I. INTRODUCTION

The Sacramento City Unified School District (hereinafter "District") is seeking Statements of Qualifications ("SOQs") from qualified firms and individuals to act as Inspectors of Record (IORs) for the District's current and future Bond construction projects.

It is the intent of this Request for Statement of Qualifications (RFQ) process, and the documents required herewith, to assist the District in determining qualification prior to the submission of proposals for various projects. However, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude the District from determining whether a firm or individual has the quality, fitness, capacity, and experience to satisfactorily perform the proposed inspections, and has demonstrated the requisite trustworthiness, after it has already pre-qualified. District reserves the right to reject any proposals, to contract for Inspector of Record with whomever and in whatever manner, to abandon a project entirely, and/or to waive any informality in receiving proposals. Before a contract is awarded, the District may require further evidence of reasonable qualifications to perform the proposed work.

Background:

The Sacramento City Unified School District is an urban district with an enrollment exceeding 40,000 students in 77 Pre-K through Adult schools. The District covers 75 square miles. Its buildings comprise over 6.5 million square feet of traditional school buildings, portable classrooms, and administrative offices. It is governed by an elected board of seven members who serve four-year terms, and is staffed by over 3,000 teaching, support, and administrative employees.

II. GENERAL INSTRUCTIONS

Interested firms are required to submit one original, signed response, and five (5) additional hard copies. Statements of Qualifications are limited to 30 pages, including the requirements described below, but excluding cover and index tabs. The response shall be made in the format provided and the complete response, together with any and all additional materials, shall be enclosed in a sealed envelope addressed and delivered no later than 4:30 p.m. on Tuesday, December 3, 2019 to the following address:

Sacramento City Unified School District
Contracts Office

It is the respondent's sole responsibility to ensure that their response is received prior to the scheduled closing time for receipt of Statement of Qualifications. No corrected or resubmitted responses will be accepted after the deadline.

This Request for Statement of Qualifications does not commit the Sacramento City Unified School District to award a contract or pay any costs incurred in the preparation of a response to this request. The District reserves the right to accept all or part of any responses or to cancel in part or in its entirety this Request for

Statement of Qualifications. The District further reserves the right to accept the response that it considers to be in the best interest of the District.

All requirements must be addressed in your response. All responses, whether selected or rejected, shall become the property of the District. Firms are responsible for checking the website periodically for any updates or revisions to the RFQ.

Continuous inspection means complete inspection of every part of the work to insure a workmanlike job is constructed in conformity with the contract documents, all applicable requirements of the DSA and all applicable federal and state laws and local ordinances.

CONTRACTOR CERTIFICATION

Fingerprinting: Education Code section 45125.1 provides that any contractor providing school site administrative or similar services to a school district must certify that its employees providing that service who may come into contact with pupils have not been convicted of a serious or violent felony as defined by law. Those employees must be fingerprinted and the Department of Justice must report to the Contractor if they have been convicted of such felonies. No person convicted may be assigned to work under the Agreement. The school district may determine, under the totality of circumstances including (1) the length of time the employees will be on school grounds, (2) whether pupils will be in proximity of the site where the employees will be working and (3) whether the contractors will be working alone or with others, that the employees will have only limited contact with pupils and neither fingerprinting nor certification is required.

The District has determined that section 45125.1 is applicable to this Agreement. The District has also determined that the employees assigned to work at a school site under this Agreement will have only limited contact with pupils, provided the following conditions are met at all times:

1. Contractor employees shall not come into contact with pupils or work in the proximity of pupils at any time except under the direct supervision of school district employees.
2. Contractor employees shall use only restroom facilities reserved for District employees and shall not use student restrooms at any time.
3. Contractor will inform all of its employees who perform work at any school or District site of these conditions and require its employees, as a condition of employment, to adhere to them.
4. Contractor will immediately report to District any apparent violation of these conditions.
5. Contractor shall assume responsibility for enforcement of these conditions at all times during the term of this Agreement.

If, for any reason, Contractor cannot adhere to the conditions stated above, Contractor shall so inform the District and shall assign only those employees who have been fingerprinted and cleared for employment by the Department of Justice. In that case, Contractor shall provide to the District the names of all employees assigned to perform work under this Agreement.

Compliance with these conditions, or with the fingerprinting requirements, is a condition of this Agreement, and the District reserves the right to terminate the Agreement at any time for noncompliance.
