that Contractor must answer are as follows:

i. Contractor Solvency

- a. Describe your general approach to ensuring that your company remains solvent and is able to fulfill all payment obligations to sureties, subcontractors, suppliers, materialmen, and other vendors.

4. Price Proposal Portion

For the price proposal portion of the best value analysis, the District will evaluate the flat Preconstruction Services Fee combined with the percentage Contractor Fee (calculated out three (3) decimal places to differentiate between proposals) to determine the "Total Price Proposal." The price proposal portion of the best value analysis will also be scored on a one hundred (100) point scale. District will score Contractors on the basis of the lowest to highest Total Price Proposal submitted. All Contractors submitting a price proposal will receive points, in increments of ten (10), based on the amount of the Total Price Proposal, with the Contractor with the lowest Total Price Proposal receiving the most points available and the Contractor with the highest Total Price Proposal receiving the fewest points available. Specifically, the Contractor with the lowest Total Price Proposal will receive 100 points, the Contractor with the second lowest Total Price Proposal will receive 90 points, the Contractor with the third lowest Total Price Proposal will receive 80 points, and so forth until all Contractors have received points. In the event two Contractors submit Total Price Proposals with the same overall price, both Contractors shall be awarded the same amount of points.

5. Interview and Presentation

After the District has allocated points to qualifying Contractors for both the qualification, experience and community benefit, and price proposal portions of the best value analysis, the District will combine the points received by each Contractor based on Contractor's qualifications, experience, and price proposal to create each Contractor's interim score. District will then rank all Contractors based on each Contractor's interim score. The Contractor with the highest interim score (highest combined point total from the qualifications, experience, and price

Request for Proposal for Lease-Leaseback Construction Services
Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation Project

proposal analysis) shall be ranked highest, and all remaining Contractors shall be ranked in descending order based on the Contractor's interim score, such that the Contractor receiving the lowest interim score receives the lowest ranking.

The Contractor with the highest interim score will qualify for the Interview and Presentation phase of proposal evaluations. The Contractors ranked second and lower will qualify for the Interview and Presentation phase if their average interim score (the total interim score from all selection committee members divided by the number of selection committee members) is within twenty-five (25) points of the highest average interim score. If only the highest ranked Contractor qualifies for the Interview and Presentation phase the District reserves the right to waive this phase of the evaluation. If needed, the interview is expected to take place during the week of March 4, 2019.

The interview will address the Contractor's price proposal, relevant experience, proposed schedule for completing the project, and proposed staffing for the Project. Up to ten (10) points will be awarded for the presentation of the Contractor's proposal, up to ten (10) points will be awarded for the interview, and up to five (5) points will be awarded for the project schedule for a maximum potential point award of twenty-five (25) points. After the District has awarded points for this phase, the District will combine the points received by each Contractor in the Interview and Presentation phase to create the "Interview and Presentation Score."

6. Total Best Value Score

District will combine each Contractor's interim score with the Contractor's Interview and Presentation Score, if any, to create the "best value score." District will then rank all Contractors based on each Contractor's best value score. The Contractor with the highest best value score (highest combined point total from the qualifications, price proposal analysis, and interview and presentation) shall be ranked highest, and all remaining Contractors shall be ranked in descending order based on the Contractor's best value score, such that the Contractor receiving the lowest best value score receives the lowest ranking. (See Exhibit A)

The District expects to complete and announce its best value analysis, and ranking of proposals from highest best value score to lowest best value score, within ten (10) business days of the deadline for submittal of the proposals. The District will announce its analysis and ranking to all proposing Contractors at the same time by posting the analysis and ranking to the District's website.

VI. AWARD

This RFP does not commit the District to award a contract, to defray any costs incurred in the preparation of a proposal pursuant to the RFP, or to procure or contract for work. The District reserves the right to reject any or all proposals, or waive any irregularities in any of the proposals submitted pursuant to this RFP. The Lease-Leaseback Agreement shall be awarded to the responsive Contractor with the highest best value score. In the event of a tie (more than one Contractor have the same highest best value score), District may award the Lease-Leaseback Project to the Contractor of its choice.

The Contractor whose proposal is determined to offer the best value to the District pursuant to this RFP must promptly execute the Lease-Leaseback Agreement, the Site Lease Agreement, and the Sublease Agreement **without material revision or alteration**, no later than ten (10) business days following award. The versions of the Lease-Leaseback Agreement, Site Lease Agreement, Sublease Agreement, and other documents required to be executed by the successful Contractor are attached in Exhibit D.

LEASE-LEASEBACK AGREEMENT
Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation

THIS LEASE-LEASEBACK AGREEMENT (this “Agreement”) is entered into as of [REDACTED], 2019 between the Sacramento City Unified School District, a California public school district (the “Owner”), and [REDACTED], a California [corporation] and licensed general contractor (the “Contractor”). Owner and Contractor are each a “Party” and together are the “Parties” to this Agreement.

The Owner intends to make certain tenant improvements (the “Project”) to the campuses of Sam Brannan Middle School and John Cabrillo Elementary school at 5301 Elmer Way and 1141 Seamas Avenue, Sacramento, the scope of which is generally described in Section 1, below.

This Agreement is entered into by the Parties pursuant to California Education Code section 17406, which permits the governing board of school district, without advertising for bids, to lease to any person, firm, or corporation any real property owned by the school district if the instrument by which such property is leased requires the lessee to construct on the leased premises, or provides for the construction thereon, of a building for the use of the school district during the term of the lease, and provides that title to that building shall vest in the school district at the expiration of the lease.

In connection with the approval of this Agreement, the Owner will enter into a site lease with Contractor (the “Site Lease”), under which it will lease the Project site described and depicted in Exhibit A of the Site Lease (the “Site”) to Contractor in order for Contractor to finance and construct the Project as described in the Scope of Work set forth in Section 1, below (the “Scope of Work”).

Contractor will lease the Site and the Project back to the Owner pursuant to a Sublease Agreement (the “Sublease”), under which the Owner will be required to make sublease payments to Contractor for the use and occupancy of the Site, including the Project.

Contractor is experienced in the construction of the type of project and type of work desired by the Owner and is willing to perform said construction work for the Owner, all as more fully set forth in this Agreement.

The Owner and Contractor therefore agree as follows:

PLEASE NOTE: The District is now utilizing construction program management software, e-Builder™, for its construction projects. Contractor agrees to utilize e-Builder™ software for this project. To register with e-Builder, please go to: www.e-builder.net.

This link will provide registration instructions and allow you access to the project documents, plans and specifications. All project information, documents, etc. will be in e-Builder. and other contract documents relating to the Project.

The Scope of Work shall include any revisions to the Plans and Specifications that are made as a result of DSA review or at the direction of DSA.

The Scope of Work does not include Contractor’s performance of the pre-construction services as set forth in Section 2, below.

Until DSA approval of the plans, drawings and specifications for the Project has been received by Owner, Contractor may not commence any work on the Project for which a contractor’s license is required and DSA approval is required.

In accordance with California Public Contract Code section 3300, Contractor has a Class B – General Building license that Contractor shall maintain in good standing for the duration of Contractor’s work on the Project.

2. Pre-Construction Services. Contractor shall perform the following pre-construction services to be completed by [redacted], 20 [redacted] [Fill date]:

- a. *Site Evaluation.* Contractor shall perform an evaluation of the Site for the Project and make recommendations relating to scope, constructability, and schedule of the Project. Contractor shall also review the scope of necessary demolition work, if any, to develop a hazardous materials removal plan. The purpose of this evaluation is to improve the Project’s design and minimize unforeseen conditions. At Owner’s request, Contractor shall provide the results of its evaluation in written form to the Owner.
- b. *Constructability Review.* Contractor shall provide at least one constructability review of the Plans and Specifications before or at the following interval of preconstruction: (i) upon the completion of the 50% construction documents phase.

Contractor shall review the Plans and Specifications and related construction documents for errors and omissions, clarity, consistency, and coordination. Contractor’s review shall emphasize ensuring that the Project can be completed within the Owner’s available budget to the level of

quality and educational goals desired, and can be completed within the established schedule. Contractor shall specifically provide recommendations on construction feasibility, energy conservation, availability of materials and labor, time requirements for installation and construction, and factors related to cost, including costs of alternative designs of materials, preliminary budgets, and possible economies of scale. Contractor shall provide written reports, identifying by page and detail the issues to be discussed and resolved. As part of the constructability review, Contractor shall identify areas where value engineering principles could be applied (including potential cost savings and the schedule impact of such savings), and identify items requiring a long lead time before construction. Contractor shall assist the District in considering operating or maintenance costs with respect to selecting systems and products for the Project.

- c. *Design/Coordination Meetings.* Contractor shall be responsible for facilitating all design/coordination meetings as needed. Such meetings shall include participation of design professionals and specialty subcontractors.
- d. *Schedule.* Contractor shall develop a master critical path method (“CPM”) project schedule for the Project that shall include all milestone dates for the Project, including submittal of Contractor’s GMP proposal for each Project phase, completion of design development, submittal of all estimates contemplated by the Contract, re-submission of the Plans and Specifications to DSA (if necessary), anticipated re-approval by DSA (if any), finalization of Contract Documents, construction sequencing and durations, preparation and processing of shop drawings and samples, delivery of materials or equipment requiring long-lead time procurements, phasing, and Owner move-in. Contractor’s schedule shall be submitted to the Owner for approval within 30 days’ of execution of this Agreement; the Owner shall have the right to request reasonable changes and updates in the schedule. Contractor shall provide schedule updates with each estimate, or more often if reasonably requested by the Owner or if required in Contractor’s judgment to communicate changes in market conditions.
- e. *Estimates.* Contractor shall provide an estimate of total Project cost, as well as necessary updates to that estimate. Contractor’s initial estimate shall be due to the District within two weeks of completion of its constructability review. Updated cost estimates shall be given in accordance with the approved CPM project schedule for the Project. Contractor shall also provide an updated estimate upon the submission of the Plans and Specifications to DSA (and at any other time required or reasonably necessary pursuant to this Agreement). Contractor’s cost estimate shall identify all trades and unit costs and shall also identify all allowable general condition costs and fees. If any cost estimate submitted to the Owner exceeds a previously approved estimate, the Contractor shall make appropriate recommendations to the Owner for reducing the estimated cost of the Project. All estimates shall assume that construction of the Project is subject to the payment of prevailing wages under the California Labor Code and applicable regulations, and that the Project will be subject to compliance monitoring and enforcement by the California Department of Industrial Relations.
- f. *Construction Planning.* Contractor shall provide assistance to Owner in construction planning, including phasing, staging, site logistics, sequencing, fencing, office locations and means and methods of construction. The Contractor shall (1) provide a preliminary evaluation of the Owner’s schedule, cost and design requirements for the Project; (2) develop an anticipated construction schedule pursuant to Subsection d. above; (3) develop a preliminary cost estimate for each type of work contemplated by the Project pursuant to Subsection e. above; (4) clarify and delineate the Architect’s, the Contractor’s, and the Owner’s respective duties and responsibilities; and (5) set

forth a plan for the administration and coordination of all Work on the Project, including pre-construction meetings. The Architect and Owner shall review the above for acceptance. Contractor will also ensure that all Work complies with the guidelines established by the State of California Office of Public School Construction and any other Federal or State agencies having jurisdiction over the Project. The objective of this step will be to develop an overall program strategy as relates to timing, budgets, construction materials, means and methods and the program interface during construction.

3. Contract Documents. The Contractor and the Owner agree that this Agreement, and all of the documents listed in Article 1.1.11 of the General Conditions and the Project Labor Agreement (PLA) if applicable, together form the “Contract Documents,” which form the “Contract.”

This Project shall be governed by the PLA, and Contractor hereby agrees to conform to all terms and conditions set forth in the PLA. Contractor and all listed Subcontractors shall execute a Project Labor Agreement / Contractor Agreement to be Bound (Exhibit B) or Project Labor Agreement / Subcontractor Agreement to be Bound (Exhibit C) as applicable. The full text of the PLA is available on the District’s website.

4. Time to Complete and Liquidated Damages. Time is of the essence in this Contract. The time for completion of the Project shall be [REDACTED] () calendar days from the date of Owner’s approval of the Total Sublease Amount (as set forth in Section 5 of this Agreement), pursuant to California Education Code section 17406(a)(3). Date for Completion (as that term is defined in Article 1.1.13 of the General Conditions) of the Project shall be on or before [REDACTED], 20[REDACTED].

Failure to complete the Project within the date(s) and in the manner provided for by the Contract Documents, shall subject the Contractor to liquidated damages for each calendar day by which such completion is delayed beyond the Date for Completion. For purposes of liquidated damages, the concept of substantial completion shall not constitute completion and is not part of the Contract Documents. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if the Project were not completed by the Date for Completion are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages that the Owner would suffer if completion is delayed include, but are not limited to, loss of the use of the Project, disruption of activities, costs of administration, supervision and the incalculable inconvenience and loss suffered by the public.

Accordingly, the Parties agree that the following dollar figure shall be the amount of damages which the Owner shall directly incur upon failure of the Contractor to complete the Project within the time specified: \$3,500, for each calendar day by which completion of the Project is delayed beyond the Date for Completion, which may be adjusted in accordance with the Contract Documents.

If the Contractor becomes liable under this Section, the Owner, in addition to all other remedies provided by law, shall have the right to withhold sublease payments, and to collect the interest thereon, which would otherwise be or become due the Contractor until the liability of the Contractor under this Section has been finally determined. If the withheld sublease payments are not sufficient to discharge all liabilities of the Contractor incurred under this Section, then the Contractor and its sureties shall continue to remain liable to the Owner for such liabilities until all such liabilities are satisfied in full.

If the Owner accepts any work or makes any payment under this Agreement after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.

5. Total Sublease Amount. Owner shall pay Contractor a total amount for the Scope of Work (“Total Sublease Amount”) which will be calculated following: (i) Contractor’s completion of the preconstruction services set forth in Section 2; (2) the selection of all subcontractors in accordance with Education Code section 17406(a)(4) and the Request for Sealed Proposals; and (iii) any required DSA approval of the Plans and Specifications for the Work.

Following the occurrence of all of the events set forth in the paragraph above, Contractor shall provide Owner with objectively verifiable information of its costs to perform the Work and a written rationale for the proposed Total Sublease Amount, including documentation sufficient to support the calculation. Contractor’s written rationale shall detail the “base construction cost” for the Project, consisting of (a) all subcontracts to be awarded by Contractor for the Project, plus (b) any separately awarded contracts for materials and supplies for the Project. The product of the base construction cost, multiplied by the Percentage offered by the Contractor in its response to the Request for Sealed Proposals, shall be the “Contractor Fee”, which shall also be set forth in Contractor’s written rationale. The Total Sublease Amount shall be the sum total of the base construction cost and the Contractor Fee.

The proposed Total Sublease Amount shall be approved or rejected by the Owner at a public meeting before Contractor may proceed with any further Work under the Contract Documents. Once approved, the Parties shall execute *Exhibit A* of the Sublease, setting forth the Total Sublease Amount and Sublease Payments, whereupon *Exhibit A* shall be incorporated into, and become part of the Contract Documents. Contractor shall immediately commence the Work after approval of the Total Sublease Amounts by the Owner, and the time for completion of the Work shall commence to run upon such approval by the Owner. If the Owner rejects the Total Sublease Amount and requests another calculation from Contractor, then Contractor shall submit another calculation complying with this Section’s procedures. If the Owner rejects the Total Sublease Amount and does not request another calculation from Contractor, then such rejection will act as a Termination for Convenience pursuant to Article 24.2.1 of the General Conditions and the Owner may award a lease-leaseback contract for the Project to the next highest best value contractor from the selection process used for the Project.

Except as otherwise provided in the General Conditions, the Contractor shall assume the risk of all costs in excess of the Total Sublease Amount in the performance of such work and shall not be entitled to additional payments because of such excess costs. Should the Contractor believe that it is entitled to an increase in the Total Sublease Amount or a time extension for completion, it must request it pursuant to the procedures in the General Conditions for change orders and claims. Contractor shall finance the cost of construction of the Work. Contractor shall pay all subcontractors and suppliers as they perform Work or furnish supplies. The Owner shall pay Contractor sublease payments pursuant to the terms and conditions of Section 6 of the Sublease (the “Sublease Payments”). The sum of the Sublease Payments shall not exceed the Total Sublease Amount established under this Section 5.

6. Changes. Should the Contractor believe that it is entitled to an increase in the Total Sublease Amount or a time extension for completion, it must request such change pursuant to the procedures in the General Conditions for change orders and claims.

7. Term and Termination. The term of the Contract (the “Lease Term”) automatically ends on _____, 20 ____ (“Termination Date”). The Owner or Contractor may terminate the Contract prior to the Termination Date, but only as provided in the General Conditions. All of the covenants, representations and warranties set forth in the Contract, including indemnification obligations, that are intended to bind the Parties after the completion of the Project or termination of the Contract will survive such completion or termination for the periods provided for in the Contract or otherwise allowed by law. The Site Lease and the Sublease each shall automatically end at the same time as the Contract, with the Parties’ respective leasehold interests thereunder automatically ended and released, and title to the Site and Project automatically and fully vested in the Owner.

8. Prequalification of Contractor and Certain Subcontractors. Owner has determined that the Project is subject to prequalification pursuant to Education Code section 17406 subsection (a)(2)(C) and Public Contract Code section 20111.6 subsections (b) through (m). Accordingly, the Owner’s Request for Proposals for the Project required that all entities proposing for this Contract, including Contractor, must be prequalified as well as all electrical, mechanical, and plumbing subcontractors to be utilized on the Project.

Any subcontractors that Contractor may select after award pursuant to Section 9, below, must be prequalified by Owner pursuant to Education Code section 17406 subsection (a)(2)(C) and Public Contract Code section 20111.6 subsections (b) through (m) if bidding or proposing for work requiring C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, or C-46 licenses or other ‘C’ licenses specified by Owner in the Request for Proposals. Contractor may not accept a bid or proposal and may not award a subcontract to a bidding or proposing subcontractor that has not met the requirements of this Section. When soliciting bids or proposals from subcontractors, the Contractor shall provide notice to all subcontractors of which subcontractors must be prequalified to submit bids or proposals, and Contractor shall state where the prequalification applications may be obtained and where and when they must be submitted. The prequalification questionnaires and financial statements are not public records and are not open to public inspection.

9. Selection of Subcontractors; DVBE Goals. For any subcontractors not listed in Contractor’s proposal who will perform more than 0.5% of the Work, Contractor shall provide public notice of availability of work to be subcontracted in accordance with the publication date applicable to the District’s competitive bidding process (including but not limited to Public Contract Code section 20112), including a fixed date and time on which qualifications statements, bids, or proposals will be due. Contractor shall establish reasonable qualification criteria and standards and shall award each subcontract either on best value basis as described in Education Code section 17406(a)(4) or to the lowest responsible bidder. All subcontractors shall be afforded the protections of the Subletting and Subcontracting Fair Practices Act (commencing with Public Contract Code section 4100). Contractor’s subcontractor selection process shall be subject to review by, and approval of Owner.

Compliance with Disabled Veteran Business Enterprise (“DVBE”) contracting goals is required for this Project. In accordance with Education Code section 17076.11 the Owner has a DVBE participation goal of 3% per year of the overall dollar amount of state funds allocated to the Owner pursuant to the Leroy F. Greene School Facilities Act of 1998, and expended each year by the Owner for this Project. The Owner is seeking DVBE participation under this Agreement.

The Contractor must make a good faith effort to contact and utilize DVBE subcontractors and suppliers in securing bids, in the manner set forth in this Section for performance of the Project. Information regarding certified DVBE firms can be obtained from the State’s Office of Small Business and DVBE Services

(OSDS) at (916) 375-4940 as well as the OSDS website at www.bidsync.com/DPXBisCASB. Verification of DVBE status must be obtained from the OSDS by receiving an approved certification letter and reference number from that office. Contractor is required, as a material condition of this Agreement, to retain documentation of its good faith efforts in utilizing DVBEs for this Project, for submission to the Owner or to the applicable state agency in the event such documentation is requested.

Good faith efforts are demonstrated by evidence of the following: (a) contact was made with the Owner regarding the identification of DVBEs; (b) contact was made with other state agencies and with local DVBE organizations to identify DVBEs; (c) advertising was published in trade papers and other papers focusing on DVBEs; (d) invitations to bid or proposal solicitations were submitted to potential DVBE contractors; and (e) available DVBEs were considered. Contractor shall certify, under penalty of perjury, that a good faith effort was made to include DVBE subcontractors and suppliers in the Project.

Prior to, and as a condition precedent for the final Sublease payment made to Contractor by the Owner pursuant to Section 6 of the Sublease, the Contractor shall provide the Owner with written documentation identifying the amount paid to certified DVBE subcontractors and suppliers in performance of the Project. The Contractor shall also provide the Owner with a copy of the DVBE Certification Letter issued by OSDS for each DVBE that has participated in the Project. This documentation will be used by the Owner to evaluate its success in meeting its DVBE participation goal.

10. Prevailing Wages. The Project is a public work, the Work shall be performed as a public work, and under California Labor Code section 1770 *et seq.*, the Director of the California Department of Industrial Relations (“DIR”) has determined the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which the Work is to be performed, for each craft, classification or type of worker needed to execute this Contract. Per diem wages shall be deemed to include employer payments for health and welfare, pension, vacation, apprenticeship or other training programs, and similar purposes. Copies of the rates are on file at the Owner’s principal office. The rate of prevailing wage for any craft, classification or type of workmanship to be employed on this Project is the rate established by the applicable collective bargaining agreement which rate so provided is hereby adopted by reference and shall be effective for the life of this Agreement or until the Director of the DIR determines that another rate be adopted. It shall be mandatory upon the Contractor and on any subcontractor to pay not less than the said specified rates to all workers employed in the execution of this Agreement.

The Contractor and any subcontractor under the Contractor as a penalty to the Owner shall forfeit not more than Two Hundred Dollars (\$200.00) for each calendar day or portion thereof for each worker paid less than the stipulated prevailing rates for such work or craft in which such worker is employed. The difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.

The Contractor and each Subcontractor shall keep or cause to be kept an accurate record for work on this Project showing the names, addresses, social security numbers, work classification, straight time and overtime hours worked and occupations of all laborers, workers and mechanics employed by them in connection with the performance of this Contract or any subcontract thereunder, and showing also the actual per diem wage paid to each of such workers, which records shall be open at all reasonable hours to inspection by the Owner, its officers and agents and to the representatives of the Division of Labor Standards Enforcement of the DIR. Contractor and all subcontractors shall comply with Labor Code section 1776.

In accordance with Labor Code section 1771.4(a)(1), the Project is subject to compliance monitoring and enforcement by the DIR. The Contractor and each subcontractor shall furnish a certified copy of all payroll records directly to the Labor Commissioner on a monthly basis, unless directed by the Owner to furnish such records more often, and in the format prescribed by the Labor Commissioner.

As a public work, the Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-five Thousand Dollars (\$25,000): in order to be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104, or enter into, or engage in the performance of any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§ 1720 *et seq.*) of the Labor Code), a contractor or subcontractor must be currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§ 1720 *et seq.*) of the Labor Code.

11. Working Hours. Under California Labor Code sections 1810 to 1815, the time of service of any worker employed by the Contractor or a Subcontractor doing or contracting to do any part of the Work contemplated by this Agreement is limited and restricted to 8 hours during any one calendar day and 40 hours during any one calendar week, provided, that work may be performed by such employee in excess of said 8 hours per day or 40 hours per week provided that compensation for all hours worked in excess of 8 hours per day, and 40 hours per week, is paid at a rate not less than 1½ times the basic rate of pay. The Contractor and every Subcontractor shall keep an accurate record showing the name of and the actual hours worked each calendar day and each calendar week by each worker employed by them in connection with the Work. The Contractor and every Subcontractor shall keep the records open at all reasonable hours to inspection by representatives of the Owner and the Division of Labor Standards Enforcement. The Contractor shall as a penalty to the Owner forfeit \$25.00 for each worker employed in the execution of this Agreement by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than 8 hours in any one calendar day, and 40 hours in any one calendar week, except as herein provided.

12. Apprentices. The Contractor shall comply with California Labor Code sections 1777.5 and 1777.6. These sections require that contractors and subcontractors employ apprentices in apprenticeable occupations in a ratio of not less than 1 hour of apprentice's work for each 5 hours of work performed by a journeyman (unless an exemption is granted in accordance with Labor Code section 1777.5) and that contractors and subcontractors shall not discriminate among otherwise qualified employees as indentured apprentices on any public works solely on the ground of sex, race, religious creed, national origin, ancestry or color. Only apprentices as defined in Labor Code section 3077, who are in training under apprenticeship standards and who have signed written apprentice agreements, will be employed on public works in apprenticeable occupations. The responsibility for compliance with these provisions is fixed with the Contractor for all apprenticeable occupations.

13. Skilled and Trained Workforce. The Owner has entered a project labor agreement with Sacramento-Sierra Building & Construction Trades Council, dated November 16, 2017, entitled Project Labor Agreement ("PLA"), that will bind, and apply to, all contractors and subcontractors performing the Work and that includes the requirements of Education Code section 17407.5 and Public Contract Code sections 2600 *et seq.* concerning a skilled and trained workforce. By entering this Agreement, the Contractor agrees that it will become a party to the PLA. The full text of the PLA is available on the District's website.

The Contractor must comply with the applicable requirements of the Division of State Architect (“DSA”) Construction Oversight Process (“DSA Oversight Process”), including but not limited to (a) notifying the Inspector of Record (“IOR”) upon commencement and completion of each aspect of the work as required under DSA Form 156; (b) coordinating the Work with the IOR’s inspection duties and requirements; (c) submitting verified reports under DSA Form 6-C; and (d) coordinating with the Owner, Owner’s Architect, any Construction Manager, any laboratories, and the IOR to meet the DSA Oversight Process requirements without delay or added costs to the Project.

Contractor shall be responsible for any additional DSA fees related to review of proposed changes to the DSA-approved construction documents, to the extent the proposed changes were caused by Contractor’s wrongful actions or omissions. If inspected Work is found to be in non-compliance with the DSA-approved construction documents or the DSA-approved testing and inspection program, then it must be removed and corrected. Any construction that covers unapproved or uninspected Work is subject to removal and correction, at Contractor’s expense, in order to permit inspection and approval of the covered Work in accordance with the DSA Oversight Process.

15. Indemnification, Insurance, and Bonds. The Contractor will defend, indemnify and hold harmless the Owner, its governing board, officers, agents, trustees, employees and others as provided in the General Conditions.

By this statement the Contractor represents that it has secured the payment of Workers’ Compensation in compliance with the provisions of the California Labor Code and during the performance of the work contemplated herein will continue so to comply with said provisions of said Code. The Contractor shall supply the Owner with certificates of insurance evidencing that Workers’ Compensation Insurance is in effect and providing that the Owner will receive 30 days’ notice of cancellation.

Contractor shall provide the insurance set forth in the General Conditions. The amount of general liability insurance shall be \$2,000,000 per occurrence and \$4,000,000 aggregate for bodily injury, personal injury, and property damage, and the amount of automobile liability insurance shall be \$1,000,000 per accident for bodily injury and property damage combined single limit.

Contractor shall provide the bonds set forth in the General Conditions, including performance and payments bonds.

16. Entire Agreement. The Owner makes no representations or warranties, express or implied, not specified in the Contract. The Contract is intended as the complete and exclusive statement of the Parties’ agreement pursuant to California Code of Civil Procedure section 1856.

17. Execution of Other Documents. The Parties to this Agreement shall cooperate fully in the execution of any and all other documents and in the completion of any additional actions that may be necessary or appropriate to give full force and effect to the terms and intent of the Contract.

18. Execution in Counterparts. This Agreement may be executed in counterparts such that the signatures may appear on separate signature pages. A copy, or an original, with all signatures appended together, shall be deemed a fully executed Agreement.

19. Binding Effect. Contractor, by execution of this Agreement, acknowledges that Contractor has read this Agreement and the other Contract Documents, understands them, and agrees to be bound by their terms and conditions. The Contract shall inure to the benefit of and shall be binding upon the Contractor and the Owner and their respective successors and assigns.

20. Severability; Governing Law; Venue. If a court of competent jurisdiction shall hold any provision of the Contract invalid or unenforceable, then such holding shall not invalidate or render unenforceable any other provision hereof. The laws of the State of California shall govern the Contract. Any action or proceeding seeking any relief under or with respect to this Agreement shall be brought solely in the Superior Court of the State of California for the County of Sacramento subject to transfer of venue under applicable State law, provided that nothing in this Agreement shall constitute a waiver of immunity to suit by Owner.

21. Amendments. The terms of the Contract shall not be waived, altered, modified, supplemented, or amended in any manner whatsoever except by written agreement signed by the Parties and approved or ratified by the Owner's Governing Board.

22. Assignment of Contract. The Contractor shall not assign or transfer by operation of law or otherwise any of its rights, burdens, duties or obligations without the prior written consent of the surety on the payment bond, the surety on the performance bond, and the Owner.

The Owner desires to provide for the financing and construction of certain public improvements (the “Project”) more fully described in a Lease-Leaseback Agreement between the Owner and Contractor and located at 5301 Elmer Way and 1141 Seamas Avenue, Sacramento, CA (the “Site”); and

The Owner’s governing body has determined that it is in the best interests of the Owner and for the common benefit of the residents it serves to construct and finance the Project by leasing the Site on which the public improvements are to be constructed to Contractor, and subleasing from Contractor the Site, including the Project, under a Sublease Agreement effective the same date as this Site Lease (the “Sublease”); and

The Owner is authorized under California Education Code Section 17406 to lease the Site, and its governing body has authorized the execution and delivery of this Site Lease; and

The purpose of the Lease is for Contractor to have necessary access to and use of the Site for the purpose of making, during the term of the Lease, the tenant improvements included in the Project, and as a condition of the Lease, Contractor agrees to make those tenant improvements; and

Hereafter, reference in this Site Lease to the term “Contractor” means Contractor and Contractor’s assigns for those rights, interests, and obligations that may be assigned by Contractor. The Site is leased to Contractor on an “as is” basis. Owner shall not be required to make or construct any alterations including structural changes, additions or improvements to the Site. By entering and taking possession of the Site pursuant to this Lease, Contractor accepts the Site in “as is” condition. Any agreements, warranties, or representations not expressly contained herein shall in no way bind either Owner or Contractor, and Owner and Contractor expressly waive all claims for damages by reason of any statement, representation, warranty, promise or agreement, if any, not contained in this Site Lease or the Contract Documents.

Upon termination, the Parties’ respective interests under this Site Lease will automatically end and be released, and title to the Site and Project will automatically and fully vest in the Owner. Upon termination, Contractor shall immediately quit and surrender the Site to Owner in good order and condition, and shall remove all of Contractor’s personal property and also any trash, debris, chemicals or hazardous materials

Contractor warrants that at all times during this Lease, the Site and Project shall remain free and clear of all liens (including mechanic's liens), mortgages, deeds of trust, easements and all other encumbrances, other than liens existing at the time the Project starts, unless the Owner gives Contractor prior written permission to place, or allow to be placed, any liens, mortgages, deeds of trust, easements or other encumbrances on the Site.

Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation

This **LEASE-LEASEBACK SUBLEASE AGREEMENT** (“Sublease”) is entered into on [REDACTED], between [REDACTED], (“Contractor”), a California corporation and licensed general contractor as lessee, and the Sacramento City Unified School District, a California public school district (the “Owner”) as lessor.

RECITALS:

WHEREAS, pursuant to Section 17406 *et seq.* of the Education Code, the Owner may enter into leases and agreements relating to real property and buildings used by the Owner; and

WHEREAS, the Owner deems it essential for its own governmental purpose to finance certain improvements described in *Exhibit “A”* of the Lease-Leaseback Agreement entered into between the Owner and Contractor dated [REDACTED], for the Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation (the “Lease-Leaseback Agreement”; and the “Project”) and situated on the Site described in *Exhibit A* of the Site Lease dated the same date between the Owner and Contractor related to the Project (the “Site Lease”). The land described in the Site Lease is herein referred to as the “Site”; and

WHEREAS, pursuant to Section 17406 of the Education Code, the Owner is leasing the Site to Contractor pursuant to the Site Lease in consideration of Contractor subleasing the Site, including the Project, to the Owner pursuant to the terms of this Sublease; and

WHEREAS, the Owner owns the Site and pursuant to the Lease-Leaseback Agreement has prepared, adopted, and had approved plans and specifications for the completion of the Project pursuant to law as required by Section 17402 of the Education Code; and

WHEREAS, the Owner and Contractor agree to mutually cooperate now or hereafter, to the extent possible, in order to sustain the intent of this Sublease and the bargain of both parties hereto, and to provide payments pursuant to this Sublease.

WITNESSETH:

In consideration of the mutual covenants hereinafter set forth, the Owner and Contractor agree as follows:

Section 1. Sublease. Contractor hereby leases and subleases to the Owner, and the Owner hereby leases and subleases from Contractor, the Site, including any real property improvements now or hereafter affixed thereto in accordance with the provisions herein for the full term of this Sublease. Hereinafter, reference to Contractor means Contractor and Contractor’s assigns for those rights, interests, and obligations that may be assigned by Contractor. The purpose of this Sublease is (1) for the Owner to have necessary access to and use of the Site at such times and in such a manner as will not impede the construction of the Project; (2) for the Owner to obtain needed financing for the Project; and (3) after the completion of the Project but prior to the expiration or termination of the Sublease, for the Owner to enjoy beneficial occupancy of the Site and the completed Project. During the term of the Sublease, Owner and its agents, employees and invitees may enter into and upon the Site and the Project at all reasonable times necessary for conduct of Owner business thereon. During construction, the Owner shall not unduly disturb, or unreasonably interfere with Contractor’s work on the Project and related improvements to the Site. Following completion of the Project, the Owner shall enjoy full and undisturbed use of the Site.

Section 2. Term. The terms and conditions of this Sublease shall become effective upon the authorized execution of this Sublease by the parties. The term of the Sublease shall be coterminous with the term of the Lease-Leaseback Agreement. Upon termination, the parties' respective interests hereunder automatically ended and released, and title to the Site and Project automatically and fully vested in the Owner.

Section 3. Representations, Warranties and Covenants of the Owner. The Owner represents and warrants to Contractor that:

(a) The Owner is a public school district, duly organized and existing under the Constitution and laws of the State with authority to enter into this Sublease and to perform all of its obligations hereunder.

(b) The Owner's governing body has duly authorized the execution and delivery of this Sublease and further represents and warrants that all requirements have been met and procedures followed to ensure its enforceability.

(c) The execution, delivery, and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement, or instrument to which the Owner is a party by which it or its property is bound.

(d) There is no pending or, to the knowledge of the Owner, threatened action, or proceeding before any court or administrative agency that will materially adversely affect the ability of the Owner to perform its obligations under this Sublease.

(c) The Project and the Site are essential to the Owner in the performance of its governmental functions and their estimated useful life to the Owner exceeds the term of this Sublease.

(d) The Owner shall take such action as may be necessary to include all Sublease payments in its annual budget and annually to appropriate an amount necessary to make such Sublease payments.

(e) The District shall not abandon the Site for the use for which it is currently required by the Owner and, to the extent permitted by law, the Owner shall not seek to substitute or acquire property to be used as a substitute for the use for which the Site is maintained under the Sublease; and

(f) The Owner shall not allow any hazardous materials or substances to be used or stored on, under, or about the Site.

Section 4. Representations and Warranties of Contractor. Contractor represents and warrants to the Owner that:

(a) Contractor is duly organized, validly existing and in good standing as a contractor and licensed contractor under the laws of the State, with full corporate power and authority to lease and own real and personal property;

(b) Contractor has full power, authority and legal right to enter into and perform its obligations under this Sublease, and the execution, delivery and performance of this Sublease have been duly authorized by all necessary corporate actions on the part of Contractor and do not require any further approvals or consents;

(c) The execution, delivery, and performance of this Sublease do not and will not result in any breach of or constitute a default under any indenture, mortgage, contract, agreement, or instrument to

which Contractor is a party by which it or its property is bound;

(d) There is no pending or, to the knowledge of Contractor, threatened action, or proceeding before any court or administrative agency that will materially adversely affect the ability of Contractor to perform its obligations under this Sublease;

(e) Contractor will not mortgage or encumber the Site or the Sublease or assign this Sublease or its rights to receive Sublease payments hereunder, except as permitted herein.

Section 5. Construction/Acquisition

(a) The Owner has entered into the Lease-Leaseback Agreement and the Site Lease with Contractor in order to acquire and construct the tenant improvements identified as the Project. The cost of the acquisition, financing, construction, and installation of the Project, in addition to the beneficial use of the Site afforded to the Owner under this Sublease, is determined by the Total Sublease Amount defined in Article 4 of the Lease-Leaseback Agreement.

(b) In order to ensure that moneys sufficient to pay all costs will be available for this purpose when required, the Owner shall maintain on deposit in its general or other appropriate fund, and shall annually appropriate funds sufficient to make all Sublease payments which become due to Contractor under this Sublease.

Section 6. Sublease Payments

(a) The Owner shall pay Contractor lease payments (the "Sublease Payments" and each individually a "Sublease Payment") monthly, at the office of Contractor or to such other person or at such other place as Contractor may from time to time designate in writing. Notwithstanding the foregoing, after the Date of Completion, or at such earlier time that the Owner has exercised its right to the beneficial use of any portion of the Project, the Contractor agrees to provide an amount equal to a portion of the Total Sublease Amount, specifically *****INSERT DATA HERE*** (\$***INSERT DATA HERE***)** (the "Financed Amount") which cannot be paid by the Owner and must be financed. In consideration for the Financed Amount, the Owner agrees to pay the Contractor in monthly payments over the course of *****INSERT DATA HERE***** months (the "Financed Sublease Payments") which shall be deemed the financing portion of the Total Sublease Amount and shall be referenced herein as the "Financing Lease." The amount of each monthly payment shall be the principal of the Financed Amount, divided by the number of months set forth above, plus an interest rate equal to the current Bank of America prime interest rate of 4.0% of the remaining Financed Amount. Without penalty, the Owner shall have the right to terminate the Financing Lease consistent with Section 22 of this Sublease. Upon final payment, including the Financing Lease, by the Owner, the beneficial use as between the Contractor as landlord, and the Owner as tenant, shall terminate and all right, title, and interest to all improvements constructed by the Contractor shall automatically vest in the Owner. Contractor agrees to execute any documents that may be necessary or otherwise required to validate the vesting of title as set forth herein. To the extent there are any inconsistent provisions in any of the Contract Documents with the payment and financing provisions herein, subject to any sublease abatement as set forth in Section 8, the provisions herein shall supersede any such inconsistent financing and payment provisions.

(b) Contractor agrees that satisfactory progress pursuant to the time schedule required pursuant to the Contract and of the construction pursuant to the time schedule required pursuant to the Contract (the "Time Schedule") shall be conditions precedent to the making of Sublease Payments by the Owner. The determination of whether the Time Schedule has been adequately adhered to shall be made in accordance with the General Conditions of the Contract ("General Conditions"). If the Owner determines that pursuant to the Time Schedule, the work required to be performed prior to a given Sublease Payment has

not been met, the Owner shall not be required to make that scheduled Sublease Payment. Once the Owner has determined that the work scheduled to be completed prior to the Sublease Payment in question has been completed, the Owner shall make the Sublease Payment corresponding to completion of such work.

(c) In accordance with the General Conditions, the Owner shall retain an amount equal to 5% of each Sublease Payment. Release of the retention and the final Sublease Payment shall be made in the manner described in the General Conditions.

(d) The obligation of the Owner to pay Sublease Payments hereunder shall constitute a current expense of the Owner and shall not in any way be construed to be a debt of the Owner in contravention of any applicable constitutional or statutory limitations or requirements concerning the creation of indebtedness by the Owner, nor shall anything contained herein constitute a pledge of the general tax revenues, funds, or moneys of the Owner.

(e) Extension of Lease Term. If the Project is not completed by the Date for Completion set forth in Agreement, then the Lease Term shall be extended by such period of time between the Date for Completion and the date that the Project is finally complete, except that District shall be relieved of its obligation to make Sublease Payments during such extended term. This Section shall not amend or modify any lease extension under Section 6(a).

Section 7. Fair Rental Value. Sublease Payments shall be paid by the Owner in consideration of the right of possession of, and the continued quiet use and enjoyment of, the Project and the Site during this Sublease. The parties hereto have agreed and determined that such total rental is not in excess of the fair rental value of the Project and the Site. In making such determination, consideration has been given to the fair market value of the Project and the Site, other obligations of the parties under this Sublease (including, but not limited to, costs of maintenance, taxes and insurance), the uses and purposes which may be served by the Project and the Site and the benefits therefrom which will accrue to the Owner and the general public, the ability of the Owner to make additions, modifications and improvements to the Project and the Site which are not inconsistent with the Lease-Leaseback Agreement and which do not interfere with Contractor's work on the Project and Site.

Section 8. Sublease Abatement. In addition to delay of Sublease Payments provided in Section 6, above, Sublease Payments due hereunder with respect to the Project shall be subject to abatement prior to the commencement of the use of the Project or during any period in which, by reason of material damage to or destruction of the Project or the Site there is substantial interference with the use and right of possession by the Owner of the Project and the Site or any substantial portion thereof. For each potential incident of substantial interference, decisions to be made on: i) whether or not abatement shall apply; ii) the date upon which abatement shall commence; iii) the applicable portion of Sublease Payments to be abated and; iv) the concluding date of the particular abatement shall all be subject to determinations by the Owner in concert with its insurance provider. Contractor's right to dispute these decisions is not impaired. The amount of abatement shall be such that the Sublease Payments paid by the Owner during the period of Project restoration do not exceed the fair rental value of the usable portions of the Site. In the event of any damage or destruction to the Project or the Site, this Sublease shall continue in full force and effect. This Section shall not amend or modify any lease extension under Section 6(a).

Section 9. Use of Site and Project. The Owner will not use, operate, or maintain the Site or Project improperly, carelessly, in violation of any applicable law or in a manner contrary to that contemplated by this Sublease. The Owner shall provide all permits and licenses, if any, necessary for the operation of the Project. In addition, the Owner agrees to comply in all respects (including, without limitation, with respect to the time, maintenance and operation of the Project) with laws of all jurisdictions in which its

operations involving the Project may extend and any legislative, executive, administrative, or judicial body exercising any power or jurisdiction over the Site or the Project; provided, however, that the Owner may contest in good faith the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of Contractor, adversely affect the estate of Contractor in and to the Site or the Project or its interest or rights under this Sublease. Upon completion of the Project or severable portions thereof, as defined in the General Conditions, Contractor shall provide the Owner with quiet use and enjoyment of the Site without suit or hindrance from Contractor or its assigns, subject to reasonable interference from ongoing construction operations on any remaining portion of the Site under construction by Contractor.

Section 10. Contractor's Inspection/Access to the Site. The Owner agrees that Contractor and any Contractor representative shall have the right at all reasonable times to enter upon the Site or any portion thereof to construct and improve the Project, to examine and inspect the Site and the Project and to exercise its remedies pursuant to Section 21 of this Sublease. The Owner further agrees that Contractor and any Contractor representative shall have such rights of access to the Site as may be reasonably necessary to cause the proper maintenance of the Site and the Project in the event of failure by the Owner to perform its obligations hereunder.

Section 11. Project Acceptance. The Owner shall acknowledge final inspection and completion of the Project by executing a Certificate of Acceptance and recording a Notice of Completion in accordance with the General Conditions. The validity of this Sublease will not be affected by any delay in or failure of completion of the Project.

Section 12. Lease-Leaseback Agreement and Site Lease. The Lease-Leaseback Agreement and Site Lease are incorporated herein in their entirety by this reference.

Section 13. Alterations and Attachments. All permanent additions and improvements that are made to the Project shall belong to and become the property of Contractor, subject to the provisions of Sections 21 and 22 hereof. Separately identifiable attachments added to the Project by the Owner shall remain the property of the Owner. At Contractor's request, the Owner agrees to remove the attachments and restore the Project to substantially as good condition as when acquired and constructed, normal wear and tear excepted, in the event of failure by the Owner to perform its obligations hereunder.

Section 14. Physical Damage; Public Liability Insurance. The Contractor and the Owner shall maintain such damage and public liability insurance policies with respect to the Project and the Site as are required of them by the Lease-Leaseback Agreement. Upon vesting in Owner of all right, title, and interest to all improvements constructed by the Contractor as set forth in the Contract Documents, Owner shall be responsible for insuring the property.

Section 15. Taxes. The Owner shall keep the Project and the Site free and clear of all levies, liens, and encumbrances and shall pay all license fees, registration fees, assessments, charges, and taxes (municipal, state, and federal) if applicable, which may now or hereafter be imposed upon the ownership, leasing, renting, sale, possession, or use of the Project and the Site, excluding, however, all taxes on or measured by Contractor's income.

Section 16. Indemnity. In addition to the indemnification set forth in Article X of the Lease-Leaseback Agreement, to the extent permitted by law, and with the exception of the Contractor's responsibilities as "Contractor" under the Lease-Leaseback Agreement, the Owner shall, with respect to the Project and the Site, indemnify Contractor against and hold Contractor harmless from any and all claims, actions, suits, proceedings, costs, expenses, damages, and liabilities, including attorneys' fees, arising out of, connected with or resulting from any acts of omission or commission by the Owner's employees and agents or

claims resulting from incidents or occurrences involving the financing of the Project and Lease-Leaseback aspects of the Project and third parties on the Site, including without limitation, the construction, possession, use or operation of the Project and further, the Owner agrees, to the extent the law allows, to indemnify Contractor against and hold Contractor harmless from and against any and all claims, actions, suits, proceedings, cost, expenses, damages, and liabilities, including attorney's fees, arising out of, connected with or resulting from the clean-up of any hazardous materials or toxic wastes from the Site or the Project; provided, however, that the Owner shall not be required to indemnify Contractor in the event that such liability or damages are caused by the negligence or intentional misconduct of Contractor.

Section 17. Events of Default. The term "Event of Default," as used in this Sublease means the occurrence of any one or more of the following events: (a) the Owner fails to make any unexcused Sublease Payment (or any other payment) within 15 days after the due date thereof; (b) the Owner or the Contractor fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder and such failure to either make the payment or perform the covenant, condition or agreement is not cured within 10 days after written notice thereof by the other Party; (c) the discovery by a Party that any statement, representation or warranty made by the other Party in this Sublease, or in any document ever delivered by that other Party pursuant hereto or in connection herewith is misleading or erroneous in any material respect; (d) a Party becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of the Party or of all or a substantial part of its assets, or a petition for relief is filed by the Party under federal bankruptcy, insolvency or similar laws.

Section 18. Remedies on Default. Upon the happening of any Event of Default, the non-defaulting Party may exercise any and all remedies available pursuant to law or in equity or granted pursuant to this Sublease. Notwithstanding any provisions to the contrary herein, Contractor shall not under any circumstances have the right to accelerate the Sublease Payments that fall due in future Sublease periods or otherwise declare any Sublease Payments not then in default to be immediately due and payable.

Section 19. Non-Waiver. No covenant or condition to be performed by the Owner or Contractor under this Sublease can be waived except by the written consent of the other party. Forbearance or indulgence by the Owner or Contractor in any regards whatsoever shall not constitute a waiver of the covenant or condition in question. Until complete performance by the Owner or Contractor of said covenant or condition, the other party shall be entitled to invoke any remedy available to it under this Sublease or by law or in equity despite said forbearance or indulgence.

Section 20. Assignment. Without the prior written consent of Contractor, the Owner shall not (a) assign, transfer, pledge, or hypothecate this Sublease, the Project and the Site, or any part thereof, or any interest therein, or (b) sublet or lend the use of the Project or any part thereof, except as authorized by the provisions of the California Civic Center Act, Education Code Section 38130 *et seq.* Consent to any of the foregoing prohibited acts applies only in the given instance and is not a consent to any subsequent like act by the Owner or any other person. Contractor shall not assign its obligations under this Sublease with the exception of its obligation to issue default notices and to convey or reconvey its interest in the Project and Site to the Owner upon full satisfaction of the Owner's obligations hereunder; however, Contractor may assign its right, title and interest in this Sublease, the Sublease Payments and other amounts due hereunder and the Project in whole or in part to one or more assignees or subassignees at any time without the consent of the Owner. No assignment shall be effective as against the Owner unless and until the Owner is so notified in writing. The Owner shall pay all Sublease Payments due hereunder pursuant to the direction of Contractor or the assignee named in the most recent assignment or notice of assignment. During the Sublease term, the Owner shall keep a complete and accurate record of all such assignments. Subject always to the foregoing, this Sublease inures to the benefit of, and is binding upon, the heirs,

legatees, personal representatives, successors, and assigns of the parties hereto.

Section 21. Ownership. The Project is and shall at all times be and remain the sole and exclusive property of Contractor, and the Owner shall have no right, title, or interest therein or thereto except as expressly set forth herein.

Section 22. Sublease Prepayments/Purchase Option.

(a) Sublease Prepayments. At any time during the term of this Sublease, the Owner may make Sublease Prepayments to the Contractor of the Sublease Payments including the Financial Sublease Payments (“Sublease Prepayments”). No Sublease Prepayments requested by Contractor may be made by the Owner in an amount which exceeds the aggregate true cost to Contractor of the work on the Project completed to the date Contractor submits the request for a Sublease Prepayment less the aggregate amount of: (1) all Sublease Payments previously made by the Owner to Contractor; (2) all Sublease Prepayments previously made by the Owner to the Contractor; (3) all amounts previously retained pursuant to Section 22(a)(3), below, from Sublease Prepayments previously made by the Owner to Contractor (unless Contractor shall have previously substituted securities for such retained amounts pursuant to Section 22(a)(3)); and (5) the retention for such Sublease Prepayment pursuant to Section 22(a)(3) hereof. Contractor must submit evidence that the conditions precedent set forth in Section 22(a)(1), below, have been met. In the event Owner elects to make Sublease Prepayments, the Prepayment Price, contemplated in Section 22(b), below, shall be adjusted accordingly.

(1) The following are conditions precedent to any Sublease Prepayments made to Contractor pursuant to a request of Contractor:

(a) Satisfactory progress of the construction of the Project pursuant to the time schedule required pursuant to the General Conditions shall have been made as determined in accordance therewith.

(b) Contractor shall also submit to the Owner (i) duly executed conditional lien releases and waivers (in the form provided in California Civil Code Section 3262) from Contractor and all Subcontractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons conditionally waive all lien and stop notice rights against the Owner, the Project and the Project site with respect to the pending Sublease Prepayment to be made by the Owner, (ii) duly executed unconditional lien releases and waivers (in the form provided in California Civil Code Section 3262) from Contractor and all subcontractors, consultants and other persons retained by Contractor in connection with the Project, whereby such persons unconditionally and irrevocably waive all lien and stop notice rights against the Owner, the Project and the Project site with respect to all previous Sublease Prepayments made by the Owner, and (iii) any other items that Contractor may be required to collect and distribute to the Owner pursuant to the terms and provisions of the Contract. Contractor shall promptly pay all amounts due to each subcontractor, consultant and other person retained by Contractor in connection with the Project no later than 10 days after Contractor’s receipt of a Sublease Prepayment from the Owner.

(2) The determination of whether satisfactory progress of the construction pursuant to the Time Schedule has occurred shall be made by the Owner in accordance with the General Conditions. If the Owner determines that pursuant to the Time Schedule the work required to be performed, as stated in Contractor’s Sublease Prepayment request, has not been substantially completed, then Contractor shall not be eligible to receive the requested Sublease Prepayment.

(3) The Owner shall retain an amount equal to 5% of each Sublease Prepayment (“retention”) made at Contractor’s request. Contractor shall have the right, as delineated in the General Conditions, to substitute securities for any retention withheld by the Owner, pursuant to the provisions of Public Contract Code Section 22300. At any time after 50% of the work has been completed, if the Governing Board of the Owner finds that satisfactory progress is being made, then it may make any of the remaining Sublease Prepayments in full.

(a) If the Owner is not in default hereunder, the Owner shall be granted options to purchase not less than the entire Project in as-is condition. The Prepayment Price at any given time shall be an amount equal to the final GPC, as it may be revised from time to time, less the sum of any Sublease Payments and/or Sublease Prepayments made by the Owner prior to the date on which the Owner elects to exercise its option under this Section. The Owner may thereupon terminate this Sublease. Following the purchase option date, Owner shall retain all rights to any claim or warranty arising under the Contract.

Section 23. Release of Liens.

(a) Notwithstanding Section 22 hereof, upon the Owner executing a Certificate of Acceptance and filing a Notice of Completion on the Project, as such term is defined herein and in the General Conditions, Contractor or its assignee and the Owner shall release Contractor’s leasehold interest in the Project upon termination of the Financing Lease.

(b) Contractor shall authorize, execute, and deliver to the Owner all documents reasonably requested by the Owner to evidence (i) the release of any and all liens created pursuant to the provisions of this Sublease and the Site Lease, and (ii) any other documents required to terminate the Site Lease and this Sublease.

Section 24. Severability. If a court of competent jurisdiction shall hold any provision of this Sublease invalid or unenforceable, such holdings shall not invalidate or render unenforceable any other provision of this Sublease, unless elimination of such provision materially alters the rights and obligations embodied in this Sublease.

Section 25. Entire Agreement. This Sublease, the Site Lease, the Lease-Leaseback Agreement, and the Contract Documents that make up the “Contract” constitute the entire agreement between Contractor and the Owner, and it shall not be amended, altered, or changed except by a written agreement signed by the parties hereto.

Section 26. Notices. Any notices or filings required to be given or made under this Sublease shall be served, given, or made in writing upon the Owner or Contractor, as the case may be, by personal delivery or registered mail (with a copy sent via fax or regular mail) to the respective addresses given below, or at such address as such party may provide in writing from time to time.

LEAD-BASED MATERIALS CERTIFICATION

PROJECT/CONTRACT NO.: 0480-418, Sam Brannan/John Cabrillo Asphalt Paving/Playfields Renovation between Sacramento City Unified School District ("District") and _____ ("Contractor" or "Bidder") ("Contract" or "Project").

This certification provides notice to the Contractor that:

- (1) Contractor's work may disturb lead-containing building materials.
- (2) Contractor shall notify the District if any work may result in the disturbance of lead-containing building materials.
- (3) Contractor shall comply with the Renovation, Repair and Painting Rule, if lead-based paint is disturbed in a six-square-foot or greater area indoors or a 20-square-foot or greater area outdoors.

1. Lead as a Health Hazard

1. Lead poisoning is recognized as a serious environmental health hazard facing children today. Even at low levels of exposure, much lower than previously believed, lead can impair the development of a child's central nervous system, causing learning disabilities, and leading to serious behavioral problems. Lead enters the environment as tiny lead particles and lead dust disburse when paint chips, chalks, peels, wears away over time, or is otherwise disturbed. Ingestion of lead dust is the most common pathway of childhood poisoning; lead dust gets on a child's hands and toys and then into a child's mouth through common hand-to-mouth activity. Exposures may result from construction or remodeling activities that disturb lead paint, from ordinary wear and tear of windows and doors, or from friction on other surfaces.

2. Ordinary construction and renovation or repainting activities carried out without lead-safe work practices can disturb lead-based paint and create significant hazards. Improper removal practices, such as dry scraping, sanding, or water blasting painted surfaces, are likely to generate high volumes of lead dust.

3. Because the Contractor and its employees will be providing services for the District, and because the Contractor's work may disturb lead-containing building materials, CONTRACTOR IS HEREBY NOTIFIED of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1978 are presumed to contain some lead-based paint until sampling proves otherwise.

4. Overview of California Law

5. Education Code section 32240 et seq. is known as the Lead-Safe Schools Protection Act. Under this act, the Department of Health Services is to conduct a sample survey of schools in the State of California for the purpose of developing risk factors to predict lead contamination in public schools. (Ed. Code, § 32241.)

6. Any school that undertakes any action to abate existing risk factors for lead is required to utilize trained and state-certified contractors, inspectors, and workers. (Ed. Code, § 32243, subd. (b).) Moreover, lead-based paint, lead plumbing, and solders, or other potential sources of lead contamination, shall not be utilized in the construction of any new school facility or the modernization or renovation of any existing school facility. (Ed. Code, § 32244.)

7. Both the Federal Occupational Safety and Health Administration ("Fed/OSHA") and the California Division of Occupational Safety and Health ("Cal/OSHA") have implemented safety orders applicable to all construction work where a contractor's employee may be occupationally exposed to lead.

8. The OSHA Regulations apply to all construction work where a contractor's employee may be occupationally exposed to lead. The OSHA Regulations contain specific and detailed requirements imposed on contractors subject to that regulation. The OSHA Regulations define construction work as work for construction, alteration, and/or repair, including painting and decorating. It includes, but is not limited to, the following:

- a. Demolition or salvage of structures where lead or materials containing lead are present;
- b. Removal or encapsulation of materials containing lead;
- c. New construction, alteration, repair, or renovation of structures, substrates, or portions thereof, that contain lead, or materials containing lead;
- d. Installation of products containing lead;
- e. Lead contamination/emergency cleanup;
- f. Transportation, disposal, storage, or containment of lead or materials containing lead on the site or location at which construction activities are performed;
- g. Maintenance operations associated with the construction activities described in the subsection.

9. Because it is assumed by the District that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Contractor, its workers and subcontractors fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials (including title 8, California Code of Regulations, section 1532.1).

10. Contractor shall notify the District if any Work may result in the disturbance of lead-containing building materials. Any and all Work that may result in the disturbance of lead-containing building materials shall be coordinated through the District. A signed copy of this Certification shall be on file prior to beginning Work on the Project, along with all current insurance certificates.

11. Renovation, Repair and Painting Rule, Section 402(c)(3) of the Toxic Substances Control Act
 12. The EPA requires lead safe work practices to reduce exposure to lead hazards created by renovation, repair and painting activities that disturb lead-based paint. Pursuant to the Renovation, Repair and Painting Rule (RRP), renovations in homes, childcare facilities, and schools built prior to 1978 must be conducted by certified renovations firms, using renovators with training by a EPA-accredited training provider, and fully and adequately complying with all applicable laws, rules and regulations governing lead-based materials, including those rules and regulations appearing within title 40 of the Code of Federal Regulations as part 745 (40 CFR 745).
 13. The RRP requirements apply to all contractors who disturb lead-based paint in a six-square-foot or greater area indoors or a 20-square-foot or greater area outdoors. If a DPH-certified inspector or risk assessor determines that a home constructed before 1978 is lead-free, the federal certification is not required for anyone working on that particular building.
14. Contractor's Liability
 15. If the Contractor fails to comply with any applicable laws, rules, or regulations, and that failure results in a site or worker contamination, the Contractor will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify, and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom.
 16. If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses, and training shall conduct this Work.
 17. It shall be the responsibility of the Contractor to properly dispose of any and all waste products, including, but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of the Contractor to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.
 18. The Contractor shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Contractor.

THE CONTRACTOR HEREBY ACKNOWLEDGES, UNDER PENALTY OF PERJURY, THAT IT:

1. HAS RECEIVED NOTIFICATION OF POTENTIAL LEAD-BASED MATERIALS ON THE OWNER'S PROPERTY;
2. IS KNOWLEDGEABLE REGARDING AND WILL COMPLY WITH ALL APPLICABLE LAWS, RULES, AND REGULATIONS GOVERNING WORK WITH, AND DISPOSAL, OF LEAD.

THE UNDERSIGNED WARRANTS THAT HE/SHE HAS THE AUTHORITY TO SIGN ON BEHALF OF AND BIND THE CONTRACTOR. THE DISTRICT MAY REQUIRE PROOF OF SUCH AUTHORITY.
