

SACRAMENTO CITY UNIFIED SCHOOL DISTRICT
Position Description

TITLE:	Special Education Applications Specialist	CLASSIFICATION:	Classified Non-Management (SEIU/Office-Technical)
SERIES:	None	FLSA:	Non-Exempt
JOB CLASS CODE:	9674	WORK YEAR:	12 Months
DEPARTMENT:	Special Education	SALARY:	Range 55 Salary Schedule C
REPORTS TO:	Assigned Supervisor	BOARD APPROVAL:	06-17-04
		HR REVISION:	04-27-12

BASIC FUNCTION:

Perform difficult and complex technical duties related to the analysis, development, implementation, testing, and maintenance of the special education department databases; make modifications to special education database software as necessary; ensure application system quality through compliance with various district, state, and federal technical standards and/or requirements.

REPRESENTATIVE DUTIES: (Incumbents may perform any combination of the essential functions shown below [E]. This position description is not intended to be an exhaustive list of all duties, knowledge, or abilities associated with this classification, but is intended to accurately reflect the principle job elements.)

Maintain department database software for storage of electronic special education student records; oversee the creation and maintenance of the department's electronic filing system; maintain and update out-of-district special education placements; purge files of inactive cases. **E**

Develop, prepare, and audit a variety of reports, records, and statistical data regarding Special Education Local Plan Administrator (SELPA) activities and student enrollment. **E**

Collect, compile, and manage data for department, district, state, or federal reports; monitor the timelines for all federal and state reports; maintain confidential records that serve as a basis for reimbursement of costs for the department. **E**

Act as a liaison with other State of California SELPA's regarding California Special Education Management Information System (CASEMIS) reporting and other data information. **E**

Maintain and update Management Information System Procedural Handbook, charts, and tables; perform necessary back-ups of the department's special education student data files. **E**

Oversee and review input to department databases, and train data entry staff; receive documents from special education school sites and central office staff for processing; code and check source documents for accuracy, completeness, and for compliance with department, district, state, and federal procedures. **E**

Create, maintain, and update management information system coding tables; assist in solving data processing problems; provide training to staff on forms and procedures. **E**

Coordinate computer technology needs, and act as a liaison between the Special Education Department, Technology Services Department, and outside vendors. **E**

Assist in the identification of areas that may benefit from improvement; perform part of the analysis to develop improvement strategies, and then implement part of those strategies in a team environment. **E**

Extract data from the department database, highlight trends/changes, and provide information to the administrator and programs specialists to determine action. **E**

Assist in the installation and maintenance of the special education microcomputers and terminals, including peripherals and software installation; plan system installations, and recommend equipment replacement and purchases; lift light objects; operate a vehicle to conduct work. **E**

Perform various end-user support activities that may include providing up-to-date information to the end-user on the effective use of computer resources and training users on standard software applications. **E**

Serve as the point of contact for Special Education Department staff that need assistance with their desktop computer or related hardware and software; troubleshoot and resolve the most common technical problems; dispatch Technology Services staff if the problem requires a more advanced knowledge of a particular area. **E**

Develop and maintain technical expertise in the application software that supports the special education management information system. **E**

Work with school improvement initiatives that close student achievement gaps between racial, ethnic, and economic groups by working with all of the diverse communities. **E**

Perform related duties as assigned.
