Workers' Compensation Insurance and Liability Coverage

- Transitional Work Experience students in non-paid training situations are covered for workers' compensation by the District.
- Special Day Class students in the Work Experience Education program are covered for workers' compensation by the District.
- WorkAbility students are covered for workers' compensation by the District until student is hired by the employer.
- Students in paid employment are not covered by the District but covered by the employer's workers' compensation.
- The District carries comprehensive general liability coverage which covers the District and its employees.

NOTE: In the event of an incident, please fill out the Report of Incident or Student Accident Report Form (RSK-F103A).
