

Sign up for the Civic Knowledge and Action Project!

Hello!

The Council of Great City Schools and College Board are excited to announce the [Civic Knowledge and Action Project](#)! Through a collaboration with [DoSomething.org](#), a nonpartisan nonprofit focused on youth-led volunteering initiatives, we're making it simple for schools that offer *AP U.S. Government and Politics* and *AP with WE Service* to help students participate in the real-world application of their course content by leading voter registration drives in their schools and promoting census participation in their communities.

All content is nonpartisan and will help meet course-specific curricular requirements. Teachers can click the following link to [register for the Civic Knowledge and Action Project](#).

WHAT IS PROVIDED:

- An optional lesson plan and two project outlines created by the AP Program to teachers integrate voting and the Census their classroom. The materials are posted on [AP Central](#), in the section labeled, *Resources from Civic Knowledge and Action Project*.
- A free voter registration toolkit and online student webinars provided by DoSomething that includes everything students need to run a local nonpartisan voter registration drive. After signing up, DoSomething will mail the voter registration toolkit to your school.
- Materials created by the [U.S. Census Bureau](#) to help students lead census participation efforts.

TAKE 2-MINUTES TO COMPELTE THE STEPS BELOW:

- If you would like a list of schools in your district that have AP U.S. Government and Politics, please request a list by contacting CivicActionProject@collegeboard.org. In your email, please include your school district, city and state.
- Share this opportunity with your principals in your school districts via email and/or during relevant district meetings. Teachers can use link above to register on the DoSomething site or click: <http://www.dosomething.org/startteacher3>.

Thank you,

CGCS + College Board
