INDEPENDENT AUDITOR'S REPORT

Board of Education
Sacramento City Unified School District
Sacramento, California

We have conducted a performance audit of the Sacramento City Unified School District (the "District") Measure Q General Obligation Bond funds for the year ended June 30, 2018.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 6 of this report which includes determining the compliance with the performance requirements for the Proposition 39 Measure Q General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for Sacramento City Unified School District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of Sacramento City Unified School District to determine the audit procedures that are appropriate for the purpose of providing a conclusion on the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express any assurance on the internal control.

The results of our procedures indicated that, in all significant respects, Sacramento City Unified School District expended Measure Q General Obligation Bond funds for the year ended June 30, 2018 only for the specific projects developed by the District's Governing Board and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

SCOPE

The District provided to us a list of all Measure Q General Obligation Bond projects and specific expenditures for the year ended June 30, 2018 (the "List"). A total of \$30,662,421 in expenditures and \$6,350,137 in transfers to Measure R from July 1, 2017 through June 30, 2018 were identified.

METHODOLOGY

We performed the following procedures to the List of Measure Q General Obligation Bond project expenditures for the year ended June 30, 2018:

- Verified the mathematical accuracy of the expenditures list.
- Reconciled the list to total bond expenditures as reported by the District to the District's audited financial statements for the year ended June 30, 2018, presented as part of the Building Fund.
- Selected a sample of expenditures and transfers totaling \$21,578,658. The sample was selected to provide a representation across specific construction projects, vendors and expenditure amounts. The sample represented 58% of the total expenditure value. Verified that the funds were generally expended for the construction, renovation, furnishing, and equipping of school facilities constituting authorized bond projects.
